Dear Campus Community,

On behalf of the UNC School of the Arts Police and Public Safety Department, I welcome you to our campus. The Annual Security and Fire Safety Report is now online.

I hope you take the time to fully review the contents of this document as it will provide you critical information about services and policies in place to help ensure a safe and secure environment for our community.

Included in this report is a summary of crime statistics for the three previous calendar years of reported crimes that occurred on campus; on public property within, or immediately adjacent to and accessible from campus; and in certain off-campus buildings or property owned or controlled by UNCSA. The release of this information is required by a federal law known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or: The Clery Act.

If you would like to receive a paper copy of this report, you may stop by the UNCSA Police and Public Safety Department located on the UNCSA campus (2010 Kenan Drive, Winston-Salem, NC 27127) or you may request that a copy be emailed to you by calling (336) 770-3321.

While we provide opportunities to educate the community about safety and work to prevent crime from happening, incidents do occur. This information is included not to alarm, but to inform you about what has happened here. Please take an active role in community safety by following these steps:

- Lock your residences and offices when you leave.
- Secure your property when it will be out of your sight, particularly items left in vehicles.
- Be cautious of individuals you have just met.
- Call in suspicious behavior as soon as possible: 336-770-3362 for UNCSA Police and 911 for the city/sheriff.
- When going out at night, travel with friends or use the Safety Escort Program.
- Be aware of campus emergency call boxes and how to use them.
- Use a “buddy system” when traveling off campus to ensure someone always knows where you are and when you should be expected to return.
- Don’t prop doors or otherwise allow strangers through secured doors. Don’t let people into residence halls or other protected locations unless you know them.
- Get to know the UNCSA Police personnel and don’t hesitate to reach out with suggestions, questions or concerns.

Although statistics reflect a low crime rate, it is important to remember that our campus is not immune from criminal activity. It is important to develop a safety mindset that will not only serve you here, but also as you move on into the world.

It is an honor to be your Chief of Police, and I can sincerely state that all our personnel are ready to serve. Please feel free to contact the police department at 336-770-3321 with any questions.

Chief Frank Brinkley

Policies for Preparing the Annual Security Report

The University prepares this report to comply with The Jean Clery Disclosure of Campus Security Police and Campus Crime Statistics Act (the Clery Act). This report is prepared by the UNCSA Police Department in collaboration with other UNCSA campus partners, including the Division of Institutional Integrity, Title IX Office, Student Affairs, Department of Housing and Residence Life, and other University offices.

This report provides statistics for the previous three years concerning reported crimes that occurred on UNCSA campus and certain off-campus buildings or property owned, leased, or controlled by UNCSA. This report’s crime statistics for property owned or controlled by the institution are gathered from Campus Security Authorities, the UNCSA Police Department, and other local police departments (including Winston-Salem Police Department and Forsyth County Sheriff’s Department).

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community.

Anyone, including prospective students and employees, may obtain a copy of this report by contacting the UNCSA Police at 336-770-3321 or visit their website.

Reporting Crimes or Other Emergencies

The UNCSA Police Mission Statement is to contribute to and promote the greater mission of the University of North Carolina School of the Arts by facilitating a safe, secure and service-oriented environment for all students, faculty, staff, alumni, stakeholders and general visitors to the UNCSA campus and off-campus facilities.

Therefore, it is critical that all crimes, serious incidents, and other emergencies that occur on campus be immediately reported to the UNCSA Police Department at 336-770-3362. This helps ensure that incidents are properly investigated and that appropriate follow-up actions are taken, such as issuing a timely warning or emergency notification if necessary. If crimes are never reported, little can be done to help other members of the community from becoming victims.

We encourage the University community to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

The University has a number of ways for community members and visitors to report incidents to the appropriate officials:

Reporting to UNCSA Police

We encourage all members of the University community to report all crimes and other emergencies to the UNCSA Police in a timely manner. Though there are many resources available, the UNCSA Police should be notified of any crime, whether or not an investigation continues, to assure the University can assess any and all security concerns and inform the community if there is a significant or ongoing threat to the campus. UNCSA Police may be reached by the following means:
Communications Center (available by phone 24 hours a day, 7 days a week): 336-770-3362 or dial 55 from an on-campus phone line (emergency); or 336-770-3321 (non-emergency).

Online: Submit an online form (non-emergency).

In Person: Look for an officer on patrol throughout campus or visit 2010 Kenan Drive, near the Chapel Street entrance to campus. Officers are on duty 24 hours a day, 7 days a week.

Emergency Phones: UNCSA has installed emergency phones throughout the campus. Phones are located in public areas of buildings, including elevators, residence halls, administration buildings, and also numerous outdoor locations. Emergency phones provide direct voice communication to the UNCSA Police Communications Center.

Blue Light Emergency Call Boxes: There are approximately 35 direct-line call boxes located across campus to make obtaining assistance convenient and easy to find. These “blue-light” fixtures reflect the University’s commitment to a greater level of personal security for all students, employees, and visitors.

Call boxes require only the push of a button to contact Public Safety Officers through a speakerphone. A bright strobe light on the top of the call box is set off when the button is pushed, helping police quickly locate the caller. If the caller is unable to speak or needs to seek safer shelter, there are indicators in place to let police dispatchers know which call box has been activated. Public Safety Officers will respond quickly any time a call box is activated, whether someone speaks into it or not.

A quick button press can make the difference in solving or preventing a crime. In addition, callers should also use them to report simple suspicious activities that may warrant immediate police attention. It is recommended that all members of the campus community should study the locations that are along their regular routes of campus travel so they will know how to find the closest call box in an emergency. Regular maintenance of the campus call boxes is performed.

Voluntary and Mostly Confidential Reporting: If you are a victim or a witness of a crime and do not want to pursue action within the University or criminal justice system, your report will remain mostly confidential. This means that notification will be limited to only those required (i.e. Chief Compliance Officer, Dean of Students, and UNCSA Police).

Victims can remain mostly confidential when reporting to UNCSA Police or other Campus Security Authorities. You can file a report while maintaining your confidentiality by not disclosing your personally identifying information. The purpose of a confidential report is to share information with the University to ensure your safety and the safety of others, while also allowing for accurate records to be compiled on the number and types of incidents occurring on campus, excluding anonymous or third party reports. Anonymous reports are submitted by an unknown source; third party reports are submitted by someone other than the victim or a witness.

Reports filed voluntarily and confidentially are counted and disclosed in the Annual Security and Fire Safety Report.

Anonymous reports may be made by calling UNCSA Police at 336-770-1414 or by filing a report online at the department’s website.
**Reporting to Campus Security Authorities**

While it is encouraged that all University community members and visitors promptly report all crimes and other emergencies directly to the UNCSA Police, it is also recognized that some may prefer to report to other University officials or offices.

The Clery Act recognizes certain University officials and offices as “Campus Security Authorities”, otherwise known as CSAs. The Clery Act defines these individuals as an “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

CSAs include, among others: Academic Deans and Associate Deans; Headmaster and Dean of High School Academics and Associate Dean of High School Academics; the Vice Provost & Dean of Student Affairs and Associate Dean of Student Affairs; Senior Associate Director of Residence Life Programs & Housing; Resident Advisors (RAs); Student Support Team staff; and the Associate Director for Housing Operations.

While the University has identified several CSAs, we have designated the following offices as places where University community members should report crimes:

- **UNCSA Police Department**: 2010 Kenan Drive  
  336-770-3362 or 55 (emergency) | 336-770-3321 (non-emergency)

- **Division of Student Affairs**: Hanes Student Commons, 1821 Kenan Drive  
  336-770-3275

- **Residence Life Programs & Housing**: Hanes Student Commons, 1821 Kenan Drive  
  336-770-3280

- **Office of Human Resources**: Administration Annex Building, 1655 Ehle Drive  
  336-414-7529

- **Title IX Office**: Library, Room 2110  
  336-932-3917

- **Health Services**: Hanes Student Commons, 1821 Kenan Drive  
  336-770-3288

**Pastoral and Professional Counselors**: According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by the University to serve in a counseling role are not considered CSAs when they are acting in the counseling role.

UNCSA does not employ pastoral counselors. The University encourages professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

The Counseling Center is housed in the Hanes Student Commons Building, located at 1821 Kenan Drive or by phone at **336-770-3288**. To learn more about the Counseling Center, visit their [website](#).
**Personal Responsibility:** UNCSA is a great place to live, learn, and serve; however, this does not mean that the University community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, UNCSA has taken progressive measures to create and maintain a reasonably safe environment on campus. Though the University is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

**Reporting to the Office of Student Conduct**

Reports regarding an individual’s conduct or concerns about their wellbeing may also be submitted to Student Conduct or Case Management: [www.uncsa.edu/concernreport](http://www.uncsa.edu/concernreport)

**Reporting to the Title IX Office**

Reports regarding sexual misconduct, sex or gender based discrimination or harassment, dating and domestic violence, stalking, or other related concerns can be reported online here: [https://uncsa.protocall.info/incident-report](https://uncsa.protocall.info/incident-report)

---

**Physical Security and Access to University Facilities**

UNCSA is committed to campus safety and security. UNCSA Police officers patrol the campus 24 hours-a-day, 7 days-a-week on foot, in a vehicle or on a bicycle. If there is an increased threat in a particular area due to recent crime or suspicious activity, officers may conduct extra directed patrol of that area in addition to their regular patrol with specific instructions on what activity or person(s) to look for while patrolling.

Officers not only patrol outside buildings, but also actively walk inside buildings on campus to physically check on the safety of persons and the security of restricted access areas. The UNCSA campus is generally “open” to students, faculty, staff, and legitimate visitors on a daily basis.

Legitimate visitors include individuals that justifiably visit people who work, study, or perform here; reasonably tour the campus; attend performances or other events open to the public; properly utilize campus facilities and services that are open for public use; attend a non-UNCSA scheduled meeting, class, performance, rehearsal, training session, or other event conducted on campus as a contractual arrangement with UNCSA; walk or drive purposefully across the campus to get directly from one place to another.

Visitors to campus are not allowed into restricted access rooms/buildings (such as classroom buildings, residence halls or practice rooms) except as allowed by authorized UNCSA personnel.

**Residence Hall Access**

All exterior doors to the residence halls are locked 24 hours a day and operate under a computerized Access Control System that require programmed identification cards. Identification cards are coded so that only students who are residents in a particular hall are allowed electronic access entry to that hall between the hours of 12 midnight until 7am each day. During these times, the system denies entry to all unauthorized persons.

When a door is malfunctioning, personnel are called for repair immediately. Students can report maintenance issues during normal office hours to the Residence Life Programs and Housing Office located in Kenan Life
Student Engagement Suite in the Hanes Student Commons Building at 1821 Kenan Drive or by calling 336-770-3280. For emergency maintenance issues after 5pm or on weekends, call UNCSA Police for assistance.

All University community members are encouraged to lock all doors and windows when possible. All residence hall and apartment exterior doors are equipped with locks and with crash bars to ensure a quick emergency exit.

Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident’s responsibility to ensure that their guest is aware of the University and Residence Hall policies. Guests are not provided with room keys or door access cards and must be escorted by a resident of the building at all times. It is the responsibility of residents and staff members to report individuals who cannot be identified as residents or guests of residents.

When UNCSA Police receives a report of an unescorted person in a residence hall, a police officer is dispatched to identify that person. UNCSA Police personnel also conduct regular checks of residence hall areas.

**Maintenance of Campus Facilities**

Exterior lighting and landscaping considerations are a critical part of that UNCSA’s commitment to campus security. Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and the landscape is appropriate. UNCSA Police also conduct routine checks of lighting on campus during regularly assigned patrol duties.

If lights on campus are out or dim, the UNCSA Police will initiate a work order, which is acted upon by a representative of the appropriate maintenance office. We encourage community members to report any deficiency in lighting to UNCSA Facilities Management at 336-770-3323.

UNCSA Police and representatives from the University Facilities Management Office work together to identify any inoperative locking mechanisms. We encourage community members to promptly report security concerns, including concerns about locking mechanisms, to the Facilities Management Office at 336-770-3323 or to the UNCSA Police at 336-770-3321.

---

**Campus Law Enforcement**

All UNCSA Police officers are commissioned under the North Carolina General Statutes § 115D-21.1 and § 116-40.5. UNCSA Police officers have the full range of police authorities granted to municipal law enforcement officers and receive the same level of training as county and municipal officers.

As sworn law enforcement officers, members of UNCSA Police are authorized to carry firearms, and under North Carolina law have the power to make arrests and conduct investigations for crimes that occur on the property owned or under the control of the University.

The UNCSA Police Department is comprised of:

- 16 Police Officers
- 6 Telecommunicators
- 1 Emergency Management Coordinator
- 1 Administrative Assistant
Working Relationship with Local, State, and Federal Law Enforcement Agencies

The UNCSA Police Department has a mutual aid agreement with the City of Winston-Salem that extends our jurisdiction throughout the city when responding to a request for assistance from them. UNCSA Police work closely with local, state, and federal agencies and may enter into a joint investigation, as deemed necessary to provide safety and security for the community. There is an agreement that the Winston-Salem and UNCSA Police Departments will work Sexual Assault investigations jointly with the city police taking the lead; all other criminal offenses will be investigated by UNCSA Police.

The UNCSA Police maintains a cooperative relationship with surrounding law enforcement agencies. This includes intraoperative radio capabilities, sharing of police database records, training programs, special events coordination, critical incident response, and investigation of serious incidents.

UNCSA Police participates in cooperative and mutual aid agreement with the Winston Salem Police Department. This agreement authorizes both agencies to request cooperative or mutual aid support for incidents that require additional resources. The agreements also allow for joint training and cooperation on other matters of shared interest.

Crimes Involving Student Organizations at Off-Campus Locations: The University requires all recognized student organizations to comply with federal, state, and local laws, and UNCSA policies. UNCSA may become involved in the off campus conduct of recognized student organizations when such conduct is determined to affect the interests of the University. UNCSA relies on its close working relationships with local law enforcement agencies to receive information about incidents involving students and recognized organizations, on and off campus.

In coordination with local law enforcement agencies, the UNCSA Police will actively investigate certain crimes occurring on or near campus. If the UNCSA Police learns of criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency to forward information about the situation to the Vice Provost and Dean of Student Affairs and the Office of Student Conduct, as appropriate.

Student misconduct which jeopardizes the University, the integrity of the University, or any member of the University community (equivalent to a Major Infraction) will be subject to the Student Code of Conduct. In addition, misconduct on any officially sponsored University activity will be subject to the Code, regardless of whether there has been any action by external legal authorities. Instances of student misconduct on or off campus may or may not also constitute a violation of state or federal law. A student who is or has been prosecuted in a civil court for a violation of law may be subject to University jurisdiction for the same offense. The Associate Director of Student Conduct or designee shall determine whether an incident off-campus affects University interests and thus falls within the scope of the Code.

With the exception of Major Infractions as noted above, students under the jurisdiction of their parents or off campus while on break are not subject to adjudication under the Code.

Please refer to the Student Code of Conduct online for more information.

Off Campus Crime and Suspicious Situations: Crimes and suspicious activities that are committed off campus should be reported to the local law enforcement agency for the specific location.

- For emergency situations, call 911.
• For non-emergency reports in Winston Salem, call 336-773-7700.
• For non-emergency reports in other locations, check the local law enforcement’s website or available resources for the best possible contact number.

UNCSA Police can assist in contacting other law enforcement agencies if the situation is not urgent. For crimes or suspicious activities that occur within Winston-Salem, UNCSA Police can contact the Winston-Salem Police Department and request an officer respond to our campus to take the report.

---

**Timely Warning Notifications**

UNCSA Police will issue a Crime Alert to members of the UNCSA community when a Clery Act crime or other crime involving serious bodily injury or the threat of serious bodily injury is committed, the suspect is still at-large, and there is a serious risk of harm to community members.

This is an effort to provide timely notice to the campus community should an incident (either on or off campus) constitutes an ongoing or continuing threat to the University community. The decision of whether an incident constitutes an ongoing threat and whether to issue a Crime Alert is made by the Chief of Police or designee.

A Crime Alert will be issued by UNCSA Police through the University emergency notification system (UNCSA ALERT) to students, faculty, and staff. The UNCSA Alert system distributes notifications through phone messages (including recorded voice/text-to-speech messages), emails, text messages, and messages to UNCSA’s social media accounts.

If available, the Crime Alert will provide details of the crime, a description of the suspect, and information that will aid in the prevention of similar incidents, including safety information and protective steps. The Crime Alert may be updated when new or more accurate information becomes available.

UNCSA Police may omit some information from the timely warning if providing it could identify the victim or compromise law enforcement efforts to respond. Victims can remain “mostly confidential” when reporting. Mostly confidential means that notification will be limited to only those required (i.e. Title IX Coordinator, Dean of Students, and UNCSA Police). Victims can remain mostly confidential when reporting to UNCSA Police or other Campus Security Authorities.

Crime Alerts will be issued when the pertinent information is available and the following criteria are met:

- One or more Clery Act crime is reported, including (but not limited to): criminal homicide (including murder and manslaughter), sex offences (including rape, fondling, incest, and statutory rape), aggravated assault, burglary, robbery, motor vehicle theft, and major incidents of arson;
- The crime is reported by the victim to a CSA or local/state/federal law enforcement agency that forwards the information to the UNCSA Police for evaluation and dissemination;
- The crime occurs within the University’s Clery Geography;
- The perpetrator has not been apprehended;
- The University determines that the incident represents an ongoing threat to the campus community;
• There is a substantial risk to the physical safety of other members of the campus community because of the crime; or
• The crime represents a pattern that has occurred two or more times within a specific area or period of time.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate and/or continuing threat to the community, the UNCSA Police may issue an emergency notification in lieu of a timely warning. Emergency notifications are covered in a separate policy that addresses a broader range of incidents and requires a greater urgency than timely warnings.

All available information known at the time will be taken into consideration when evaluating the need for a timely warning. Those considerations include, but are not limited to:
• The nature and seriousness of the crime;
• When and where the incident occurred;
• When it was reported;
• The duration of time between the occurrence and the report;
• The relationship between the victim and perpetrator;
• The patterns or trends of other incidents;
• The continuing danger to the campus community; and
• The risk of compromising law enforcement efforts or identifying the victim.

Although each case will be evaluated on an individual basis, timely warnings will not be issued when:
• A report is filed more than 7 days after the date of the alleged incident;
• A report is filed anonymously or by a third party;
• The pertinent information has not been acquired;
• The suspect has been apprehended;
• The report is not made in good faith;
• There is a possible risk of compromising law enforcement efforts; or
• The report does not pose an ongoing threat to the campus.

