PROJECT DESCRIPTION: A renovation to the existing 1920s Stevens Center, a historic performing arts center. Work includes exterior improvements to the skin (roofing, masonry/terra cotta, windows and entrances); Interior work includes demo & reno of existing Lobby areas and back-of-house spaces (including structural, finishes and FP/PM&E modifications).

Historically underutilized and minority business participation is strongly encouraged. Frank L. Blum Construction and WC Construction have a long-standing commitment to maximize minority and other HUB participation on all of our projects, and we recognize the importance UNCSA places on minority and HUB participation for all of their projects.

Please RSVP to Sarah Neblett at sarah.neblett@flblum.com if attending in person.
