Peer Review Committee Evaluation

As described in the UNCSA Faculty Manual, Section 8.1. Regulations on Faculty Employment, the Peer Review Committee reviews the candidate's performance and makes a recommendation concerning rank promotion. The Peer Review Committee's written assessment and recommendation for rank promotion will be entered into the evaluation file and reviewed by the candidate according to the established schedule and procedures.

The Peer Review Committee will upload the Peer Review Committee Evaluation & Recommendation for Rank Promotion to Interfolio RPT by **October 28** for the Dean's review.

The Peer Review Committee will provide a narrative evaluation that reflects the extent to which the candidate is achieving engaged and sustained work. This evaluation should include:

- The three areas of evaluative criteria: creative activity/research, service, and teaching. The committee should indicate its assessment of the faculty member in each area using the Guidelines for Reviewers of Rank Promotion Application and Definitions & Sample Criteria for ESP Rank Promotion for guidance.
- Peer Review Committee members' classroom observations (e.g. classroom, studio, lab)
- Student course evaluations for each year under review.
- Observations derived from syllabi and the teaching comments section of the annual evaluations

The committee will consider all materials contained in the candidate's Rank Promotion Packet.

Observations of Work

The Peer Review Committee must observe the candidate's work (teaching and related activities). Each committee member should observe the candidate a minimum of two classes. This may include classroom or studio visits, or any other appropriate means of direct observation. The visitor should be as unobtrusive as possible at all time