If, in the professional judgment of the UNCSA Police, issuing a timely warning would compromise efforts to address the crime, the notification may be delayed or information may be limited. In those cases, UNCSA Police Communications or the highest-ranking officer on duty will notify the UNCSA Chief of Police. Once the potentially compromising situation has been addressed, the timely warning will be issued immediately if the serious or continuing threat still exists.

Anyone with information warranting a timely warning or any criminal conduct should report the circumstances to the UNCSA Police by phone at 336-770-3362 or in person at the UNCSA Police Department located at 2010 Kenan Drive.

---

**Emergency Response and Notification Procedures**

The Emergency Management Coordinator is responsible for the Emergency Operation Plan (EOP), Emergency Operations Center, and the Emergency Notification System. The EOP is designed to be an all-hazards document that provides a framework and guidance for coordinated response to minor emergencies, major emergencies and disasters. The EOP complies with FEMA guidelines for Higher Education that includes...
planning, mitigation, response, and recovery actions. The EOP includes incident teams, incident priorities and performance expectations, shelter-in-place and evacuation guidelines.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency;
- Coordination with university departments to write, maintain, test, and exercise the EOP; and
- Cooperation, Integration, and Mutual Aid with local, state, and federal public safety agencies and their EOPs.

The University will activate the designated Emergency Operations Center (EOC) in a major emergency. The EOC will serve as the central location for those designated to work on public information, logistics, operations, planning, finance and administrative issues related to the on-going emergency.

The University has emergency response guidelines addressing emergency situations such as active shooters, evacuation areas, fire safety, bomb threats, severe weather, medical emergencies, and more. A summary of these guidelines can be accessed online.

**Emergency Notification**

UNCSA is committed to ensuring the University community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of University community members.

UNCSA Alerts are issued immediately to notify the University campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of University community members. In these instances, the University will, without delay, and taking into account the safety of the community, determine the content of the notification and activate the UNCSA Alert notification system. However, if in the professional judgment of responsible authorities, issuing an emergency notification would compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency, the notification may be delayed. In those cases, the UNCSA Chief of Police, or designee, will be notified, and once the potentially compromising situation has been addressed the emergency notification will be issued immediately.

UNCSA Alerts are issued by the UNCSA Police through the University’s emergency notification system that provides phone (recorded voice/text-to-speech) messages, emails, text messages, and messages to UNCSA social media accounts. UNCSA Police will also update the [UNCSA Alert page](#) on the UNCSA website. In addition, UNCSA Police may activate the loudspeaker system on the Emergency Call Boxes located throughout the campus, when necessary. Given that test messages and loudspeaker messages need to be brief, the e-mail and website alerts will be used for longer messages and more detailed follow-up information about a complex or extended emergency.

An audible alert system enables UNCSA Police to trigger an audible tone and then broadcast an emergency notification message through over thirty emergency outside speaker locations across campus, and through indoor speaker locations in the high school academics, performance venues and other areas. The system has the capability to broadcast pre-recorded messages or to allow a live broadcast from the desk microphone. The system is also able to broadcast to all speakers or can broadcast to specific speakers if needed, depending on the circumstances surrounding the emergency notification.
All emergency notification messages will include the following information:

- **What is happening?** A brief description of the significant event that is occurring.
- **Where it is happening?** Depending on the circumstances, you may receive detailed information (e.g. Student Commons, in Eisenberg Hall), or a general location (e.g. in the area of the Student Commons).
- **What to do?** Guidance of what to do to keep yourself and others around you safe while the significant emergency is ongoing. Examples may include shelter in place and stay out of the area.

Emergency notifications may be updated when new or more accurate information becomes available. As soon as the situation is assessed that the danger has passed, the UNCSA Police Department will send an “all clear” message.

**UNCSA Alert Sign-Up Procedures:** Faculty, staff, and students can sign-up for UNCSA ALERT with your E-Z Arts ID number and UNCSA email or phone number. You can add up to 10 phone numbers and 4 email addresses to include parents and relatives. Follow the step-by-step instructions to register for UNCSA ALERT.

Click here to Register for UNCSA ALERT.

Parents and relatives of students can only add their contact information after their student has created an account. Once the student has created an account, parents and relatives can add their contact information one of the following ways:

- Log in using your student’s username/password and add your own contact information;
- Have your student add your contact information; or
- Contact the Site Administrator to update your student’s account with your contact information.

We encourage faculty, staff and students to regularly update their emergency contact information online or by contacting the UNCSA Police at their earliest convenience.

**Confirming the Existence of a Significant Emergency or Dangerous Situation:** The UNCSA Police as first responders may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the UNCSA Police or upon discovery during regular patrols and other assignments. Prior to an emergency notification being disseminated, the UNCSA Police must confirm that there is an ongoing threat to the campus community.

**Determining the Appropriate Segment or Segments of the Campus Community to Receive the Emergency Notification:** UNCSA Police and/or local first responders on the scene of a critical incident or dangerous situation will assist in preparing the emergency notification with determining what segment or segments of the campus community should receive the notification.

Generally, the entire campus community will be notified of the dangerous situation and will receive the emergency notification. In addition to the emergency notification that may be issued via the University’s mass notification system, UNCSA Police will also post applicable messages about the dangerous condition on the UNCSA website homepage to assist in promoting awareness of the situation and the steps they should take to maintain personal and campus safety.

**Determining the Contents of the Emergency Notification:** UNCSA Police will (in collaboration with the University and local first responders) determine the contents of the notification. UNCSA Police has developed a wide range of template messages addressing several different emergency situations and will select the template
message most appropriate to the on-going situation and modify it to address the specifics of the present incident.

In cases where there is no predetermined template message in the system, UNCSA Police will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

**Safety Notices**

Safety Notices are communications to the campus community for crimes and or activities that can, but do not always occur in UNCSA’s Clery geography but are determined to require the awareness of campus for safety purposes, or for situations that are not deemed an emergency or dangerous situation, but are determined to require the awareness of campus for notification reasons.

Safety Notices are distributed when non-emergency information could help the campus community, or subsets of the community, either on or off campus, make safe choices regarding a health or safety issue. Distribution of a Safety Notice is generally by campus-wide e-mail by UNCSA Police and Public Safety. Generally, there is no timeliness requirement for Safety Notices.

**Testing Emergency Response and Evacuation Procedures**

UNCSA conducts an emergency management exercise to test emergency procedures at a minimum of once annually to ensure that the University’s Emergency Operation Plan remains current and actionable. The scenarios for these exercises change each year and include several departments from across the campus. These exercises may include tabletop exercises, drills, or full-scale emergency response exercises. These exercises are designed to assess and evaluate the emergency plans and capabilities of the institution. Drills, exercises, and tests may be announced or unannounced.

The University conducts after-action reviews of all emergency management exercises. All after-action reviews will include, but are not limited to, a description of the exercise, the date, time, and whether it was announced or unannounced. In conjunction with at least one emergency management exercise each year, the University will notify the community of the exercise and remind the community of the information included in the University’s emergency response procedures.

Exercises for 2019 are listed below:

- Active Assailant Response Full Scale Exercise

**Emergency Notification System (UNCSA Alert) & Audible Broadcast System Tests**: The University conducts monthly UNCSA Alert tests to ensure that equipment and procedures are maintained in a constant state of readiness and that messages are reaching the University campus community in a timely manner. Distribution of test messages are through email, text and social media to the entire campus. In addition, the audible siren is tested once every other month and telecommunicators conduct internal weekly testing to ensure login information is up to date.

UNCSA maintains a contract with a professional vendor to test the emergency audible broadcast system once a year. Any maintenance, repair or replacement needs will be reported to the Emergency Management Coordinator to be addressed. This is in addition to other emergency preparedness activities, drills, and exercises.
conducted throughout the year. The campus continues to evaluate its Emergency Notification Protocols as part of an ongoing evaluation of best practices and the use of new technologies.

**Daily Crime Log**

The UNCSA Police Department is committed to facilitating a strong partnership with the campus community to solve problems, prevent crime, foster personal safety, and protect UNCSA and individual property. Safety and security are shared responsibilities with all students, faculty, and staff. It is only through a mutual partnership with members of the community that we can all be successful in crime prevention and safety.

The UNCSA Police maintains separate Daily Crime and Fire Logs of all crime and fire incidents reported to the department. The [Clery Crime and Fire Log is available](#) online or you may request a physical copy in person at the UNCSA Police Communications Center, located at 2010 Kenan Drive.

The UNCSA Police also maintains a log of all reported criminal incidents, including non-Clery crimes, regardless of how much time has passed since the alleged incident occurred. Crimes are recorded on the crime log by the date they are reported. These logs identify the type, location, date and time, and status of each criminal incident or fire reported to the UNCSA Police.

The most current 60 days of information will be immediately available at the UNCSA Police Department located at 2010 Kenan Drive.

---

**Security Awareness and Crime Prevention Programs**

UNCSA offers a number of programs designed to inform students and employees about campus safety, security procedures and practices and to encourage students and employees to be responsible for their own security and the security of others. Programs and services are offered at various frequencies, with many programs provided at least once a semester and others ongoing, available upon a specified request. Some programs have been adapted to an online platform or postponed until pandemic related restrictions are removed.

Below are some of the programs and services offered in an effort to bring awareness to campus security and prevent crime on campus:

- **A.L.I.C.E. Training:** A.L.I.C.E (Alert, Lockdown, Inform, Counter, Evacuate) training is a set of proactive strategies that moves beyond lockdown and increases the chance of survival during a violent intruder event. During A.L.I.C.E trainings, participants work through practical scenarios that utilize each of the principles learned during the lecture so they can understand the benefits of each strategy. Participants are taught the value of teamwork in overcoming a potential attacker. *This training is offered throughout the academic year and available to the campus community upon request.*

- **Run/Hide/Fight Training Video:** This is an instructional training video designed to empower potential victims of violence in the University setting. It provides information on surviving an active shooter incident and demonstrates the three response options, explains when each option should be used, and describe your interaction with law enforcement. *This training is available to the campus community upon request.*
• **Community Policing Liaison:** Each Residence Hall is assigned a UNCSA Police officer who will hold sessions for police safety programs throughout the academic year. *This program is available upon request from any Residence Life staff.* Each Art School is also assigned a police officer to work with and assist the individual programs with safety and security concerns.

• **Rape Aggression Defense (RAD) Training:** RAD training is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. *This training is offered once a semester to the campus community and presented based off community interest.*

• **Resisting Aggression with Defense (RAD) Training:** RAD training is a comprehensive course that will give participants the opportunity to raise their awareness of aggressive behavior, consider how they can be part of reducing aggression and violence, and practice hands-on self-defense skills to resist and escape aggressive behavior directed toward them. *This training is offered once a semester to the campus community and presented based off community interest.*

• **Housing Resident Advisor Training:** The UNCSA Police partners with Housing and Residence Life to provide training sessions to ensure RAs know the role of UNCSA Police on campus and how it can assist with safety, educational programs, and proper reporting procedures. *Training sessions are given periodically throughout the year to Residence Life staff and Residence Advisors.*

• **Operation ID:** The UNCSA Police sponsors this initiative to prevent larcenies and assist law enforcement officials with the identification of property. *This program is offered during the beginning of the fall semester and is available upon request.*

• **Safety Escorts:** Students, faculty, and staff members who would like a safety escort from anywhere on campus can call and request an officer to respond. The first available officer will respond and escort the individual to the requested campus destination or to a location within one mile of campus. Escorts may be completed by vehicle, golf cart or by foot patrol. *This program is available year-round and upon request.*

• **Safety Talks:** An opportunity to gather with students, staff, or faculty to discuss general safety precautions and concerns. Commonly sponsored by campus departments or residence halls with questions about safety. *This program is ongoing throughout the academic year and is available upon request.*

• **Sexual Assault Awareness Month (April):** Campus Police, in collaboration with the Title IX Office and the Department of Residence Life, organizes campus wide events to bring awareness to sexual violence and the resources that are available to assist students experiencing any type of sexual violence. The events include Take Back the Night, the red flag campaign, the night walk across campus, and information tables set up with resources for students.

• **Domestic and Dating Violence Awareness Month (October):** Campus Police, the Title IX Office, and the UNCSA Wellness Center organize tabling events and outreach to students throughout the month to bring awareness to issues around interpersonal relationships.

• **Meet & Greet:** Informational table about all of the programs the UNCSA Police offer to the UNCSA community. *This program is offered during the beginning of the fall semester and is available upon request.*
• **Police Ride-Along Program:** The UNCSA Police Department offers a police ride-along program to educate our community about the UNCSA Police Department and the crime on and around campus and is designed to inform students and employees about crime prevention strategies. *This program is available upon request.*

• **Sexual Assault Awareness & Prevention:** The UNCSA Police offers a program discussing the definitions of sexual assault, dating violence, domestic violence, and stalking; information on risk reduction and how and who to report incidents on and off campus. *This program is available upon request.*

• **Title IX, Free Speech, Hazing, and Bullying:** Mandatory annual training for students on the intersections of free speech and conduct that may be prohibited under one or more policies.

• **Emergency Response Training:** The training provides employees with a basic understanding on how to stay safe on campus and what procedures to take in the event of an emergency. Examples include Active Shooter incidents, how and when to “Lockdown or Shelter-in-Place,” weather emergencies, emergency notifications, and what to do when you observe suspicious packages and/or people. *This training is ongoing throughout the academic year.*

• **Student Support Team:** The UNCSA Student Support Team promotes the health, safety, and well-being of the University campus community by cultivating best practices centered around prevention, intervention, and education. They provide a confidential, collaborative, and coordinated approach to situations involving student concerns, including but not limited to distress, disruptive actions, and/or engaging in harmful behavior. The team is composed of members of UNCSA Police, Residence Life, Student Conduct, Learning Resources (disability), Student Health Services, Case Manager, and High School Academics.

---

**Policies Governing Alcohol and Other Illegal Drugs**

Federal law requires UNCSA to annually notify all faculty, staff, and students that the University prohibits the unlawful possession, use, manufacture or distribution of alcohol or controlled substances by students, faculty, staff, and guests in buildings or facilities and on grounds or property controlled by the University or used as part of University activities. For students, this includes prohibiting the possession and consumption of any beverage containing alcohol under the age of twenty-one (21). In addition, the smoking of any material is prohibited in all UNCSA facilities.

**Alcohol Policy**

The sale, service, possession, and consumption of alcoholic beverages are regulated by relevant North Carolina General Statutes, Winston-Salem City Ordinances, and UNCSA Policy. In compliance with state law, no person under the age of twenty-one (21) can possess or consume alcoholic beverage and no person can sell, give, or provide alcoholic beverages to an underage person or aid or assist an underage person in the purchase, attempted purchase, possession, or consumption of alcoholic beverages.

**Campus-Wide Alcohol Policies:** The University’s College Handbook and High School Handbook establish rules on student alcohol use and possession, support programs offered, and University consequences for violations of those rules in [Appendix A: Programs and Policies Addressing Alcohol and Other Drugs](#)
Regarding North Carolina alcohol laws, the policy states that “it is against the law for any person under twenty-one (21) to purchase or possess any alcoholic beverage” and further that “it is against the law for any person to sell or give any alcoholic beverage to a person under twenty-one (21) or to aid or abet such person in selling, purchasing, or possessing any alcoholic beverage.” The policy also contains medical amnesty and broader amnesty provisions.

**Areas Open to the Public:** UNCSA prohibits the possession and use of alcoholic beverages in areas open to the public including areas of buildings open to the public. However, the use of alcoholic beverages, subject to the laws of the state and may be permitted at University-sponsored activities in areas designated by, and with the prior approval of the University.

**Private or Closed Areas:** The possession and use of alcoholic beverages are prohibited in conference rooms, offices, office reception rooms, closed buildings, and areas of buildings not open to the public or from which the public has been excluded, except: the use of alcoholic beverages, subject to the laws of the state, may be permitted in specific private or closed areas designated by, and with the prior approval of the appropriate person responsible for the area of request.

**Housing Alcohol Policies:** All alcohol and alcoholic containers (including large storage containers, i.e. kegs) are not permitted anywhere in High School housing facilities. See the UNCSA High School Handbook for more information.

College residents who are twenty-one (21) or older may consume alcoholic beverages in accordance with the established alcohol policies. The policy on alcohol found in the UNCSA College Housing Handbook is summarized in the following points:

- Residents under the age of twenty-one (21) are prohibited from being in the presence of, possessing, and/or consuming alcohol.
- Alcoholic beverages are permitted for persons twenty-one (21) years of age and over in their own living space or living space where they are invited guests of residents twenty-one (21) years of age or older.
- Students who are twenty-one (21) years of age or older may not consume alcohol in a living space with guests under twenty-one (21) years of age present, unless the individual is the student's roommate. It is the responsibility of the student twenty-one (21) years of age or over not to put underage students at the risk of violating the alcohol policy.
- It must be clear that the beverage is the possession of the student that is twenty-one (21) years of age or over. Alcohol in a mixed age room/suite should be kept in the private refrigerator or storage space of the overage room/suite mate, not in a shared storage space or refrigerator.
- No alcohol (open or closed containers of alcohol) is permitted in the common and public areas (i.e. hallways, stairways, bathrooms, balconies, etc.) of the residence halls.
- No kegs or other forms of bulk alcohol are allowed in the residence halls.

The policy on consumption of alcoholic beverages to faculty, staff, visitors, and other University community members is found within the University Alcohol Policy #102. This policy provides guidance on serving alcohol at events on campus and restricts the service of alcohol in accordance with North Carolina law, including the prohibition of serving alcoholic beverages to those under twenty-one (21) years of age.

**Drug Policy**

Students, faculty members, and staff are responsible for knowing about and complying with the provisions of North Carolina law that make it a crime to possess, sell, deliver, or manufacture those drugs designated
collectively as “controlled substances” in Chapter 90 of the North Carolina General Statutes. Students, faculty members, and staff are responsible for knowing about and complying with the applicable provisions of federal law located in Chapter 21 of the US Code.

Possession, use or sale of illegal drugs/paraphernalia by any member of the University community is prohibited. The misuse of any lawfully available chemical substances, compound or combination, when used for any other purpose than its intended use is also prohibited. Federal and State drug laws will be enforced when violated on campus. For more information on the Policy on illegal drugs, please visit the University Policy Manual Policy #702.

