2022 Tobacco Attestation Credit Information

This action is **ONLY** for tobacco users who want to reduce their monthly premium by \$60 per month in 2022. If you are **NOT** a tobacco user, simply attest to that online during Open Enrollment.

Starting July 1, 2021, tobacco users can attend a tobacco cessation counseling session at a **CVS MinuteClinic or Primary Care Provider's office** for FREE to earn a lower premium for 2022!

Simple Steps:

- **Print this page out and provide to your provider to ensure they bill your visit correctly.** Please note: If you combine your tobacco cessation visit with another service or is not considered a preventive service, there may be a copay.
- **You will need to verify if your Primary Care Provider offers cessation services (some do not).**
- Providers must use the following code for the visit for this purpose: 99406 and 99407

You have until November 30, 2021 to complete one tobacco cessation session!

Save the Date for 2022 Open Enrollment: Oct. 11-29, 2020
