       ▪ Payroll was completed this week and with the new system time spent was 1 and ½ days. In the past it normally took 3-4 days.
       ▪ Next employees to go live with electronic timesheets will be EPA Exempt
       ▪ Still working on Campus Police electronic timesheets because of the length of shifts.
       ▪ By May 2013 all employees will be entering in time using the electronic timesheets
         • It will be important to enter in time correctly as HR will not see the timesheets. The timesheets will feed directly to Payroll. In the past HR has corrected any mistakes but no longer.
       ▪ Paper timesheets will still need to be sent to HR
       ▪ Training will be conducted for all employees.
       ▪ All employees will have to complete his/her own timesheet, no one else will be able to complete a timesheet for another employee. This includes Facilities/Housekeeping.
       ▪ New hires will only be allowed to start the first of the month
         • The new leave system controls this