The Drug-Free Schools and Communities Act and The Drug-Free Workplace Act: As a precondition for receiving any federally funded grants or contracts, UNCSA is required to certify that it is providing a drug-free campus and workplace. Any employee reporting to work under the influence of alcohol or illegal drugs or using alcohol or illegal drugs on the job is subject to appropriate disciplinary action. In addition to the UNCSA’s Illegal Drugs Policy, the University is required to adhere to all federal policies.

The University also annually notifies the University community of resources and information to reduce alcohol and drug misuse and promote the health and safety of all students and employees. It is extremely important that you are aware of the policies on illegal drugs and alcohol, which has been implemented by the federal government and the University’s governing bodies. The University has scheduled several events over the course of orientation and the academic year to bring awareness to the University alcohol and drug policies, as well as Federal and State policies prohibiting illegal behavior.

As a condition of employment, any faculty, staff, or student must notify the University of any criminal drug conviction for a violation occurring in the workplace no later than five (5) days after such a conviction. If a student is charged with a crime equivalent to a Major Infraction of the Student Code of Conduct or convicted of any crime or misdemeanor (prior to or after matriculation at UNCSA), the student is required to self-report such action to the Vice Provost and Dean of Student Affairs.

For more information on prevention programs and policies, please review the UNCSA Drug Abuse and Alcohol Prevention Programs Report (DAAPP).

Enforcement of Federal and State Underage Drinking & Alcohol Laws

In accordance with North Carolina laws, if you are underage and convicted of drinking alcohol, you could face the following penalties:

- Drinking by a person under age nineteen (19) is a Class 1 Misdemeanor, and punishment can include a fine, community service hours, and other court costs.
- Drinking by a person age nineteen (19) or twenty (20) is a Class 3 Misdemeanor in which punishment can include a fine, community service hours, and other court costs.
- Attorney’s fees.

According to North Carolina General Statute § 15A-505, the local police department and UNCSA Police are required to notify parents or guardians for all violations committed by persons under the age of eighteen (18).
The State of North Carolina has a zero-tolerance policy associated with students consuming alcoholic beverages under the age of twenty-one (21). Not only is this against the State law, it also violates the UNCSA Student Code of Conduct.

Any student, staff, faculty member, or other University campus community member in violation of UNCSA’s alcohol policies or North Carolina law may be subject to disciplinary measures by the University as outlined in the policies discussed above. Disciplinary sanctions for students who are found responsible may range from disciplinary warning, disciplinary probation, suspension, or expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract. In most cases, developmental and educational interventions will be assigned to the student, designed to promote greater awareness and improved decision-making for the student and further deter future misconduct.

**False Identification:** It is illegal for anyone under the age of twenty-one (21) to: possess an identification card falsely identifying that person by name, age, date of birth, or photograph as being 21 or older in an attempt to obtain alcohol; use the identification card of another; or use an identification card that has not been lawfully issued to or in the name of the person who presents the card. A violation constitutes a Class 2 misdemeanor and subjects the offender to court costs and fines.

**Alcohol Testing:** If two UNCSA staff members believe an underage student has consumed alcohol, or if a student over twenty-one (21) is noticeably impaired on campus or at a UNCSA sponsored event, a UNCSA staff member will test the student’s alcohol level. The following procedures will be followed:

- If the alcohol test is above 0.0, the student will be referred to Student Conduct for appropriate adjudication.
  - If the result is above 0.08 and below 0.12, the student will be monitored by the Residence Life Programs & Housing Staff until their test is 0.08 or below.
  - If the level is 0.12 or above, or if the student’s behaviors create concern, the student will be sent to the emergency room by ambulance or other emergency transport. Costs for this are the responsibility of the student.
- If the alcohol level test is 0.0, the student will be medically evaluated by either UNCSA Health Services or a local hospital emergency room in response to the behaviors exhibited that prompted the alcohol level test. All costs are the responsibility of the student.
  - Note: A test resulting in an alcohol level of 0.0 does not absolve a student who also possesses alcohol.
- A refusal or inability to be tested will be documented and taken into consideration during adjudication and may be treated as an admission of guilt.

**Public Intoxication:** It is illegal to appear in any public place under the influence of alcohol to the degree that you: block or otherwise interfere with traffic; block or otherwise prevent access to or passage across a sidewalk or entrance to a building; grab, shove, push or fight with others or challenge others to fight; curse, shout at or otherwise rudely insult others; or beg for money or other property.

Being intoxicated and disruptive in public also leads to other behaviors and important health concerns. Oftentimes public drunkenness contributes to criminal mischief and disorderly conduct on campus. Persons must be responsible for their own actions and know their limits and tolerance levels before consuming alcohol. A violation constitutes a Class 3 misdemeanor and subjects the offender to court costs and fines.
Students of any age (including those over twenty-one) found under the influence of alcohol will be assessed for their BAC (Blood Alcohol Concentration). Those with a BAC at .08 and below .12 will be placed under observation by Residence Life staff until their BAC is below .08. Those with a BAC level at .12 or above and any students displaying behaviors of concern due to another substance or factor generally will be sent to the hospital emergency room by ambulance.

**Driving While Impaired (DWI) & Refusing a Chemical Test:** In North Carolina, a person commits the offense of Driving While Impaired if they drive a vehicle upon any highway, street, or public vehicular area:

- While under the influence of an impairing substance;
- After having consumed sufficient alcohol that they have, at any relevant time after driving, an alcohol concentration of 0.08 or more; or
- With any amount of a Schedule I controlled substance or its metabolites in their blood or urine.

The punishment for the offense is a misdemeanor to which the structured sentencing laws do not apply. It has five different levels of punishment; the level depends on the presence of and weight assigned to certain specified aggravating and mitigating factors found by the court.

It is illegal for anyone under 21 years of age to drive a vehicle with a blood alcohol concentration of .01 or higher. Any person who drives a motor vehicle automatically gives consent to one or more chemical analysis (e.g. breath, blood, or urine.). This implied consent means that a person doesn’t have a right to an attorney before testing, except to view the testing procedures. Under the implied consent law, you can refuse any test, but your driver’s license will be revoked for one year and could be revoked for a longer period of time under certain circumstances, and an officer can compel you to be tested under other laws. Your driving privileges will be revoked immediately for at least 30 days if you refuse any test or the test results is 0.08, 0.04 or more if you were driving a commercial vehicle, or 0.01 or more if you are under the age of 21.

**Open Container Law:** North Carolina does not have a general statute prohibiting open containers of alcohol in public. However, the City of Winston-Salem has a local ordinance prohibiting open containers of alcohol in public.

**Enforcement of Federal and State Drug Laws**

The unlawful manufacture, distribution, disposition, possession, and/or use of a controlled substance or alcohol is regulated by a number of federal, state, and local laws. These laws impose legal sanctions for both misdemeanor and felony convictions. Criminal penalties for convictions can range from fines and probation to denial or revocation of federal benefits (such as financial aid) to imprisonment and forfeiture of personal and real property.

**Policies Specific to Students:** Any student who violates this policy is subject to disciplinary action including sanctions as outlined in the Student Code of Conduct in addition to any penalties resulting from violating local, state and or federal law. Disciplinary sanctions for students who are found responsible may range from disciplinary warning, disciplinary probation, suspension, or expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract. In most cases developmental and educational interventions will be assigned to the student, designed to promote greater awareness and improved decision-making for the student and further deter future misconduct. A full explanation of the [disciplinary procedure](#) can be accessed online.
**Policies Specific to Faculty and Staff:** As a condition of university employment, every employee shall abide by the terms of this policy. Any employee who violates this policy is subject to University sanctions, including dismissal, as well as criminal sanctions provided by federal, state or local law. An employee may be required to participate in a drug abuse or drug rehabilitation program. Please consult the [Policy on Illegal Drugs](#).

**North Carolina Drug and Alcohol Laws and Penalties**

A summary of North Carolina alcohol and drug laws is available below. The information provided below is not an exhaustive or definitive statement of all applicable laws and is intended to illustrate the types of conduct that are against the law and rage of legal sanctions that may be imposed. More detailed and current information can be obtained by contacting UNCSA Police and consulting the North Carolina General Statutes.

### Drug and Alcohol Abuse Education and Prevention Programs

UNCSA runs numerous interactive and passive programming offered through various departments within the Division of Student Affairs including Health Services, Counseling Center, Health and Wellness, Residence Life and Housing. Additionally, throughout the academic year, UNCSA posts flyers and bulletin boards to promote low-risk choices during high-risk campus events. Monthly community meetings are also held specifically for high school students to introduce them to policies and protocols on alcohol and other drug abuse prevention. Some programs have been adapted to an online platform or postponed until pandemic related restrictions are removed.

Completion of [3rd Millennium](#)’s online educational courses addressing alcohol, other drugs, and consent is mandatory for all new undergraduate students matriculating in August 2019. The Safe-U orientation session is mandated at the beginning of the year for all students and includes information related to Alcohol and Other Drug policies, protocols, and helping resources. In addition, the Office of Student Affairs sponsored several mandated panel discussions during orientation for new and returning students addressing the following topics: Alcohol and Other Drug policies and procedures, campus and community safety, Title IX regulations and concerns, helping resources.

Other programs include:

- **Alcohol and Other Drug (AOD) Training**: Training by UNCSA Police for student leaders (both high school and college) and Residence Life professional staff, and training by Residence Life professional staff to Resident Advisors. Training addresses each individual’s role in managing situations with drugs and alcohol.

- **Hazing Awareness Week**: Interactive tabling events to highlight the effects of alcohol and other drugs on health as well as prevention/intervention strategies.

- **UNCSA Police/MADD**: Tabling events focused on the negative effects of driving under the influence of substances.
• **Curriculum Infusion:** required health class for high school students and partnerships with various professors in the college environment.

• **Residence Life and Housing Sponsored Events:** monthly community meetings with high school students where discussion of policies, protocols, Title IX and harassment were included; Town Hall Meetings; college/all campus meetings where policies/procedures were discussed.

*Drug or Alcohol Resource Team (DART):* The Drug or Alcohol Resource Team (DART) is a resource for students who voluntarily request help with a substance abuse problem(s). Any student who thinks they have a problem with alcohol, tobacco, or any drug may request assistance to refrain from further use of these substances. Parents, fellow students, and faculty or staff members who are aware of students with substance abuse issues are encouraged to refer students to the program. The DART program is entirely voluntary and participation is completely confidential, within the limits of the law.

The goal of the program is to remove barriers for those students seeking assistance. Students in the DART program are evaluated, drug tested, and referred to appropriate treatment, which may include a combination of counseling, therapy, and outpatient or inpatient care. The program includes supporting counseling, referrals to appropriate resources, and unscheduled drug testing at no cost to the student. Results of the drug testing in the DART program are confidential. A student may refer themselves into the program by contacting the Wellness Center.

Only the Medical Director of Health Services and the involved student will know the results of drug testing. DART records will be released only with explicit written permission from the student. *Parents of students in the DART Program will not be notified of the student’s participation or drug test results.*

UNCSA does not condone or tolerate alcohol and/or drug abuse. In no way should the DART Program be seen as a venue for excusing substance abuse or as a way for the UNCSA students to escape consequences for their behaviors. If a student in the DART Program is charged for conduct involving illegal drugs, alcohol, or tobacco, they will not be immune from student conduct proceedings by virtue of participation in DART.

*Counseling Services:* Counselors and the Wellness Center offers substance use evaluation and referrals to other resources as necessary. Student Health Services offers assistance in treatment through the DART program. Professional confidentiality applies to all clients.

Weekdays, students can visit the Wellness Center on the upper level of the Hanes Student Commons or can call 336-770-3288 between the hours of 8am-5pm for counseling or health services. During nights, weekends, and holidays, students can contact HealthLink, an on-call nurse advice line at 1-888-267-3675. Students may also contact UNCSA Police or the local chapters of Alcoholics Anonymous or (800) 524-5344, or Narcotics Anonymous or (800) 365-1036 for additional support and assistance.

UNCSA Wellness

• Alcohol and Other Drug Educational Health and Wellness Sessions
• Alcohol Use and Decision Making (low-risk choices)
• Drug and Alcohol High-Risk Behaviors concerning use/misuse
• Online Drug and Alcohol Intervention Course

UNCSA Police

• Fatal Vision Program
• Lazarus Resuscitation Kits

Alcoholics Anonymous (Family Group)
• Group meetings for family members of substance abusers held various times and locations weekly. Automated Information Line for meeting information/volunteer services: (336) 723-1452.
• Drug and Alcohol Treatment and Prevention Network.

To find Mental Health and Substance Abuse resources, including providers:
• UNCSA Counseling Center (offers Substance Use Evaluations and Referrals): (336) 770-3288
• Healthlink (an on-call, after hours, weekend and holiday nurse advice line): (888) 267-3675
• ProtoCall Services provides students telephonic access to crisis assessment and intervention support, 24 hours a day, seven days a week, 365 days a year. ProtoCall Services will answer if the UNCSA Counseling Center is closed.
• Alcoholics Anonymous International: or (800) 524-5344
• Narcotics Anonymous: or (800) 365-1036

Resources for Faculty and Staff: UNCSA Employees are encouraged to use the Employee Assistance Program offered by the University at no cost. These professional counseling services are available as needed through ComPsych at 888-311-4327, Web ID: UNCSA.

• National Institute on Drug Abuse
• Substance Abuse and Mental Health Services Administration
• Drug Free NC
• Stop Alcohol Abuse
• National Institute on Alcohol Abuse and Alcoholism
• College Drinking Prevention

Missing Student Notification Policy and Procedures

Effective August 14, 2008, the Higher Education Opportunity Act of 2008 requires any institution participating in a Title IV Federal Student Financial Aid Program that maintains on-campus housing facilities to establish a Missing Student Notification Policy and related procedures. When it is determined that a student is missing from UNCSA, staff will be guided by the Missing Student Notification Policy and related procedures.

At the beginning of the year Residence Life collects missing student information through a separate form given directly to the students on move in day. The form requires the student to provide campus with a point of contact if the student should go missing. This information is then shared with UNCSA Police and the Residence Life teams.

Introduction

This regulation establishes the procedures for the UNC School of the Arts (UNCSA) community regarding the reporting, investigation and required emergency notification when a student residing in on-campus
housing is determined to be missing. A student shall be deemed missing when he or she is reported absent from the University for more than 24 hours without any known reason.

**Identifying a Contact Person**

All students residing in on-campus housing, including the high school, must register a contact person to be notified by UNCSA if UNCSA determines that the student is missing for more than 24 hours. This contact information will be registered confidentially and will not be disclosed except to authorized University officials and law enforcement personnel in furtherance of a missing person investigation. If a student is under 18 years of age and not an emancipated minor, UNCSA is required to notify a custodial parent or guardian, in addition to notifying any additional contact person designated by the student.

**Procedure for Identifying a Missing Student**

3.1 Any person who believes that a student who resides in on-campus housing is missing should immediately report this information to University Housing at 336-770-3281 (for high school staff) or 336-770-3282 (for college staff) or to University Police at 336-770-3362 or 55. Any missing student report received by University Housing will be immediately referred to the University Police. In the event another University officer or employee other than a member of University Housing, or University Police receives a report of a missing student, that person shall immediately notify University Police of the report received.

3.2 Upon the report of a possible missing student, the University Police will immediately initiate a missing person investigation in accordance with North Carolina law and with their standard operating procedures (Missing Persons). If University Police determines that a student is missing, University Police will take the following actions:

3.2.1 University Police will notify the student’s contact person within 24 hours of the determination that the student is missing;

3.2.2 If the student is under 18 years of age and is not an emancipated minor, University Police will notify the student’s custodial parent or guardian and any other designated contact person within 24 hours of the determination that the student is missing;

3.2.3 University Police will inform any other appropriate law enforcement agencies within 24 hours of the determination that the student is missing;

3.2.4 University Police and any other appropriate law enforcement agencies will continue to investigate the missing person report.

3.3 Nothing in this regulation prevents UNCSA from making notifications earlier than noted above if deemed appropriate under the circumstances. Nothing in this regulation shall restrict UNCSA from contacting other individuals if deemed necessary to prevent harm to a student or others, necessary to the investigation, or otherwise appropriate under the circumstances.

The University’s Missing Student Policy is available online in the College Handbook and High School Handbook.
**HEOA Victim Notification**

The University will, upon written request, disclose to the alleged victim of a crime of violence or non-forcible sex offense the results of disciplinary proceedings conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the crime resulted in the victim’s death, the University will disclose the results, upon written request, to the victim’s next of kin.

---

**Sexual Misconduct Programs and Response Procedures**

The Clery Act, as amended by the Violence Against Women Reauthorization Act (VAWA), requires colleges and universities to address domestic violence, dating violence, sexual assault, and stalking through programs, awareness campaigns, policies, and procedures. Title IX is an important civil rights law that protects individuals from discrimination based upon sex in federally funded education programs or activities. Sexual harassment of students, which includes acts of sexual violence or sexual assault, is a form of discrimination based on sex that is prohibited by Title IX. Regulations on Title IX require grievance procedures that provide for the prompt and equitable resolution of sex discrimination complaints and guidance on Title IX recommends prevention, awareness, resource, and responsible employee training programs for individuals with reporting responsibilities.

UNCSA is committed to providing a safe learning and working environment, and in compliance with federal laws has adopted policies and procedures and will continue to take necessary steps to address and respond to these types of conduct, including sexual violence, sexual assault (rape, fondling, incest, and statutory rape), sexual battery, sexual coercion, domestic violence, dating violence, and stalking as further defined in the Clery Act and Title IX. Acts of sex or gender-based discrimination, harassment, and aforementioned sexual violence and misconduct will not be tolerated. These guidelines apply to all students, faculty, staff, independent contractors, and visitors.

**Education Programs**

UNCSA is committed to increasing the awareness and prevention of violence. All incoming students and new employees are provided with programming and strategies intended to prevent dating violence, domestic violence, sexual assault, and stalking before it occurs. This includes an understanding of how important it is that we change social norms in a way that dictates that these behaviors are unacceptable. All awareness and education programming include a clear statement that UNCSA prohibits such acts, relevant definitions (including the definition of consent), options for bystander intervention, information about risk reduction, and policies and procedures for responding to these incidents. Some programs have been adapted to an online platform or postponed until pandemic related restrictions are removed.

Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

- **Student Orientation “Safe U”**: UNCSA’s orientation program for all undergraduate students and their families. This is an interactive program for incoming students and families to meet with an advisor, learn about campus resources, and experience the UNCSA environment.

