IV. General Session

A. Old Business –
Bill Huesman expressed a continuing concern about IV d. in the May minutes. There are still issues of employees not able to attend Council meetings or serve as representatives. The question was raised, “is a campus-wide staff council mandated for each University?” The wording of the establishment of state-wide staff councils was reviewed and discussed. It did not appear to be clearly mandated, but strongly encouraged. Tom Ross has not publicly addressed the issue.

Staff Council discussed gaining the ear of the Administration at UNCSA. Jim DeCristo was present and identified himself as the liaison to the Administration and offered to carry issues to the Administration. However, he also pointed out that the Staff Council reports directly to George Burnette and can address issues directly or the Chair may (is expected to) attend the Executive Council every Monday at 3pm.

The Staff Council also has the opportunity to call a meeting with George and the EC before the entire membership once a year.

Jennifer Wells expressed concern regarding morale on campus. She is interested in how the Council could make the workplace more open and welcoming; and encouraged staff to help each other. She noted a current climate of fear in speaking up – fear of losing jobs.

Jim DeCristo offered several options to keep in mind for personnel issues. Address issue first with immediate supervisor. An issue may also be presented to Staff Council. Human Resources can assist employees with a grievance, including guiding them through the official channels of the grievance policy. At the extreme is our internal auditor (contracted with WSSU) which would be a neutral party to hear a complaint or grievance of serious or potentially criminal nature.

Bill Huesman suggested we create and adopt an action plan to take the Staff Council attendance issue to EC.

B. New Business –

   i. Employee Appreciation Day will be postponed to the spring.

   ii. There will be no Chocolate Festival this year.

V. Adjournment
