Navigating Your Phone

Line Buttons
Line buttons are located on the left side of the phone screen. Buttons that are not assigned to phone lines can be used for speed-dials and other features.

Session Buttons
Session buttons are used to perform tasks such as answering a call, resuming a held call, or initiating phone functions, such as displaying missed calls. Each call on your phone is associated to a session button. Session buttons are located on the right side of the phone screen.

Softkeys
Softkeys are feature buttons that dynamically change to reflect your current options. Four softkey buttons are located below the phone screen. You can press the More softkey when available to reveal additional softkeys.

Scrolling
To scroll through a menu or list, press up, down, left or right on the four-way Navigation cluster.

A scroll bar on the screen indicates your relative position within a list.

Dialing
To place a call, pick up the handset and enter a number, or try one of these alternatives.

Redial Last Number
Press Redial to redial your primary line. To redial on another line, press the desired line button first.

Dial On-Hook
1. Enter a number when the phone is idle.
2. Lift the handset or press Call, Headset, Speakerphone, or Select.

Speed Dial
Enter a speed-dial item number and press SpeedDial. You may also have speed dials assigned to some buttons along the left side of your phone.

Answering
New calls display in these ways:

- A flashing amber line button
- An animated icon  and caller ID
- A flashing red light on your handset

To answer the call, lift the handset. Or, press the flashing amber session button, Answer, the unlit Headset button, or the Speakerphone button.