- **3rd Millennium**: An online program for new undergraduate students to complete prior to coming to campus addressing consent, sexual assault, and alcohol and other drugs was mandatory for all new undergraduate students matriculating in 2019.
- **New Hire Orientation (NHO):** New Hire Orientation is a mandatory information/benefits enrollment session conducted for all new employees. It is vital for new employees to attend orientation prior to or on their start date.

- **Rape Aggression Defense (RAD):** The only self-defense program ever endorsed by the International Association of Campus Law Enforcement Administrators (IACLEA). The course is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training.

- **Sexual Assault Awareness & Prevention:** UNCSA Police and UNCSA Title IX Office offers multiple programs discussing the definitions of sexual assault, dating violence, domestic violence, and stalking. The program includes information on risk reduction and how/who to report incidents to, both on and off campus.

- **Office of Residence Life Programs:** Residence Hall floor programs in the living area are designed to educate and socialize residents. Educational programming on campus safety, sexual assault awareness and personal safety tips for off campus are done primarily through passive programming efforts such as bulletin boards and newsletters.

- **Sexual Assault Awareness Month (April):** Programming including distributing materials and interactive tabling with exercises to promote awareness of sexual assault. Collaboration with community partners for larger awareness events.

- **Domestic/Dating Violence Awareness Month (October):** Programming including distributing materials and interactive tabling with exercises to promote awareness of dating/domestic violence. Collaboration with community partners for larger awareness events.

- **Red Flag Campaign:** The Red Flag Campaign uses a bystander intervention strategy to address and prevent sexual assault, dating violence, and stalking on college campuses. The campaign encourages friends and other campus community members to say something when they see warning signs (“red flags”) for sexual assault, dating violence, or stalking in a friend’s relationship.

---

**Defining Sexual Assault, Domestic Violence, Stalking, and Consent in North Carolina**

*N.C. Gen. Stat. § 50B-1 defines Domestic Violence as:*

[T]he commission of one or more of the following acts upon an aggrieved party or upon a minor child residing with or in the custody of the aggrieved party by a person with whom the aggrieved party has or has had a personal relationship, but does not include acts of self-defense:

1. Attempting to cause bodily injury, or intentionally causing bodily injury; or
2. Placing the aggrieved party or a member of the aggrieved party's family or household in fear of imminent serious bodily injury or continued harassment, as defined in G.S. 14-277.3A, that rises to such a level as to inflict substantial emotional distress; or
3. Committing any act defined in G.S. 14-27.21 through G.S. 14-27.33. (b) [other sex-based offenses].

**Sexual Assault:** means an offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. A sex offense is any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
• N.C. Gen. Stat. § 14-27.21(a) defines **First-Degree Forcible Rape** as:
  A person is guilty of first-degree forcible rape if the person engages in vaginal intercourse with another person by force and against the will of the other person, and does any of the following:
  1. Uses, threatens to use, or displays a dangerous or deadly weapon or an article which the other person reasonably believes to be a dangerous or deadly weapon.
  2. Inflicts serious personal injury upon the victim or another person.

• N.C. Gen. Stat. § 14-27.22(a) defines **Second-Degree Forcible Rape** as:
  A person is guilty of second-degree forcible rape if the person engages in vaginal intercourse with another person:
  1. By force and against the will of the other person; or
  2. Who has a mental disability or who is mentally incapacitated or physically helpless, and the person performing the act knows or should reasonably know the other person has a mental disability or is mentally incapacitated or physically helpless.

• N.C. Gen. Stat. § 14-27.26(a) defines **First-Degree Forcible Sex Offense** as:
  A person is guilty of a first degree forcible sexual offense if the person engages in a sexual act with another person by force and against the will of the other person, and does any of the following:
  1. Uses, threatens to use, or displays a dangerous or deadly weapon or an article which the other person reasonably believes to be a dangerous or deadly weapon.
  2. Inflicts serious personal injury upon the victim or another person.
  3. The person commits the offense aided and abetted by one or more other persons.

• N.C. Gen. Stat. § 14-27.27 defines **Second-Degree Forcible Sex Offense** as:
  A person is guilty of second degree forcible sexual offense if the person engages in a sexual act with another person:
  1. By force and against the will of the other person; or
  2. Who has a mental disability or who is mentally incapacitated or physically helpless, and the person performing the act knows or should reasonably know that the other person has a mental disability or is mentally incapacitated or physically helpless.

• **Fondling** is included in the crime of “sexual battery” under N.C. Gen. Stat. § 14-27.33(a), defined as:
  A person is guilty of sexual battery if the person, for the purpose of sexual arousal, sexual gratification, or sexual abuse, engages in sexual contact with another person:
  1. By force and against the will of the other person; or
  2. Who is has a mental disability, or who is mentally incapacitated or physically helpless, and the person performing the act knows or should reasonably know that the other person has a mental disability or is mentally incapacitated or physically helpless.

• N.C. Gen. Stat. § 14-178(a) defines **Incest** as:
  A person commits the offense of incest if the person engages in carnal intercourse with the person's (i) grandparent or grandchild, (ii) parent or child or stepchild or legally adopted child, (iii) brother or sister of the half or whole blood, or (iv) uncle, aunt, nephew, or niece.

• N.C. Gen. Stat. § 14-27.30(a) defines **Statutory Rape** as:
  Where the defendant engages in vaginal intercourse with another person who is 15 years of age or younger and the defendant is at least 12 years old and at least six years older than the person, except when the defendant is lawfully married to the person.
N.C. Gen. Stat. § 14-277.3A(a) defines Stalking as:
A defendant is guilty of stalking if the defendant willfully on more than one occasion harasses another person without legal purpose or willfully engages in a course of conduct directed at a specific person without legal purpose and the defendant knows or should know that the harassment or the course of conduct would cause a reasonable person to do any of the following:
1. Fear for the person's safety or the safety of the person's immediate family or close personal associates.
2. Suffer substantial emotional distress by placing that person in fear of death, bodily injury, or continued harassment.

The State of North Carolina does not have a statute defining “dating violence” or “consent” in reference to sexual activity. North Carolina criminal law prohibits sexual acts that are by force and against the will of the other person or acts that are against people who are mentally disabled, mentally incapacitated, or physically helpless. In determining whether a person gave consent, or was capable of giving consent, the facts of the particular situation will be assessed. Physical resistance is not necessary to prove the lack of consent, nor is actual force. In North Carolina, consent is not submission due to fear, fright, coercion, or the realization that in the particular situation resistance is futile.

Title IX Regulations and Procedures

Title IX of the Education Amendments of 1972 was the first comprehensive federal law to prohibit sex discrimination against students and employees of educational institutions. It is one of several federal and state anti-discrimination laws that define and ensure equality in education. The regulations implementing Title IX, published in 1975, prohibit discrimination, exclusion, denial, limitation, or separation based on gender.

The University of North Carolina School of the Arts has a policy regarding Equal Opportunity and Non-Discrimination, which includes a prohibition of sex discrimination, sexual harassment, and retaliation within the University.

Investigations are conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct an investigation and hearing process that protects the safety of the victims and promotes accountability.

Interim Title IX Regulation

Interim Title IX Regulation

The University of North Carolina School of the Arts (“University”) does not tolerate sexual misconduct, including sexual harassment. Such conduct is harmful to the well-being of our community members, our learning and working environments, and the collegial relationships among students, faculty, and staff. All forms of prohibited conduct under this regulation are regarded as serious University offenses, and violations may result in discipline, including the possibility of separation from the University. State and federal laws may also address conduct that meet the University’s definitions of prohibited conduct, and criminal prosecution may take place independently of any disciplinary action instituted by the University.
This Interim Title IX Regulation (“Title IX Regulation”) is based on definitions set forth in regulations promulgated by the U.S. Department of Education under Title IX of the Education Amendments Act of 1972, and updated most recently on May 6, 2020. As a result of the updated regulatory guidance, this regulation limits the scope of sexual misconduct covered by this Title IX Regulation to, among other things, conduct that occurs within the United States and conduct that occurs within the University’s education program or activity (a concept further defined and discussed below).

In order to address incidents of sexual misconduct that do not fall within the definition of Title IX Regulation, the University has two regulations that address sexual misconduct: (1) this regulation and (2) the Prohibited Discrimination, Harassment, and Related Misconduct Regulation (“Prohibited Discrimination Regulation”). These regulations are interrelated and alleged behavior will be evaluated by the Title IX Coordinator to determine the relevant regulation to apply to any allegations involving sexual harassment. If the allegations forming the basis of a formal complaint (defined below), if substantiated, would constitute prohibited conduct under both regulations, then the grievance process set forth in this Title IX Regulation will be applied in the investigation and adjudication of the allegations.

The Prohibited Discrimination Regulation applies only to certain conduct, as defined under that regulation. Specifically, the Prohibited Discrimination Regulation applies to forms of sexual misconduct that do not fall under the scope of the Title IX Regulation. The Prohibited Discrimination Regulation also applies to certain conduct that would otherwise be prohibited under the Title IX Regulation (e.g., Sexual Assault, Domestic Violence, Dating Violence, and Stalking under the Title IX Regulation), but which must be dismissed under the Title IX Regulation because they do not meet the jurisdictional requirements.

The University will respond to reports or formal complaints of conduct prohibited under this regulation with measures designed to stop the prohibited conduct, prevent its recurrence, and remediate any adverse effects of such conduct on campus or in University-related programs or activities. The University will not deprive an individual of rights guaranteed under federal and state law (or federal and state anti-discrimination provisions; or federal and state law prohibiting discrimination on the basis of sex) when responding to any claim under the Title IX Regulation.

I. The Title IX Coordinator

The Title IX Coordinator oversees the University’s compliance with Title IX and all University conduct regulations related to sexual misconduct.

The Title IX Coordinator will be informed of all reports or formal complaints of violations of this regulation, and oversees the University’s centralized response to ensure compliance with Title IX and the 2013 Amendments to the Violence Against Women Act (VAWA). The Title IX Coordinator’s responsibilities include (but are not limited to):

- Communicating with all members of the University community regarding Title IX and VAWA, and providing information about how individuals may access their rights;
- Reviewing applicable University regulations to ensure institutional compliance with Title IX and VAWA;
- Monitoring the University’s administration of its own applicable regulations, including this regulation and the Prohibited Discrimination Regulation and all related record keeping, timeframes, and other procedural requirements;
• Conducting training regarding Title IX, VAWA, and prohibited conduct defined in this regulation and related regulations; and

• Responding to any report or formal complaint regarding conduct that violates this regulation. For any report of which the University has actual knowledge (and any formal complaint), the Title IX Coordinator shall oversee and implement the explanation and provision of any supportive measures. For any formal complaint, the Title IX Coordinator oversees the investigation and resolution of such alleged misconduct, directs the provision of any additional supportive measures, and monitors the administration of any related appeal.

The Title IX Coordinator may delegate certain responsibilities under this regulation to designated staff and administrators, who will be appropriately trained.

The Title IX Coordinator’s contact information is as follows:

Valerie Thelen  
Chief Compliance Officer and Title IX Coordinator  
UNCSA Library Room 2110  
Winston-Salem, North Carolina, 27127  
thelen@uncsa.edu  
336-932-3917

The University provides the contact information of the Title IX Coordinator to students, faculty, staff, applicants for admission, applicants for employment, and or professional organizations agreements with the University.

II. Definitions

The following definitions clarify key terminology in this regulation.

Complainant refers to the individual(s) who is alleged to be the victim of conduct that could constitute prohibited conduct under the Title IX Regulation

Formal complaint refers to a document filed by a complainant (meaning a document or electronic submission (such as by electronic mail) that contains the complainant’s physical or digital signature, or otherwise indicates that the complainant is the individual filing the formal complaint) alleging a violation of the Title IX Regulation against a respondent and requesting that the University investigate the allegation of the violation. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the University. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information provided in this regulation, and by any additional method identified in this regulation. A formal complaint may also refer to a document signed by the Title IX Coordinator alleging Title IX Sexual Harassment against a respondent. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party.

Party or parties refer to the complainant(s) and the respondent(s).
Report refers to information brought to the attention of a member of staff or faculty alleging conduct prohibited under this regulation; a report is not considered to be a formal complaint. A party may bring a report and then subsequently file a formal complaint.

Respondent refers to the individual(s) who has been alleged to be the perpetrator of conduct that could constitute a violation of the Title IX Regulation.

Third party refers to any individual who is not a University student, member of faculty or staff, (e.g., vendors, alumni/ae, or local residents).

Witness refers to any individual who shares information relating to an allegation of prohibited conduct under this regulation.

III. Prohibited Conduct

This regulation encompasses all of the prohibited conduct described below that occurs on the basis of sex and meet all of the following requirements:

- Occurs within the United States; and
- Occurs within the University’s education program or activity, meaning a) locations, events, or circumstances over which the University exercises substantial control over both the respondent and the context in which the violation of the Title IX Regulation occurs, and b) any building owned or controlled by a student organization that is officially recognized by the University; and
- At the time of filing a formal complaint, a complainant is participating in or attempting to participate in the education program or activity at the University.

Allegations of sexual misconduct that do not fall under this regulation because they do not constitute prohibited conduct as defined in this section may constitute violations of the Prohibited Discrimination Regulation or Student Code of Conduct.

In determining whether alleged conduct violates this regulation, the University will consider the totality of the facts and circumstances involved in the incident, including the nature of the alleged conduct and the context in which it occurred. Any of the prohibited conduct defined in this regulation can be committed by individuals of any gender identity or sexual orientation, and it can occur between individuals of the same or different gender identity or orientation. It can occur between strangers or acquaintances, as well as people involved in intimate or sexual relationships.

The prohibited behaviors listed below are serious offenses and will result in University discipline. Prohibited conduct involving force, duress, or inducement of incapacitation, or where the perpetrator has deliberately taken advantage of another individual’s state of incapacitation, will be deemed especially egregious and may result in expulsion or termination of employment. The respondent’s consumption of alcohol or the use of illegal substances does not constitute a mitigating circumstance when it contributes to a violation under this regulation.

Prohibited behaviors are:
- **Quid Pro Quo Sexual Harassment:** An employee of the University conditioning the provision of an aid, benefit, or service of the University on an individual’s participation in unwelcome sexual conduct;

- **Title IX Sexual Harassment:** Unwelcome sexual conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the University’s education program or activity;

- **Sexual Assault:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. This includes the following:
  - **Rape:** Sexual intercourse involving penetration without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
  - **Sexual Assault with an Object:** To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
  - **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
  - **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

- **Domestic Violence:** A felony or misdemeanor crime of violence committed: (a) by a current or former spouse or intimate partner of the victim; (b) by an individual with whom the victim shares a child in common; (c) by an individual who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (d) by an individual similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred; (e) by any other individual against an adult or youth victim who is protected from that individual’s acts under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred. For purposes of this regulation, an intimate partner is defined as an individual with whom one has or had a short- or long-term relationship that provides romantic and/or physical intimacy or emotional dependence. Intimate relationships can occur between individuals of the same gender or different genders and may include (but are not limited to) marriages, civil unions, dating relationships, “hook-up” relationships, relationships in which partners are characterized as “girlfriends” or “boyfriends,” and relationships between individuals with a child in common.

- **Dating Violence:** Violence committed by an individual who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting individual’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship. This includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.
• **Stalking:** Engaging in a course of conduct directed at a specific individual that would cause a reasonable person to: (a) fear for the individual’s safety or the safety of others; or (b) suffer substantial emotional distress. For the purposes of the Stalking definition: *Course of conduct* means two or more acts, including acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about an individual, or interferes with an individual’s property. *Reasonable person* means a reasonable person under similar circumstances and with similar identities to the victim. *Substantial emotional distress* means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

• **Retaliation under this regulation:** No individual may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by this regulation or because an individual has made a report or formal complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this regulation.

The University retains the right to charge an individual for making a materially false statement in bad faith during the course of an investigation, proceeding, or hearing under this regulation, but will not conclude that any individual has made a materially false statement in bad faith solely based on the determination regarding responsibility.

Complaints alleging retaliation under this Title IX regulation, including for the exercise of rights under this regulation, must be filed in accordance with this regulation and will be addressed promptly and equitably. Where the individual allegedly retaliating is not affiliated with the University and not otherwise subject to its regulations, the University will process the complaint and take appropriate measures.

Notwithstanding the above, the exercise of rights protected under the First Amendment does not constitute retaliation prohibited under this regulation; and charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this regulation does not constitute retaliation; provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

For purposes of this regulation, consent is defined as follows:

**Consent and Incapacitation.**

An affirmative decision to engage in mutually acceptable sexual activity freely given by clear actions and/or words. Consent may not be inferred from silence, passivity, or lack of active resistance alone.

- A current or previous dating or sexual relationship is not sufficient to constitute consent, and consent to one form of sexual activity does not imply consent to other forms of sexual activity.
- An individual is unable to freely give consent when the individual is incapacitated (arising, for example, from the use of alcohol or other drugs or when the individual is passed out, asleep, unconscious, or mentally or physically impaired).
- The perspective of a reasonable person will be the basis for determining whether a respondent knew, or reasonably should have known, whether a complainant was able to freely give consent and whether consent was given. Additionally, being intoxicated or incapacitated does not
diminish one’s responsibility to obtain consent and will not be an excuse for sexual misconduct.

- Consent cannot be obtained by coercion or force. Coercion or force includes conduct, intimidation, and express or implied threats of physical or emotional harm, that would reasonably place an individual in fear of immediate or future harm and that is employed to persuade or compel someone to engage in Sexual Contact. Examples of coercion or force include causing the deliberate incapacitation of another person; conditioning an academic benefit or employment advantage on submission to the sexual contact; threatening to harm oneself if the other party does not engage in sexual contact; or threatening to disclose an individual's sexual orientation, gender identity, gender expression, or other personal sensitive information if the other party does not engage in the sexual contact.

Important points regarding consent include:
- Consent to one act does not constitute consent to another act.
- Consent on a prior occasion does not constitute consent on a subsequent occasion.
- The existence of a prior or current relationship does not, in itself, constitute consent.
- Consent can be withdrawn or modified at any time.
- Consent is not implicit in an individual’s manner of dress.
- Accepting a meal, a gift, or an invitation for a date does not imply or constitute consent.
- Silence, passivity, or lack of resistance does not necessarily constitute consent.
- Initiation by someone who a reasonable person knows or should have known to be deemed incapacitated is not consent.

