

The University of NC School of the Arts Health Services has a very close working relationship with Wake Forest Medical Center. We refer to their pediatric emergency room and if your student is referred to the Medical Center for specialist care, we will provide them with a copy of the appropriate medical records. In turn, we may utilize the last 4 digits of your student's social security number to access their medical records from Wake Forest Medical Center so that we can provide appropriate follow-up and care on their return to campus.

Please sign below to acknowledge your agreement with the utilization of the last 4 digits of their social security number to access these medical records if needed.

Student's name _____ *(please print clearly)*

Date of Birth _____

Parent/guardian signature _____

Date _____
