BIDDING QUESTIONS AND RESPONSES

- I. **Question:** *“Now this is an SCO project and there are no electrical plans, but it does have to remove and replace electrical items. It only looks like some outlets and switches from what I can tell. In the pictures, it has romex in the walls. Are we to go back with the same thing we remove?”*

Response: All electrical wiring and components that are removed are to be replaced with in-kind materials as indicated on the Documents Sheet A101, New Work Keynote No. 5.