For purposes of this regulation, **incapacitation** (or incapacity) is the state in which an individual’s perception or judgment is so impaired that the individual lacks the cognitive capacity to make or act on conscious decisions. The use of drugs or alcohol can cause incapacitation. An individual who is incapacitated is unable to consent to a sexual activity. Engaging in sexual activity with an individual who is incapacitated (and therefore unable to consent), where an individual knows or ought reasonably to have understood that the individual is incapacitated, constitutes a violation of this regulation.

### IV. Assessment and Dismissal of Formal Complaints

When the Title IX Coordinator receives a report that involves allegations that could be a violation of the Title IX Regulation, they will first respond to any immediate health or safety concerns raised. The Title IX Coordinator will then conduct an initial assessment for the sole purpose of determining whether the alleged conduct, if substantiated, would constitute prohibited conduct under this regulation. The University will seek to complete this initial assessment within ten (10) business days of receipt of the formal complaint. Following the initial assessment, the Title IX Coordinator may take any of the following actions:
• If the allegations forming the basis of the formal complaint would, if substantiated, constitute prohibited conduct as defined in this regulation, the Title IX Coordinator shall implement appropriate supportive measures. In addition, the Title IX Coordinator shall initiate an investigation of the allegations under this regulation in a formal complaint, as described in section IV. However, if the Title IX Coordinator deems the formal complaint appropriate for the informal resolution process, upon the consent of both parties, the Title IX Coordinator may instead refer the matter to the informal resolution process, as described in section IV.

• If the allegations forming the basis of the formal complaint would not, if substantiated, constitute prohibited conduct as defined in this regulation, the Title IX Coordinator shall dismiss the formal complaint from the Title IX Regulation grievance process (and either party may appeal this dismissal, as discussed below). However, if appropriate, the Title IX Coordinator may refer the matter to the Prohibited Discrimination Regulation process or to another office for review; or, if the Title IX Coordinator deems the formal complaint appropriate for the informal resolution process, upon the consent of both parties, the Title IX Coordinator may instead refer the matter to the informal resolution process.

In addition, at any time prior to the hearing, the University may dismiss a formal complaint if:

• The complainant notifies the Title IX Coordinator in writing that the complainant wishes to withdraw the formal complaint or any allegations therein;

• The respondent is no longer enrolled or employed by the University; or

• Specific circumstances prevent the University from gathering sufficient evidence to reach a determination as to the formal complaint or the allegations therein.

• Upon dismissal, the University shall promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties via electronic format. Both parties will have equal right to appeal the dismissal through the appeal process.

The determination regarding dismissal becomes final either on the date that the parties are provided with the written determination of the result of an appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely. Once final, a complainant cannot file a formal complaint under this regulation concerning the same alleged conduct.

V. Confidentiality, Privacy, and Related Responsibilities

Issues of privacy and confidentiality play important roles in this regulation, and may affect individuals differently. Privacy and confidentiality are related but distinct terms that are defined below.

In some circumstances, the reporting responsibilities of University faculty or staff, or the University’s responsibility to investigate, may conflict with the preferences of the complainant and/or respondent with regard to privacy and confidentiality. Individuals are encouraged to familiarize themselves with their options and responsibilities, and make use of Confidential Resources, if applicable, in determining their preferred course of action.
Requests for confidentiality or use of anonymous reporting may limit the University’s ability to conduct an investigation.

1. Confidentiality and Confidential Resources

The term “confidentiality” refers to the circumstances under which information will or will not be disclosed to others.

Several campus professionals are designated confidential resources, who are not obligated to report information that is provided to them. This allows individuals to explore their options in a non-pressured environment while they make informed decisions. There may be exceptions in cases involving child abuse, imminent risk of serious harm, emergent hospitalization, or a court order. In addition, non-identifying information about violations of the Title IX Regulation may be submitted to the University Police Department for purposes of the anonymous statistical reporting under the Clery Act.

An individual who is not prepared to make a report or formal complaint, or who may be unsure how to label what happened, but still seeks information and support, is strongly encouraged to contact a confidential resource.

Confidential Resources:

Student Support Resources
The University's Counseling Services 336-770-3288 are available to provide confidential assistance to students.

Location: UNCSA Student Health Services in the Wellness Center is located in the upper level of Hanes Student Commons.

Employee Support Resources
The University’s Ombuds is available to provide confidential assistance to faculty and staff.

Joshua Canzona
Ombuds
Campus email address: ombuds@uncsa.edu
Gmail address: saombuds@gmail.com
Phone: 336-480-7203
The Ombuds Office is located in the Kilpatrick Townsend building complex at: 1001 W. Fourth Street, Winston-Salem, NC 27101.

Employees may also seek help through the Employee Assistance Program (EAP). You can access the EAP program online or via telephone:

Call: 888-311-4327 or TDD: 800-697-0353

Your UNCSA Web ID: UNCSA

In light of the University’s obligation to respond promptly and effectively to individuals alleged to be victimized by a violation of the Title IX Regulation, all University faculty and staff who are not designated confidential
resources are required to notify the Title IX Coordinator of suspected violations of this regulation, and cannot guarantee the confidentiality of a report under this regulation.

2. Confidentiality Rights of Complainants and Respondents

While complainants, respondents, and witnesses involved in the grievance process under this regulation are strongly encouraged to exercise discretion in sharing information in order to safeguard the integrity of the process and to avoid the appearance of retaliation, complainants and respondents are not restricted from discussing the allegations under investigation.

Medical, psychological, and similar treatment records are privileged and confidential documents that cannot be accessed or used for a grievance process under this regulation without the relevant party’s voluntary, written consent.

3. Privacy

The term “privacy” refers to the discretion that will be exercised by the University in the course of any investigation or grievance processes under this regulation.

In all proceedings under this regulation, the University will take into consideration the privacy of the parties to the extent possible.

In cases involving students, the Title IX Coordinator may notify University staff or faculty on a need-to-know basis of the existence of the report and/or formal complaint for the purpose of overseeing compliance with this regulation and addressing any concerns related to educational and residential life. While not bound by confidentiality, these individuals will be discreet and will respect the privacy of those involved in the process.

In accordance with federal regulations, the University will keep confidential the identity of any individual who has made a report or formal complaint under this regulation, including any complainant, any individual who has been reported to be the perpetrator, any respondent, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA), or as required by law, or to carry out the purposes of conducting any investigation or hearing under this regulation.

Any additional disclosure by the University of information related to the report or formal complaint may be made if consistent with FERPA or the Title IX requirements. In addition, governmental agencies may mandate certain reporting related to prohibited conduct under this regulation involving University employees or students.

4. Release of Information

If the University Police Department becomes aware of a serious and continuing threat to the campus community, they may issue a timely warning in accordance with federal regulation to protect the health or safety of the community. The University Police Department may also publish a reported incident in the daily crime log or annual security report. In addition, the University may also share non-identifying information, including data about outcomes and sanctions, in aggregate form. The University will not disclose the name or other personally identifiable information of the complainant unless it has received the express consent of the complainant or unless the release of such information is consistent with legal requirements or mandated by law.
VI. Options for Complainants, Respondents, and Other Reporting Individuals

A complainant, respondent, or witness has many options, including counseling and support services. Information regarding contact information for local law enforcement as well as contact information for confidential resources that are available to provide support to parties and witnesses are listed below.

After consulting a confidential resource as appropriate, a complainant may:

- Request supportive measures from the Title IX Coordinator;
- File a formal complaint with the Title IX Coordinator, thereby invoking the University’s internal grievance process;
- Contact the University Police Department or local law enforcement to file a criminal complaint and preserve physical evidence; the University Police Department can assist a complainant who decides to pursue a criminal process if local law enforcement if the incident does not fall under University Police Department’s jurisdiction.

An individual may pursue some or all of these steps at the same time. When initiating any of the above, an individual does not need to know whether they wish to request any particular course of action, nor how to label what happened. Before or during this decision-making process, complainants and other reporting individuals are encouraged to consult a confidential resource.

1. Employees’ Responsibility to Report

In emergency situations, if there is a suspected crime in progress or imminent or serious threats to the safety of anyone, employees must immediately contact the Department of Public Safety by dialing 911.

In non-emergency situations, employees (other than those formally designated as confidential resources under this regulation) must promptly report suspected violations of this regulation to the Title IX Coordinator. Some students with special responsibilities, including Residential Assistants, must promptly report alleged violations of this regulation to their supervisors in Housing and Residence Life, who will then consult with the Title IX Coordinator.

Students are encouraged to report any suspected violation of this regulation.

2. Anonymous Reporting

If a reporting individual makes an anonymous report, Title IX Coordinator will consider how to proceed, taking into account the individual’s articulated concerns; the best interests of the University community; fair treatment of all individuals involved; and the University’s obligations under Title IX.

A complainant cannot file a formal complaint anonymously.

Any individual may make an anonymous report concerning a violation of this regulation through the online reporting form. Anonymous reporting does not satisfy employees’ reporting obligation. However, if the reporter provides limited information, the University may be limited in its ability to take action.

3. Timeliness of Report
Complainants and other reporting individuals are encouraged to report any violation of this regulation as soon as possible in order to maximize the University’s ability to respond promptly and effectively. Reports and formal complaints may be made at any time without regard to how much time has elapsed since the incident(s) in question. If the respondent is no longer a student or employee at the time of the report or formal complaint, the University may not be in a position to gather evidence sufficient to reach a determination as to the formal complaint and/or the University may not be able to take disciplinary action against the respondent. However, the University will still seek to provide support for the complainant and seek to take steps to end the prohibited behavior, prevent its recurrence, and address its effects.

4. Amnesty

In order to encourage reports of conduct that is prohibited under this regulation, the University may offer leniency with respect to other violations which may come to light as a result of such reports, depending on the circumstances involved.

VII. Supportive Measures for Complainants and Respondents

Upon receipt of a report or formal complaint of a violation of this regulation, the University, through the Title IX Coordinator, will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant’s wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The University will also consider supportive measures, as appropriate and reasonably available, for the respondent.

These supportive measures are designed to restore or preserve equal access to the University’s educational and working programs or activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties and the broader University community, or deter sexual harassment. While a supportive measure may impose some restrictions on a party, it will not unreasonably burden them. The University may provide supportive measures to the complainant or respondent, as appropriate, as reasonably available, and will do so without fee or charge, regardless of whether the complainant seeks formal disciplinary action. Once supportive measures are approved, the parties or affected individuals will be notified in writing of the supportive measures. The University will maintain any supportive measures provided to the complainant or respondent as confidential to the extent possible.

Supportive measures may include:

- counseling;
- extensions of deadlines or other course-related adjustments;
- modifications of work or class schedules;
- campus escort services;
- mutual no-contact directives between the parties;
- changes in work or housing locations;
• leaves of absence;
• increased security and monitoring of certain areas of the campus; and/or
• any other measure that can be used to achieve the goals of this regulation.

Requests for supportive measures may be made by or on behalf of the complainant or respondent to any University official, including the Title IX Coordinator. The Title IX Coordinator is responsible for ensuring the implementation of supportive measures and coordinating the University’s response with the appropriate offices on campus.

All individuals are encouraged to report concerns about the failure of another to abide by any restrictions imposed by a supportive measure. The University will take immediate action to enforce a previously implemented measure and disciplinary sanctions can be imposed for failing to abide by a University-imposed measure.

VIII. Emergency Removal

In connection with this regulation, whether or not a grievance process is underway, the University may summarily remove an individual from an education program or activity on an emergency basis, after undertaking an individualized safety and risk analysis, and upon the determination that the individual poses an immediate threat to the physical health or safety of any student or other individual (including themselves, the respondent, the complainant, or any other individual). In these situations, the University will provide the individual with notice and an opportunity to challenge the decision immediately following the removal.

IX. Informal Resolution Process

Subject to the consent of the parties and the approval of the Title IX Coordinator, the University permits informal resolution processes in cases in which a formal complaint has been filed with the Title IX Coordinator. Subject to approval by the Title IX Coordinator, the informal resolution process is available in matters involving a student complainant and a student respondent as well as in matters involving a faculty/staff complainant and a faculty/staff respondent; the informal resolution process is not available in matters involving a student complainant and a faculty/staff respondent.

The informal resolution process is a voluntary, remedies-based process designed to provide parties with an option to resolve disputes with other students in a forum that is separate and distinct from the University’s formal grievance processes under this regulation. The purpose of the informal resolution process is to address the conduct which has been reported by the complainant, and place the parties in a position to pursue their academic and non-academic interests in a safe, respectful, and productive educational and working environment. Under this process, there will be no disciplinary action taken against a respondent, and the resolution will not appear on the respondent’s disciplinary record.

The University may facilitate the informal resolution process prior to conducting a hearing. Before the informal resolution process is used, both parties must provide voluntary, written consent to the informal resolution process and must receive written notice disclosing: the allegations, the requirements of the informal resolution process (including the circumstances under which it precludes the parties from resuming a formal complaint arising from
the same allegations), and any outcomes resulting from participating in the informal resolution process (including the records that will be maintained or could be shared). At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX Regulation grievance process with respect to the formal complaint.

The University will not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints under the Title IX Regulation. Similarly, the University will not require, encourage, or discourage the parties from participating in the informal resolution process.

X. Grievance Procedures for Title IX Complaints, In General

The University is committed to providing a prompt and impartial investigation and adjudication of all formal complaints alleging violations of this regulation. During the grievance process, both parties (complainant and respondent) have equal rights to participate.

1. Conflict of Interest

All individuals who have responsibilities in administering the grievance process under this regulation must be free of any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent and will be trained as provided by federal regulations. Parties will be notified at the appropriate junctures of the identities of the individuals serving as investigators and others in the adjudication or appeal process. A party who has concerns that one or more of the individuals in the process has conflicting interest or is biased must report those concerns to the Title IX Coordinator within 48 hours of being notified of their identities and include a brief explanation of the basis for the conflict or bias concern. The Title IX Coordinator will assess the allegations of conflict or bias to determine whether or not the identified individual(s) can fulfill their duties in an impartial way. If the Title IX Coordinator concludes that the facts and circumstances support the claim of conflict or bias, the pertinent individual(s) will not participate in the case.

2. Responsibility to Review Reports and Formal Complaints

In order to protect the safety of the campus community, the Title IX Coordinator may review reports of violations of this regulation even absent the filing of a formal complaint, or under certain circumstances, even if a formal complaint has been withdrawn. In limited circumstances, the Title IX Coordinator may need to themselves file a formal complaint and proceed with an investigation even if a complainant specifically requests that the matter not be pursued. In such a circumstance, the Title IX Coordinator will take into account the complainant’s articulated concerns, the best interests of the University community, fair treatment of all individuals involved, and the University’s obligations under Title IX.

Under this regulation, an investigation and adjudication may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. Neither a decision by law enforcement regarding prosecution nor the outcome of any criminal proceeding will be considered determinative of whether a violation of this regulation has occurred.

3. Presumption of Good Faith Reporting
The University presumes that reports of prohibited conduct are made in good faith. A finding that the alleged behavior does not constitute a violation of this regulation or that there is insufficient evidence to establish that the alleged conduct occurred as reported does not mean that the report was made in bad faith.

4. Presumption of Non-Responsibility

The respondent is presumed to be not responsible for the alleged conduct unless and until a determination regarding responsibility is made at the conclusion of the grievance process.

5. Honesty and Cooperation during Grievance Process

The University expects all members of the University community to be honest and cooperative in their official dealings with the University under this regulation. In this regard, individuals are expected to acknowledge requests from University officials for information in a timely fashion and to make themselves available for meetings with University officials or any officials acting on behalf of the University; any student or member of the faculty or staff who fails to do so may be subject to discipline. However, parties and witnesses may choose not to attend the hearing or may choose not to participate in cross examination at the hearing.

6. Advisers

Throughout the grievance process, each party may have an adviser of their choice; parties may change their adviser at any time during the grievance process. An adviser is an individual chosen by a complainant or a respondent to provide guidance during the grievance process. An adviser may be a member or non-member of the University community, and may be an attorney. The adviser may attend the hearing and may conduct cross-examination of the other party and any witnesses at the hearing; otherwise, the adviser may not actively participate in the hearing.

If a party does not have an adviser present at the hearing to conduct cross examination, the University will provide without fee or charge to that party an adviser selected by the University to conduct cross-examination of the other party and/or any witnesses.

Any individual who serves as an adviser is expected to make themselves available for meetings and interviews throughout the investigation process, as well as the hearing, as scheduled by the University. The University (including any official acting on behalf of the University such as an investigator or a hearing panelist) has the right at all times to determine what constitutes appropriate behavior on the part of an adviser and to take appropriate steps to ensure compliance with this regulation.

7. Prior Sexual Behavior

The complainant’s prior sexual behavior are not relevant and will not be used during the grievance process, unless offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent.

8. Consolidation

The Title IX Coordinator has the discretion to consolidate multiple formal complaints as to allegations of Title IX Regulation violations against more than one respondent, or by more than one complainant against one or more
respondents, or by one party against the other party, where the allegations of Title IX Regulation violations arise out of the same facts or circumstances.

9. Investigation of Allegations of Violations of Other University Regulations

a. Allegations under the Prohibited Discrimination Regulation

When an initial assessment or investigation under this regulation identifies additional related possible violations of the Prohibited Discrimination Regulation by the same party(ies), the grievance process set forth in the Title IX Regulation and procedures will apply to all allegations. Under such circumstances, the parties will be provided with written notice containing the following information: (a) the alleged prohibited conduct, and (b) the regulation(ies) under which alleged prohibited conduct falls.

b. Allegations under Other University Regulations

When an initial assessment or investigation under this regulation identifies additional related possible violations of University regulations (other than the Prohibited Discrimination Regulation, as described above) by the same party(ies) that would normally be handled by another responsible office, the Title IX Coordinator, with the approval of that responsible office, may direct investigators under this regulation to investigate such other possible violations at the same time that they investigate the allegations covered by this regulation. Under such circumstances, the records from the investigation of the non-Title IX Regulation matter shall be provided to the office responsible for adjudicating that non-Title IX Regulation matter in accordance with applicable University regulations and procedures.

10. Procedures Where One Party Is a Member of the University Community and the Other Party Is a Non-Member of the University Community

When a third party, (i.e., a non-member of our University community, which could include, for example, alumni) is a party under this regulation, the University will use disciplinary procedures that are generally consistent with the disciplinary procedures described in this regulation, appropriately modified based on the particular circumstances of the case and taking into account privacy requirements and the like. In no case will a member of our community (i.e., current student, faculty member, or staff member) be afforded lesser rights or lesser opportunities to participate in the disciplinary proceeding than the non-member of the University community.

XI. Investigation and Adjudication In Student Respondent Cases

1. Timing

The University will seek to complete the investigation and adjudication within ninety (90) business days after the investigators’ first interview of the complainant. Investigations will proceed according to the aforementioned timeframe during the summer and at other times when the University is not in session. Timeframes for all phases of the grievance process, including the investigation, the hearing, and any related appeal, apply equally to both parties.

There may be circumstances that require the extension of time frames for good cause. Time frames may be extended to ensure the integrity and completeness of the investigation or adjudication, comply with a request by external law enforcement, accommodate the absence of a party, adviser, or witness, or for other legitimate reasons,
including the complexity of the investigation and the severity and extent of the alleged misconduct. The University will notify the parties in writing of any extension of the time frames for good cause, and the reason for the extension.

In accordance with University regulation, the University will review requests for language assistance and accommodation of disabilities throughout the investigation and adjudication process.

Although cooperation with law enforcement may require the University to temporarily suspend the fact-finding aspect of an investigation, under such circumstances, the University will promptly resume its investigation as soon as it is notified by the law enforcement agency that the agency has completed the evidence gathering process. The University will not, however, wait for the conclusion of a criminal proceeding to begin its own investigation and, if needed, will take immediate steps to provide supportive measures for the complainant or respondent. Neither a decision by law enforcement regarding prosecution nor the outcome of any criminal proceeding will be considered determinative of whether a violation of this regulation has occurred.

2. Investigation

If the Title IX Coordinator has determined, following an initial assessment, that an investigation is appropriate, the Title IX Coordinator or a designee will act as the investigator.

a. Notice of Investigation

Following the receipt and review of the formal complaint by the Title IX Coordinator, and it being determined that the matter properly falls under this Title IX Regulation, the parties will be informed in writing of the initiation of the investigation. The written information shall include:

- The identities of the parties, if known.
- A concise summary of the alleged conduct at issue (including when and where it occurred, if known).
- Notice of the allegations potentially constituting Title IX Regulation violations.
- A statement that the respondent is presumed not responsible and that a determination regarding responsibility is made at the conclusion of the grievance process.
- A statement informing the parties that they may have an adviser of their choice, who may be, but is not required to be, an attorney.
- A statement informing the parties that they may request to inspect and review evidence.
- A statement informing the parties that knowingly making false statements or knowingly submitting false information during the grievance process may constitute a violation of University regulation.
- Information regarding the applicable grievance procedures, including the informal resolution process.

If, during the investigation, additional information is disclosed that may also constitute prohibited conduct under this regulation, the respondent and complainant will be informed in writing that such additional information will be included in the grievance process.

b. Collection of Evidence
The investigators will collect information from each party. While the complainant and the respondent are not restricted from gathering and presenting relevant evidence, the investigators are responsible for gathering relevant evidence to the extent reasonably possible. However, each party will be given an equal opportunity to suggest witnesses; provide other relevant information, such as documents, communications, photographs, and other evidence; and suggest questions to be posed to the other party or witnesses. Parties and witnesses are expected to provide all available relevant evidence to the investigators during the investigation. If a party or witness fails to provide available relevant evidence during the investigation, such evidence may, at the discretion of the Director of Student Conduct or designee, be excluded from consideration at the hearing. While parties are not restricted from presenting information attesting to the parties’ character, such evidence generally is not considered relevant.

The investigators will provide to a party written notice of the date, time, location, participants, and purpose of all investigative interviews to which they are invited or expected, with sufficient time (generally no less than three (3) business days, absent exigent circumstances) for the party to prepare to participate.

Parties will be interviewed separately. The investigator will interview witnesses as necessary.

In general, a party’s medical and counseling records are confidential. The investigators will not access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the investigators obtain that party’s voluntary, written consent to do so.

The investigators will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege (e.g., attorney-client, doctor-patient), unless the individual holding such privilege has waived the privilege.

c. Case File

After each party has been interviewed and had the opportunity to identify witnesses and other potentially relevant information and evidence, and the investigators have completed any witness interviews and any gathering of evidence, the investigators will prepare a case file. The case file will include all collected evidence that is directly related to the allegations raised in the formal complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and any inculpatory or exculpatory evidence, whether obtained from a party or other source as part of the investigation. The case file may include, as applicable, transcripts or summaries of party and witness interviews and other collected documents and evidence. The investigators will provide the case file, redacted of personally identifiable information in accordance with privacy regulations, to each party and their adviser in electronic form or hard copy. In all cases, any information relied on in adjudicating the matter will be provided to the parties and their advisers. The investigators will also provide an updated Notice of the Allegations, as appropriate.

d. Investigative Report

Following their review of the parties’ responses (if any) to the case file, the investigators will create a written investigative report that summarizes all relevant evidence. The investigator will not make a finding of responsibility.

Within ten (10) business days of receiving the investigative report, each party may respond in writing, which may include a request that the investigators collect additional evidence. If the investigators believe that further
information is needed following receipt of any responses from the parties, the investigators will pursue any additional investigative steps as needed. The parties and their advisers will be provided with each party’s written responses to the case file, if any, as well as any additional information collected by the investigators, in electronic format or hard copy.

At least ten (10) business days prior to the hearing, the investigative report will be provided to the parties and their advisers via electronic format.

The parties may choose to provide a written response to the investigative report, which must be submitted at least five (5) business days prior to the start of the hearing. At least 48 hours prior to the hearing, the parties and their advisers will be provided with the other party’s written response to the investigative report, if any, in electronic format.

3. Hearing

A panel of three individuals will make up the hearing panel and will hear every case. One of the individuals on the hearing panel will be the Director of Student Conduct or a designee and shall serve as the hearing officer and two of the individuals on the Hearing panel may be members of the University community or designees appointed by the hearing officer.

The hearing officer will have absolute discretion with respect to administering the hearing. The hearing officer will decide whether evidence and witnesses are relevant or irrelevant, with the understanding that the introduction of relevant evidence and witnesses will always be permitted. The hearing officer will be responsible for maintaining an orderly, fair, and respectful hearing and will have broad authority to respond to disruptive or harassing behaviors, including adjourning the hearing or excluding the offending individual, including a party, witness, or adviser.

Prior to the hearing, the hearing panel will be provided with the case file, investigative report, and any responses to the investigative report. All members of the hearing panel shall review the case file (including the parties’ responses), ask questions during the hearing as they deem appropriate, and participate in the deliberations leading to the adjudication of responsibility.

At least five (5) business days prior to the hearing, the parties and their advisers will be notified of the hearing date, time, and location (or relevant electronic information, if the hearing will be conducted remotely).

In advance of the hearing, parties will be required to identify witnesses to be called at the hearing, as well as to provide a brief written explanation of the information each witness would be asked to provide, such that the hearing officer can determine their relevance. The hearing officer has the discretion to exclude from the hearing evidence/witnesses/questions deemed irrelevant.

At the hearing officer’s discretion, pre-hearing meetings may be scheduled with each of the parties and their advisers to explain the hearing protocol.

a. Standard of Proof

The standard of proof under this regulation is preponderance of the evidence. A finding of responsibility by a preponderance of the evidence means that it is more likely than not, based on all the relevant evidence and reasonable inferences from the evidence, that the respondent violated this regulation.
b. Expectation regarding the Complainant, the Respondent, and the Witnesses regarding the Hearing

In all proceedings under this regulation, including at the hearing, the complainant, the respondent, and the witnesses and other individuals sharing information are expected to provide truthful information.

If the complainant, the respondent, or a witness informs the University that they will not attend the hearing (or will refuse to be cross-examined), the hearing may proceed, as determined by the Title IX Coordinator. The hearing panel may not, however: (a) rely on any statement or information provided by that non-participating individual in reaching a determination regarding responsibility; or (b) draw any adverse inference in reaching a determination regarding responsibility based solely on the individual’s absence from the hearing (or their refusal to be cross-examined).

Each party may make requests related to the format or the nature of their participation in the hearing. The hearing officer will accommodate requests by either party for the hearing to occur with the parties located in separate locations with technology enabling the hearing panel and the parties to simultaneously see and hear the party answering questions. As appropriate and/or at the discretion of the hearing officer, hearings may be conducted in person or by video conference or any other means of communications by which all individuals participating are able to see and hear each other.

c. Case Presentation

While the hearing is not intended to be a repeat of the investigation, the parties will be provided with an equal opportunity for their advisers to conduct cross examination of the other party and/or of relevant witnesses. A typical hearing may include brief opening remarks by the hearing officer; questions posed by the hearing panel to one or both of the parties; questions posed by the hearing panel to any relevant witnesses; and cross-examination by either party’s adviser of the other party and relevant witnesses.

The parties’ advisers will have the opportunity to cross examine the other party (and witnesses, if any). Such cross examination must be conducted directly, orally, and in real time by the party’s adviser and never by a party personally. Only relevant cross examination questions may be asked of a party or witness. Before a party or witness answers a cross-examination question that has been posed by a party’s adviser, the hearing officer must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

Other University administrators may attend the hearing at the request of or with the prior approval of the hearing officer.

d. Record of Hearing

The University shall create an official record in the form of all written materials used in the hearing including the investigation report, attachments, etc.

e. Written Determination

Following the hearing, the hearing panel will consider all of the relevant evidence and deliberate regarding responsibility. The hearing panelist shall make a determination, by a preponderance of the evidence, whether the respondent has violated the regulation. The hearing panelist shall write a written determination, which will contain: (1) the allegations potentially constituting the Title IX Regulation violation; (2) a description of the procedural steps taken from the receipt of the formal complaint through the determination (including any notifications to the parties, interviews with parties and witnesses, site visits (if any), methods used to gather other
information, and the hearing); (3) findings of fact supporting the determination; (4) conclusions regarding the application of this regulation to the facts; (5) a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility (i.e., whether a regulation violation occurred), any disciplinary sanctions imposed by the Director of Student Conduct or designee if there has been a finding of responsibility, and whether any remedies designed to restore or preserve equal access to the University’s education program or activity or working environment will be implemented; and (6) relevant appeal information for the parties. Disciplinary sanctions and remedies will be determined in accordance with the procedures listed below, and the information will be provided to the Hearing panelist for inclusion in the written determination.

The parties and their advisers will simultaneously be provided with the written determination via electronic format.

4. Disciplinary Sanctions and Remedies (to be included in the Written Determination)

If a party is found to have violated this regulation, before finalizing the written determination, the hearing officer will refer the matter to the appropriate University official(s) to determine sanctions and remedies. Sanctions being imposed will be included in the written determination.

Sanctions will take into account the seriousness of the misconduct as compared to like cases in the past, the respondent’s previous disciplinary history (if any), and institutional principles. Remedies, which may include supportive measures, will be designed to restore or preserve equal access to the University’s education program or activity. Specifically, sanctions will be set by the following Director of Student Conduct or designee:

- If a **high school, undergraduate or graduate student** is found responsible for violating the regulation, the case record (consisting of the case file and responses, investigative report and responses, and written determination relating to the finding of responsibility) will be provided to the Director of Student Conduct or designee. The Director or Student Conduct or designee will determine sanctions and remedies in consultation with appropriate University administrators. Any sanctions and remedies will be included in the hearing panelist’s written determination, and sanctions will be subject to appeal under this regulation.

XII. Appeal of Student Respondent Cases

Appeals under this regulation will be heard by the Dean of Students or designee.

Both parties have equal rights to an impartial appeal at the following junctures:

A. Upon the dismissal of a formal complaint or any allegations therein.

B. Upon receiving the hearing officer’s written determination regarding responsibility and, when applicable, sanction and remedies.

Appeals may be submitted on the following bases: (1) procedural irregularity that affected the outcome of the matter; (2) new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made which could affect the outcome of the matter; and/or (3) the Title IX Coordinator or their staff, investigator(s), any member of the hearing panel or Director of Student Conduct or designee had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.
To appeal, a party must electronically submit a written appeal statement to the Dean of Students of the University within five (5) business days of receipt of the written determination or dismissal. The Dean of Students may deem a late submission reasonable only under extenuating circumstances, and may decide in their sole discretion what constitutes valid extenuating circumstances. The appeal shall consist of a written statement not to exceed 2500 words, outlining the basis for appeal and the relevant information to substantiate the appeal. The non-appealing party will be provided with a copy of the appealing party’s written statement and may submit a written response, not to exceed 2500 words, to the Dean of Students within five (5) business days of receipt of the appealing party’s written statement. The non-appealing party’s statement will be provided to the appealing party. No further appeal submissions from the parties shall be permitted.

An appeal is limited in scope. The purpose of an appeal is not to initiate a review of substantive issues of fact or a new determination of whether a violation of University rules has occurred.

In deciding an appeal, the Dean of Students may consider the case file and any responses, investigative report and any responses, the hearing record, the written determination, and any written appeal(s) or statements by the parties. The Dean of Students also may consider any other materials the University deems relevant and that have been shared with the parties.

The parties and their advisers will simultaneously be provided (via electronic format) with the written decision describing the result of the appeal and the rationale for the result.

- If the Dean of Students finds that the earlier decision should stand, the parties will be so informed and the Title IX process is concluded.
- If the Dean of Students finds that there was procedural irregularity that affected the outcome of the matter, the matter will be remanded to the Director of Student Conduct or designee to determine appropriate further action.
- If the Dean of Students finds that new evidence is available which was not reasonably available at the time of the determination regarding responsibility or dismissal, and such evidence could alter the outcome of the matter, the matter will be remanded to the hearing officer for appropriate further action.
- If the Dean of Students finds that the Title IX Coordinator or their staff, investigator(s), or member of the hearing panel, had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter, the Dean of Students will take appropriate measures to address and remediate the impact of the bias or conflict consistent with the general procedures of this regulation.
- If the Dean of Students finds that the sanctions (or recommended sanctions) are not commensurate with the violation, the matter will be remanded to the Director of Student Conduct or designee for reconsideration.

The Dean of Students will seek to complete the appeal review within twenty (20) business days of receipt of the appealing party’s written statement.

Unless further proceedings are necessary the determination regarding responsibility becomes final either on the date that the parties are provided with the written determination of the result of an appeal if an appeal is filed (at which point the Title IX Regulation grievance process is concluded), or if an appeal is not filed, the date on which
an appeal would no longer be considered timely (at which point the Title IX Regulation grievance process is concluded).

XIII. Investigation and Adjudication of Faculty or Staff Respondent Cases

1. Timing

The University will seek to complete the investigation and adjudication within ninety (90) business days after the investigators’ first interview of the complainant. Investigations will proceed according to the aforementioned timeframe during the summer and at other times when the University is not in session. Timeframes for all phases of the grievance process, including the investigation, the hearing, and any related appeal, apply equally to both parties.

There may be circumstances that require the extension of time frames for good cause. Time frames may be extended to ensure the integrity and completeness of the investigation or adjudication, comply with a request by external law enforcement, accommodate the absence of a party, adviser, or witness, or for other legitimate reasons, including the complexity of the investigation and the severity and extent of the alleged misconduct. The University will notify the parties in writing of any extension of the time frames for good cause, and the reason for the extension.

In accordance with University regulation, the University will review requests for language assistance and accommodation of disabilities throughout the investigation and adjudication process.

Although cooperation with law enforcement may require the University to temporarily suspend the fact-finding aspect of an investigation, under such circumstances, the University will promptly resume its investigation as soon as it is notified by the law enforcement agency that the agency has completed the evidence gathering process. The University will not, however, wait for the conclusion of a criminal proceeding to begin its own investigation and, if needed, will take immediate steps to provide supportive measures for the complainant or respondent. Neither a decision by law enforcement regarding prosecution nor the outcome of any criminal proceeding will be considered determinative of whether a violation of this regulation has occurred.

2. Investigation

If the Title IX Coordinator has determined, following an initial assessment, that an investigation is appropriate, the Title IX Coordinator or a designee will act as the investigator.

a. Notice of Investigation

Following the receipt and review of the formal complaint by the Title IX Coordinator, and it being determined that the matter properly falls under this Title IX Regulation, the parties will be informed in writing of the initiation of the investigation. The written information shall include:

- The identities of the parties, if known.
- A concise summary of the alleged conduct at issue (including when and where it occurred, if known).
- Notice of the allegations potentially constituting Title IX Regulation violations.
• A statement that the respondent is presumed not responsible and that a determination regarding responsibility is made at the conclusion of the grievance process.

• A statement informing the parties that they may have an adviser of their choice, who may be, but is not required to be, an attorney.

• A statement informing the parties that they may request to inspect and review evidence.

• A statement informing the parties that knowingly making false statements or knowingly submitting false information during the grievance process may constitute a violation of University regulation.

• Information regarding the applicable grievance procedures, including the informal resolution process.

If, during the investigation, additional information is disclosed that may also constitute prohibited conduct under this regulation, the respondent and complainant will be informed in writing that such additional information will be included in the grievance process.

b. Collection of Evidence

The investigators will collect information from each party. While the complainant and the respondent are not restricted from gathering and presenting relevant evidence, the investigators are responsible for gathering relevant evidence to the extent reasonably possible. However, each party will be given an equal opportunity to suggest witnesses; provide other relevant information, such as documents, communications, photographs, and other evidence; and suggest questions to be posed to the other party or witnesses. Parties and witnesses are expected to provide all available relevant evidence to the investigators during the investigation. If a party or witness fails to provide available relevant evidence during the investigation, such evidence may, at the discretion of the Director of Student Conduct or designee, be excluded from consideration at the hearing. While parties are not restricted from presenting information attesting to the parties’ character, such evidence generally is not considered relevant.

The investigators will provide to a party written notice of the date, time, location, participants, and purpose of all investigative interviews to which they are invited or expected, with sufficient time (generally no less than three (3) business days, absent exigent circumstances) for the party to prepare to participate.

Parties will be interviewed separately. The investigator will interview witnesses as necessary.

In general, a party’s medical and counseling records are confidential. The investigators will not access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the investigators obtain that party’s voluntary, written consent to do so.

The investigators will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege (e.g., attorney-client, doctor-patient), unless the individual holding such privilege has waived the privilege.

c. Case File

After each party has been interviewed and had the opportunity to identify witnesses and other potentially relevant information and evidence, and the investigators have completed any witness interviews and any gathering of evidence, the investigators will prepare a case file. The case file will include all collected evidence that is directly
related to the allegations raised in the formal complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and any inculpatory or exculpatory evidence, whether obtained from a party or other source as part of the investigation. The case file may include, as applicable, transcripts or summaries of party and witness interviews and other collected documents and evidence. The investigators will provide the case file, redacted of personally identifiable information in accordance with privacy regulations, to each party and their adviser in electronic form or hard copy. In all cases, any information relied on in adjudicating the matter will be provided to the parties and their advisers. The investigators will also provide an updated Notice of the Allegations, as appropriate.

d. Investigative Report

Following their review of the parties’ responses (if any) to the case file, the investigators will create a written investigative report that summarizes all relevant evidence. The investigator will not make a finding of responsibility.

Within ten (10) business days of receiving the investigative report, each party may respond in writing, which may include a request that the investigators collect additional evidence. If the investigators believe that further information is needed following receipt of any responses from the parties, the investigators will pursue any additional investigative steps as needed. The parties and their advisers will be provided with each party’s written responses to the case file, if any, as well as any additional information collected by the investigators, in electronic format or hard copy.

At least ten (10) business days prior to the hearing, the investigative report will be provided to the parties and their advisers via electronic format.

The parties may choose to provide a written response to the investigative report, which must be submitted at least five (5) business days prior to the start of the hearing. At least 48 hours prior to the hearing, the parties and their advisers will be provided with the other party’s written response to the investigative report, if any, in electronic format.

3. Hearing

A panel of three individuals will make up the hearing panel and will hear every case. One of the individuals on the hearing panel will be the Director of Human Resources, Vice Provost, or a designee and shall serve as the hearing officer and two of the individuals on the hearing panel may be members of the University community or designees appointed by the hearing officer.

The hearing officer will have absolute discretion with respect to administering the hearing. The hearing officer will decide whether evidence and witnesses are relevant or irrelevant, with the understanding that the introduction of relevant evidence and witnesses will always be permitted. The hearing officer will be responsible for maintaining an orderly, fair, and respectful hearing and will have broad authority to respond to disruptive or harassing behaviors, including adjourning the hearing or excluding the offending individual, including a party, witness, or adviser.

Prior to the hearing, the hearing panel will be provided with the case file, investigative report, and any responses to the investigative report. All members of the hearing panel shall review the case file (including the parties’ responses), ask questions during the hearing as they deem appropriate, and participate in the deliberations leading to the adjudication of responsibility.
At least five (5) business days prior to the hearing, the parties and their advisers will be notified of the hearing date, time, and location (or relevant electronic information, if the hearing will be conducted remotely).

In advance of the hearing, parties will be required to identify witnesses to be called at the hearing, as well as to provide a brief written explanation of the information each witness would be asked to provide, such that the hearing officer can determine their relevance. The hearing officer has the discretion to exclude from the hearing evidence/witnesses/questions deemed irrelevant.

At the hearing officer’s discretion, pre-hearing meetings may be scheduled with each of the parties and their advisers to explain the hearing protocol.

a. Standard of Proof

The standard of proof under this regulation is preponderance of the evidence. A finding of responsibility by a preponderance of the evidence means that it is more likely than not, based on all the relevant evidence and reasonable inferences from the evidence, that the respondent violated this regulation.

b. Expectation regarding the Complainant, the Respondent, and the Witnesses regarding the Hearing

In all proceedings under this regulation, including at the hearing, the complainant, the respondent, and the witnesses and other individuals sharing information are expected to provide truthful information.

If the complainant, the respondent, or a witness informs the University that they will not attend the hearing (or will refuse to be cross-examined), the hearing may proceed, as determined by the Title IX Coordinator. The hearing panel may not, however: (a) rely on any statement or information provided by that non-participating individual in reaching a determination regarding responsibility; or (b) draw any adverse inference in reaching a determination regarding responsibility based solely on the individual’s absence from the hearing (or their refusal to be cross-examined).

Each party may make requests related to the format or the nature of their participation in the hearing. The hearing officer will accommodate requests by either party for the hearing to occur with the parties located in separate locations with technology enabling the hearing panel and the parties to simultaneously see and hear the party answering questions. As appropriate and/or at the discretion of the hearing officer, hearings may be conducted in person or by video conference or any other means of communications by which all individuals participating are able to see and hear each other.

c. Case Presentation

While the hearing is not intended to be a repeat of the investigation, the parties will be provided with an equal opportunity for their advisers to conduct cross examination of the other party and/or of relevant witnesses. A typical hearing may include brief opening remarks by the hearing officer; questions posed by the hearing panel to one or both of the parties; questions posed by the hearing panel to any relevant witnesses; and cross-examination by either party’s adviser of the other party and relevant witnesses.

The parties’ advisers will have the opportunity to cross examine the other party (and witnesses, if any). Such cross examination must be conducted directly, orally, and in real time by the party’s adviser and never by a party personally. Only relevant cross examination questions may be asked of a party or witness. Before a party or witness answers a cross-examination question that has been posed by a party’s adviser, the hearing officer must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.
Other University administrators may attend the hearing at the request of or with the prior approval of the hearing officer.

d. Record of Hearing

The University shall create an official record in the form of all written materials used in the hearing including the investigation report, attachments, etc.

e. Written Determination

Following the hearing, the hearing panel will consider all of the relevant evidence and deliberate regarding responsibility. The hearing panelist shall make a determination, by a preponderance of the evidence, whether the respondent has violated the regulation. The hearing panelist shall write a written determination, which will contain: (1) the allegations potentially constituting the Title IX Regulation violation; (2) a description of the procedural steps taken from the receipt of the formal complaint through the determination (including any notifications to the parties, interviews with parties and witnesses, site visits (if any), methods used to gather other information, and the hearing); (3) findings of fact supporting the determination; (4) conclusions regarding the application of this regulation to the facts; (5) a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility (i.e., whether a regulation violation occurred), any disciplinary sanctions imposed by the Director of Human Resources, Vice Provost or designee if there has been a finding of responsibility, and whether any remedies designed to restore or preserve equal access to the University’s education program or activity or working environment will be implemented; and (6) relevant appeal information for the parties. Disciplinary sanctions and remedies will be determined in accordance with the procedures listed below, and the information will be provided to the Hearing panelist for inclusion in the written determination.

The parties and their advisers will simultaneously be provided with the written determination via electronic format.

4. Disciplinary Sanctions and Remedies (to be included in the Written Determination)

If a party is found to have violated this regulation, before finalizing the written determination, the hearing officer will refer the matter to the appropriate University official(s) to determine sanctions and remedies. Sanctions being imposed will be included in the written determination.

Sanctions will take into account the seriousness of the misconduct as compared to like cases in the past, the respondent’s previous disciplinary history (if any), and institutional principles. Remedies, which may include supportive measures, will be designed to restore or preserve equal access to the University’s education program or activity. Specifically, sanctions will be set by the following Director of Human Resources, Vice Provost or designee:

- If a faculty member or other individual is found responsible, the case record (consisting of the case file and responses, investigative report and responses, hearing recording, and written determination relating to the finding of responsibility) will be forwarded to the Provost or designee, who will determine sanctions and remedies in consultation with appropriate University administrators. Any sanctions (and/or recommendation of sanctions) and remedies will be included in the hearing panelist’s written determination, and sanctions (and/or recommended sanctions) will be subject to appeal under this regulation.
If a staff member is found responsible, the case record (consisting of the case file and responses, investigative report and responses, and written determination relating to the finding of responsibility) will be forwarded to the Director of Human Resources or designee, who will determine sanctions and remedies in consultation with appropriate University administrators. Any sanctions and remedies will be included in the hearing panelist’s written determination, and sanctions will be subject to appeal under this regulation.

XIV. Appeal for Faculty or Staff Respondents

Appeals for faculty or staff will follow the applicable grievance process under Regulation 614, Regulation 615 for staff, or section 7.5 of the Faculty Handbook for faculty.

XV. Range of Sanctions under this Regulation

Members of the University community may be subject to disciplinary sanctions for violating this regulation.

Sanctions Applicable to Students

The sanctions for students are listed below.

1. Disciplinary Probation. A more serious admonition assigned for a definite amount of time. It implies that any future violation, of whatever kind, during that time, may be grounds for suspension, suspension with conditions, or in especially serious cases, expulsion from the University. Disciplinary probation will be taken into account in judging the seriousness of any subsequent infraction even if the probationary period has expired. Disciplinary probation appears on a student’s permanent record at the University (but not on the transcript) and may be disclosed by the Office of the Dean of Students in response to requests for which the student has given permission or as otherwise legally required.

2. Withholding of Degree. In cases involving seniors or graduate students in their final semester, the University may withhold a student’s degree for a specified period of time. This sanction is imposed instead of suspension at the end of a student’s senior year or final year of graduate study when all other degree requirements have been met. A withheld degree is recorded on a student's transcript. Relevant information remains on the student’s permanent record at the University and may be disclosed by the Office of the Dean of Students in response to requests for which the student has given permission or as otherwise legally required.

3. Suspension. Removal from membership in the University for a specified period of time. A suspension is recorded on a student’s transcript. Relevant information remains on the student’s permanent record at the University and may be disclosed by the Office of the Dean of Students in response to requests for which the student has given permission or as otherwise legally required. A suspension may continue until certain conditions, stipulated by the appropriate body applying this sanction, have been fulfilled. These conditions may include, but are not limited to, restitution of damages, formal apology, or counseling. Relevant information remains on the student’s permanent record at the University and may be disclosed by the
Office of the Dean of Students or the Office response to requests for which the student has given permission or as otherwise legally required.

4. **Expulsion.** Permanent removal from membership in the University, without any opportunity for readmission to the community. Expulsion is recorded on a student’s transcript. Relevant information remains on the student’s permanent record at the University and may be disclosed by the Office of the Dean of Students in response to requests for which the student has given permission or as otherwise legally required. An expulsion precludes admission to any other institution within the University of North Carolina System University.

The following may accompany the preceding sanctions, as appropriate:

**Campus Service.** Campus service up to 10 hours per week may be added to a reprimand or disciplinary probation. This sanction may be particularly appropriate in cases involving vandalism, disorderly conduct, and alcohol-related infractions.

**University Housing.** When appropriate to the infraction, particularly in instances involving antisocial behavior having a serious impact on the residential community, removal from University housing or relocation within University housing may be added to any of the other sanctions listed above, except warning and reprimand. Relocation within residential colleges will be imposed only after consultation with the head of the student’s residential college.

**Restriction of Access to Space, Resources, and Activities.** When appropriate in cases involving behavioral misconduct between members of the community, restrictions may be placed on access to space and/or resources or on participation in activities so as to limit opportunities for contact among the parties.

**Educational Refresher Programs.** In addition to any of the sanctions listed above, a student may be required to participate in educational refresher programs appropriate to the infraction.

**Restitution.** The sanction for willful or reckless damage or vandalism will ordinarily include restitution for replacement or repair.

**Sanctions Applicable to Faculty and Staff Members**

For violations of this regulation by faculty or staff members, disciplinary sanctions may include (in accordance with the employment regulations governing the employee in question) counseling or training, written warning, financial penalty, unpaid leave of absence, suspension (or recommendation for suspension), demotion, termination (or recommendation for termination) in accordance with applicable regulations. The University may place a faculty or staff member on administrative leave during the pendency of a grievance process, provided that such action shall not modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

**Sanctions Applicable to Non-Members of the University Community**

For violations of this regulation by non-members of the University community, including alumni, disciplinary sanctions may include being temporarily or permanently barred from the University or subject to other restrictions.
XVI. Informal Resolution Process

The informal resolution process is a voluntary, remedies-based process designed to provide members of the University community with an option to resolve certain disputes with other members of the University community in a forum that is separate and distinct from the University’s formal grievance processes under the Title IX Regulation or the Prohibited Discrimination Regulation. Subject to approval by the Title IX Coordinator, the informal resolution process is available in matters involving a student complainant and a student respondent as well as in matters involving a faculty/staff complainant and a faculty/staff respondent; the informal resolution process is not available in matters involving a student and an employee. The purpose of the informal resolution process is to eliminate the conduct which has been reported by the complainant (and prevent its recurrence), and place both individuals in a position to pursue their academic, working, and non-academic interests in a safe, respectful, and productive educational and working environment. Under this process, there will be no disciplinary action taken against a respondent, and the resolution will not appear on the respondent’s disciplinary record.

The following are features of the informal resolution process:

- Participation in the informal resolution process is completely voluntary.
  - No party will be required to participate in the informal resolution process and the University will not require, encourage, or discourage the parties from participating in the informal resolution process.
  - All parties must consent in writing to participation in the informal resolution process.

- The University may offer the informal resolution process only under the following circumstances:
  - The Title IX Coordinator has determined, through an initial assessment that the alleged conduct, if substantiated, would constitute a violation of the Title IX Regulation violation or Prohibited Discrimination Regulation.
  - The Title IX Coordinator has determined that the informal resolution process is appropriate for this matter.

- All parties will be provided with a written notice disclosing the allegations, the requirements of the informal resolution process, and any outcomes resulting from participating in the informal resolution process.

- At any time prior to signing an informal resolution agreement, any party has the right to withdraw from the informal resolution process and resume the formal grievance process.

- Under the informal resolution process, there will be no disciplinary action taken against a respondent, and the resolution will not appear on the respondent’s disciplinary record. If a formal complaint is filed against the respondent in as subsequent matter under the Title IX Regulation or the Prohibited Discrimination Regulation, the respondent’s participation in a prior informal resolution process will not be considered relevant and will not be taken into account in the resolution of the subsequent complaint.

- Parties may be accompanied by a member of the University community who will serve as a support person to any meeting related to the informal resolution process. However, the University support person may not actively participate in meetings and may not serve as a proxy for the party. Any individual who serves...
as a University support person is expected to make themselves available for meetings as scheduled by the University. The University (including any official acting on behalf of the University) has the right at all times to determine what constitutes appropriate behavior on the part of a University support person and to take appropriate steps to ensure compliance with this regulation.

- Any agreements reached as part of the informal resolution process must be approved by the Title IX Coordinator in order to ensure consistency with the University’s federal obligations. If the Title IX Coordinator determines at any time prior to the signing of the informal resolution agreement that the informal resolution process is no longer appropriate, the Title IX Coordinator may terminate the process.

- Upon signing the informal resolution agreement, the parties are bound by its terms and cannot opt for a formal grievance process based on the conduct alleged in the formal complaint.

- Failure to comply with the signed agreement may result in disciplinary action for either party.

- If the parties’ circumstances change significantly, they may request a supplemental agreement; the Title IX Coordinator will determine whether it is appropriate to proceed. For example, if both parties joined the same eating club subsequent to signing the agreement or participated in the same study abroad program, either party could request a supplemental agreement to address the changed circumstances, provided that both parties agreed to any such revisions. Under such circumstances, the above conditions would apply.

**Initiation of the Informal Resolution Process**

If the complainant files a formal complaint and requests to engage in the informal resolution process, the Title IX Coordinator will consider whether the informal resolution process is appropriate in the particular matter. In making this determination, the Title IX Coordinator will consider the following factors:

- The disciplinary record (or past conduct) of the respondent relating to sexual misconduct, physical violence, failure to comply with a no contact directive, and/or other relevant conduct;

- The nature of the alleged conduct, whether allegations involve multiple victims and/or a pattern of conduct, or other evidence-informed factors indicative of increased risk to campus safety;

- Whether the circumstances warrant the Title IX Coordinator filing a formal complaint (e.g., if there is sufficient evidence to proceed with an investigation/adjudication even absent participation by the complainant);

- Whether proceeding with the informal resolution process is in accordance with the principles and objectives of the Title IX Regulation and Prohibited Discrimination Regulation, as determined by the Title IX Coordinator; and/or

- Whether proceeding with the informal resolution process in matters involving faculty and staff members is in accordance with University employment practices.

If the Title IX Coordinator determines that a case is not appropriate for the informal resolution process, the Title IX Coordinator will inform the complainant that the informal resolution process is unavailable.

If the formal grievance process has already begun, either party may seek to initiate the informal resolution process up until five business days prior to the hearing. If both parties agree to participate in the informal resolution process and the Title IX Coordinator approves of the informal resolution process, the formal grievance process...
will be adjourned while the informal resolution process is pending; if an agreement is not reached, the formal grievance process will be resumed.

Upon initiation of the informal resolution process, the Title IX Coordinator will refer the matter to a trained informal resolution facilitator. The facilitator will consult (separately) with each party in an effort to reach a resolution that best meets the interests and needs of the parties. Unless they mutually choose to do so as part of an agreement, the parties will not meet together in person as part of the process.

**Potential Outcomes of the Informal Resolution Process**

Depending on the nature and circumstances of the particular situation, parties may agree to outcomes such as:

- Long-term extension of a mutual no contact directive;
- Imposition of a “skewed” no contact directive placing the burden on the respondent to limit the respondent’s physical proximity to the complainant;
- Restrictions on the respondent from participation in particular organizations or events;
- Changes to on-campus housing, subject to availability;
- Participation by the respondent in the University-provided educational resources to assist individuals in exploring harmful attitudes and behaviors, with an aim to empower individuals to actively contribute to a healthier and safer campus community.
- Participation by the respondent in the University-provided alcohol education program designed to reduce the harmful problems associated with alcohol misuse;
- Provision to the respondent of an “impact statement” written by the complainant (describing the impact(s) that the respondent’s conduct had on the complainant);
- Conversation between the parties facilitated by a trained individual appointed by the Title IX Coordinator;
- Other measures deemed appropriate by the Title IX Coordinator.

**Failure to Comply with the Informal Resolution Agreement**

Failure to comply with the signed agreement may result in disciplinary action for either party, consistent with disciplinary procedures.

**Records Relating to the Informal Resolution Process**

The records relating to the informal resolution process will be maintained.

Prior to participating in the informal resolution process, parties will be notified in writing that any information gathered in the informal resolution process may be used in the Title IX Regulation or Prohibited Discrimination Regulation formal grievance processes described in if the informal resolution process ends prior to a written agreement being signed by the parties. However, the University will not draw any adverse inference based on a respondent’s participation in the informal resolution process, nor will such participation be considered an admission by the respondent.

Even if the parties enter into a written informal resolution agreement, if information related to the violation of other University regulations (i.e., regulations other than the Title IX Regulation or Prohibited Discrimination
Regulation) comes to light through the informal resolution process, such information may be used in other University disciplinary processes, subject to the amnesty regulation.

Retaliation

The protections against Retaliation described above apply to individuals participating in the informal resolution process. Disciplinary consequences may result for those found responsible for Retaliation.

Time Frame for the Informal Resolution Process

The time frame for completion of the informal resolution process may vary, but the University will seek to complete the informal resolution process within thirty (60) business days of completion of the initial assessment. Should the time period extend beyond this time frame, the parties will be notified.

XVII. Training

The University will provide appropriate training to University officials with responsibilities under this regulation, including the University Sexual Misconduct/Title IX Coordinator, employees in the Title IX Office and Human Resources, investigators, Hearing Panel members, Sanction Officers, Appeal panel members, and any individual who facilitates the informal resolution process. Such training will cover the definition of Title IX Sexual Harassment, the scope of the University’s education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes under this regulation, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. The University will ensure that Hearing Panel members receive training on any technology to be used at a hearing and on issues of relevance of questions and evidence, including questions and evidence about the irrelevancy of complainant’s sexual predisposition or prior sexual behavior. The University will ensure that investigators receive training on issues of relevance in order to create an investigative report that fairly summarizes relevant evidence. These training materials are publicly available on the University’s Title IX website and will be made available for in-person review upon request. In addition, University officials with responsibilities under this regulation will receive training related to intersectionality.

XVIII. Record Retention

The University will maintain for a period of seven years records of the following:

- Each Title IX Regulation grievance process conducted under this regulation, including any determination regarding responsibility, any disciplinary sanction imposed on the respondent, and remedies provided to the complainant designed to restore or preserve access to the University’s education program or activity;
- Any appeal and the result therefrom;
- Any informal resolution and the result therefrom; and
- All materials used to train Title IX Coordinators, investigators, hearing panel members, other administrators or designees making determinations of responsibility, sanction or appeal, and any individual who facilitates the informal resolution process with regard to the Title IX Regulation.
• Records of any actions, including any supportive measures, taken in response to a report or formal complaint of the Title IX Regulation. In each instance, the University will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the University’s educational and working program or activity. If the University does not provide a complainant with supportive measures, then the University will document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

XIX. Modification and Review of Regulation

The University reserves the right to modify this regulation to take into account applicable legal requirements or extraordinary circumstances.

At regular intervals, the University will review this regulation to determine whether modifications should be made.

Prohibited Harassment Regulation #121

I. Purpose
UNCSA is committed to providing a learning, teaching, and working environment free from sex discrimination, sexual harassment, sexual misconduct, and one that is safe for all members of the campus community. UNCSA prohibits discrimination on the basis of sex as part of its commitment to a community free of discrimination, harassment, and violence. The prohibition applies to all UNCSA programs and activities on and off campus, and to all UNCSA employees, students, and others under UNCSA control who may come into contact with a member of the UNCSA community. UNCSA will not tolerate sexual harassment, misconduct or violence at any time or under any circumstances.

PROHIBITED HARASSMENT PROCEDURE

I. INTRODUCTION

A. Purpose of Regulation
(i) UNCSA seeks to promote an atmosphere of inclusiveness, diversity, openness, free exchange of ideas, and freedom of inquiry in which employees can realize their maximum potential in the workplace and students can engage fully in the learning process during their artistic, intellectual and personal development. In order to
achieve this, UNCSA believes that a climate of honesty, civility, common courtesy, mutual respect and non-discrimination is necessary.

(ii.) UNCSA prohibits discrimination on the basis of sex, as mandated by Title IX of the Education Amendments of 1972 (Title IX), and as part of its commitment to a community free of discrimination, harassment, and violence. UNCSA will not tolerate discrimination, sexual harassment, misconduct, violence, or any other prohibited conduct detailed in this Policy, at any time or under any circumstances.

B. Statement of Institutional Values
(i.) UNCSA provides gifted emerging artists with experience, knowledge, and skills needed to excel in their disciplines and in their lives, and it serves and enriches the cultural and economic prosperity of the people of North Carolina and the nation. UNCSA is the state’s unique professional school for the performing, visual and moving image arts, training students at the high school, undergraduate and master’s level for professional careers in the arts. UNCSA is committed to providing a learning, teaching, and working environment free from sex discrimination, sexual harassment, sexual misconduct, and sexual violence, and one that is safe for all members of the campus community.

C. Scope
1. (i.) This policy applies to all UNCSA programs and activities on and off campus.
2. (ii.) This prohibition applies to all UNCSA employees, students, and others under UNCSA control who may come into contact with a member of the UNCSA community.
(iii.) The University will take steps to prevent recurrence of harassment and to correct discriminatory effects on the complainant and others, if appropriate.

D. Coordination with Other Policies
(i.) This policy addresses treatment of discrimination and harassment under Title IX of the Education Amendments of 1972. However, the alleged acts may also be subject to other UNCSA and UNC Board of Governors policies, criminal and civil laws, and controlling procedures for reporting, adjudication, grievances, and disciplinary codes.
(ii.) These policies may include, but are not limited to: *UNC Code Appendix I; UNCP Policy Manual § 300.4.1; UNCSA Faculty Manual; Code of Conduct & Discipline Policy #802; Equal Opportunity Policy #111; Grievance (SAAO-II and Other EPA) Policy #614; Grievance (SPA) Policy #615; Improper Relations Policy #616; Prohibited Harassment Regulation #121; College Student Handbook, Student Code of Conduct Chapter II; High School Student Handbook, Student Code of Conduct Chapter II.*

III. Definition of Sexual Harassment
Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct.

A. Examples of Sexual Harassment
(i.) Sexual harassment is a form of discrimination, and can take two forms: *quid pro quo* and *hostile environment.*
• **Quid Pro Quo Harassment** occurs when a school employee explicitly or implicitly conditions a student's participation in an education program or activity or basis an educational decision on the student's submission to unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid pro quo harassment is equally unlawful whether the student resists and suffers the threatened harm or submits and thus avoids the threatened harm.

• **Hostile Environment Harassment** occurs when unwelcome conduct of a sexual nature is sufficiently serious that it affects a student's ability to participate in or benefit from an education program or activity, or creates an intimidating, threatening or abusive educational environment. A hostile environment can be created by a school employee, another student, or even someone visiting the school, such as a student or employee from another school.

**B. Sexual Harassment** also includes sexual violence and misconduct

In addition to sexual harassment, sexual misconduct and sexual violence are forms of discrimination, and are prohibited under this policy.

• **Sexual Misconduct** means prohibited sexual acts, sexual contact, sexual exhibitionism, stalking, and sexual exploitation.

• **Sexual Violence** refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent (e.g., due to the person's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, domestic violence, and sexual coercion.

**IV. Definitions of Prohibited Conduct**

**Sexual Acts** means sexual intercourse, cunnilingus, fellatio, or analingus, or knowingly inserting an object or part of one’s body into another’s genital or anal opening, without their consent.

**Sexual Coercion** means unreasonable and unwanted pressure to engage in sexual activity. Coercion differs from seduction by the repetition of the coercive behavior beyond what is reasonable and the degree of pressure applied. Coercion includes, but is not limited to, threatening, cajoling and/or pressuring an individual into sexual activity. Examples of coercion include the deliberate incapacitation of another person; conditioning an academic benefit or employment advantage on submission to sexual activity; threatening to harm oneself or others if the other party does not engage in sexual activity; or threatening to disclose an individual’s sexual orientation, gender identity, gender expression, or other personal sensitive information if the other party does not engage in sexual activity. Consent is not provided if coercion is present.

**Sexual Contact** means the deliberate touching of a person’s intimate parts (including genitalia, groin, breast or buttocks, or clothing covering any of those areas), touching another with one’s intimate parts, or causing a person to touch their own or another person’s intimate parts without their consent.

**Sexual Exhibitionism** engaging in a sexual activity or exposing one’s intimate parts (including genitalia, groin, breast or buttocks) in the presence of others without their consent.

**Sexual Assault** means an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of investigation (including an offense that meets the definition of rape, fondling, incest, or statutory rape).

**Sexual Exploitation** means when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and the behavior does not amount to any other sexual misconduct. Exploitation includes, but is not limited to: impairing
or attempting to impair another person’s ability to provide consent in order to gain sexual advantage; prostituting another person; recording, photographing, or transmitting identifiable images of private sexual activity, and/or the intimate parts (including genitalia, groin, breasts or buttocks) of another person; or allowing third parties to observe private sexual acts, and/or engaging in voyeurism.

**Stalking** means engaging in a course of conduct directed at a specific person that would cause a reasonable person to either (1) fear for his or her safety or the safety of others, or (2) suffer substantial emotional distress.

**Domestic Violence** includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.

** Dating Violence** means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

### V. Definitions of Key Terms

**A. Consent**

(i.) Means informed, freely and actively given, mutually understandable words or actions indicating willingness to participate in a mutually agreed upon activity. Activity that violates North Carolina criminal law is not considered consensual under this policy. (See N.C.G.S. 14-27.2, 14-27.2A, 14-27.25, 14-27.3(a) 14-27.7A, 14-202.2, 14-27.5, 14-27.5(A)(a)(1), 14-43.13).

(ii.) Silence or lack of resistance does not imply consent. A previous relationship or prior participation in an activity does not indicate current consent. Consent to one activity does not imply consent to other activities. Consent may expire after a reasonable time, depending on the circumstances. Consent may be withdrawn at any time, as long as the withdrawal is clearly communicated prior to completion of the activity.

**B. Consent Cannot be Obtained Under Coercion or Incapacitation**

(i.) Consent has not been obtained in situations where someone is forced, threatened, pressured, intimidated, manipulated, or has reasonable fear that he/she or another will be injured if he/she does not submit to or engage in the activity; is unable to give consent or is prevented from resisting due to sleep, involuntary physical restraint, unconsciousness, or the influence of drugs or alcohol; or has a mental or physical disability that inhibits his or her ability to give consent.

### VI. Other Definitions

**Complainant** means an individual who alleges that he/she was the victim of a violation of this Policy.

**Coordinator** means the individual who coordinates Title IX compliance efforts and responsibilities. This may include serving as the central repository for information on campus, overseeing investigations of alleged violations of the Interim Title IX Regulation, coordinating with campus law enforcement when necessary and identifying and addressing patterns or systemic issues. The Coordinator ensures a prompt and equitable process exists to resolve complaints.

**Employee** means all UNCSA applicants for employment, employees including Faculty, EHRA-NT, SHRA, student employees acting in the course of their employment, temporary and other employees on special assignment.

**Investigator** means the individual(s) designated to conduct an investigation of alleged violations of this policy and to make factual findings regarding the complaint.

**Protected Status** means an individual’s race, color, gender, age, national origin, religion, genetic information, disability, veteran’s status, sexual orientation, gender identity, gender expression.

**Responsible Employee** means any employee who has the authority to take action to redress sexual violence; who has been given the duty of reporting incidents of sexual violence or any other misconduct by students to the
Title IX Coordinator or other appropriate school designee; or whom a student could reasonably believe has this authority or duty. **Respondent** means the student or employee alleged to have violated this Policy. **Retaliation** means adverse action an individual encounters as a consequence of reporting (in good faith) alleged harassment and/or including sexual misconduct or discrimination or as a consequence of participating in an investigation of alleged harassment, including sexual misconduct or discrimination. Adverse action includes overt or covert acts of reprisal, interference, restraint, penalty or intimidation. **Student** means an individual who, at the time of the alleged harassment, including sexual misconduct, or discrimination has been accepted for admission to the University, has registered for coursework, is an auditing student, or is otherwise participating in an educational program sponsored by or affiliated with the University. **Student Code of Conduct** means the regulations concerning student behavior published in the UNCSA College Student Handbook and UNCSA High School Student Handbook. **Section 504** of the Rehabilitation Act of 1973, as amended, prohibits discrimination based on disability in programs and activities receiving federal financial assistance. **University** means the University of North Carolina School of the Arts.

VII. Additional Considerations:

A. Retaliation
To the extent permitted by law, during the investigation and resolution of harassment complaints, UNCSA will take reasonable steps to protect the Complainant from both the alleged behavior and possible retaliation. UNCSA does not tolerate any form of retaliation against a person because he/she in good faith files a complaint or cooperates in an investigation of a complaint of alleged harassment or discrimination. Any person who retaliates against another person for exercising rights under this Policy in good faith will be subject to appropriate and prompt disciplinary action. Any person who has a concern about potential or actual retaliation should report such concern to the Title IX Coordinator. Employees should also contact the Director of Human Resources or designee, and students should also contact the Dean of Student Affairs or designee.

B. False Reports
Any individual who files an intentionally dishonest complaint or one made in willful disregard of the truth will be subject to appropriate disciplinary action.

C. Effect of Withdrawal from School with Pending Disciplinary Matter
The Respondent is expected to appear at the hearing at the scheduled time. If the Respondent should fail to appear without reasonable cause, the board reserves the right to proceed with the presentation of the evidence and find the Respondent either responsible or not responsible “in absentia.”

VIII. Discussion of Privacy v. Confidentiality

A. Steps when Complainant Requests Confidentiality
(i.) UNCSA will protect the privacy of Title IX complaint proceedings to the extent possible and permitted under the law. Because UNCSA is obligated and committed to keeping a safe environment, it may investigate allegations and take actions even if the person complaining of a violation of this policy does not want to pursue the matter. UNCSA will also inform the campus community of criminal activity where appropriate and required. (ii.) In general, the Investigator will weigh a Complainant’s request for confidentiality or the Complainant’s desire that the University take no action on his/her complaint against the following factors: (1) The seriousness of the alleged harassment, sexual misconduct, or discrimination; (2) Whether there have been other complaints of harassment, sexual misconduct, or discrimination involving the same Respondent; and (3) The Respondent’s
right to receive information about the allegations, as applicable in accordance with the Family Educational Rights and Privacy Act (FERPA).

(iii.) If a Complainant is less than 18 years of age, the Title IX Coordinator may have a legal obligation to report certain instances of harassment and sexual misconduct to the North Carolina Division of Social Services or to other persons or organizations as required by law.

B. Delineate Confidential Resources

(i.) If a person complaining of a violation would like to remain confidential, s/he can speak to a designated Confidential Resource, who will only disclose confidential information if they have written permission, if there is a continuing threat of serious harm, or there is a legal obligation to do so. Confidential Resources include the UNCSA Counseling Center and UNCSA Student Health Services.

(ii.) All responsible employees must report incidents of sexual harassment to the Title IX Coordinator, or other designee, subject to the counseling employee exemption. Responsible employees should disclose to complainants that they have a duty to report any incidents of sexual harassment to the Title IX Coordinator, but counseling resources are available that may, under certain circumstances, be able to keep complaints confidential, if the complainant so chooses.

(iii.) Certain UNCSA employees may be able to offer complainants a greater degree of confidentiality than other responsible employees, including the counselors at the Counseling Center. Note that counseling professionals are still bound by their own rules of professional conduct, state, and federal law, and may not be able to maintain confidentiality under certain circumstances.

(iv.) UNCSA mental-health counselors, pastoral counselors, social workers, psychologists, health center employees, or any other person with a professional license requiring confidentiality, or who is supervised by such a person, are not required under Title IX to report, without the student’s consent, incidents of sexual violence to the school in a way that identifies the student. However, these employees may have responsibilities that would otherwise make them responsible employees for Title IX purposes.

C. Privacy Protections in Records and Sharing of Information

(i.) Pursuant to FERPA, victims of violent crimes must be notified of the results of the disciplinary proceeding of the alleged assailant. “Results” means the name of the student assailant, the violation charged or committed, the essential findings supporting the conclusion that the violation was committed, the sanction(s) if any that directly impact the Complainant (i.e. that the Respondent is ordered to stay away from the Complainant, that the Respondent is prohibited from attending school for a period of time, or transferred to other classes or another residential facility), the duration of the sanction and the date the sanction was imposed. The University will keep Complainants personally identifiable information confidential to the extent possible.

IX. Interim Remedies

(i.) UNCSA will help victims of sexual harassment, domestic violence, sexual assault, or stalking make changes in academic, transportation, and working situations, regardless of whether the victim chooses to report to campus police or local law enforcement. Any necessary interim steps will be taken promptly, and at no cost to the complainant, and the University will continue to take these steps if sexual violence is found to have occurred. These interim measures will be kept confidential, as much as is possible to implement them. These remedies will be implemented regardless of whether the Complainant has contacted law enforcement.

(ii.) Interim measures may include, but are not limited to: counseling and emotional support; no contact directive; residence modification; academic schedule modification; academic accommodations or assistance; escort; voluntary leave of absence; interim suspension; and restrictions on campus activities.

X. Emergency Resources

A. 911/Law Enforcement
Conduct violating this Policy may also constitute a criminal offense. Complainants alleging criminal conduct may file charges with the appropriate law enforcement agency. Criminal investigations may be helpful in gathering relevant evidence, particularly forensic evidence, for the Informal or Formal Resolution processes. For information about pursuing a criminal complaint, please contact UNCSA Campus Police.

Because the standards for finding a violation of criminal law are different from the standards for finding a violation of this Policy, criminal investigations or reports are not dispositive of whether prohibited harassment, sexual misconduct, or discrimination occurred under this Policy. In other words, conduct may constitute prohibited harassment, sexual misconduct, or discrimination under this Policy even if a law enforcement agency determines that no crime has been committed.

Further, the filing of a complaint under this Policy is independent of any criminal investigation or proceeding, and the University will not wait for the conclusion of any criminal investigation or criminal proceeding before commencing its own investigation or taking interim measures to protect the Complainant and the University community.

A complainant has the right to proceed with a criminal investigation and a Title IX complaint simultaneously. If a complainant files a criminal complaint with a local law enforcement agency, the University will comply with law enforcement agency requests for cooperation. Such cooperation may require the University to temporarily suspend the fact-finding aspect of a Title IX investigation while the law enforcement agency gathers evidence. The University will promptly resume its Title IX investigation as soon as notified by the law enforcement agency that it has completed the evidence gathering process.

### B. Medical Treatment

Local options for medical care include UNCSA Student Health Services, Wake Forest Baptist Medical Center, and Novant Health Forsyth Medical Center. It is crucial to obtain medical attention as soon as possible after a sexual assault to determine the possibilities of physical injury, to prevent sexually transmitted diseases (such as HIV), and to prevent pregnancy. Medical facilities can also screen for the presence of sedative drugs such as Rohypnol or GHB (“date-rape drugs”).

### C. Preservation of Evidence

It is important to have an evidence collection kit (or “rape kit”) completed within 72 hours if a victim wants to file legal or judicial charges or if a victim may want to consider filing charges at a later date. Wake Forest Baptist Medical Center and Novant Health Forsyth Medical Center administer collection kits and students may go directly to either hospital. UNCSA Health Services may refer students to either hospital.

In order to preserve evidence for an evidence collection kit, the victim should avoid showering, bathing, going to the bathroom or brushing his/her teeth. He or she should also wear the same clothing or take the clothes they were wearing during the assault in a paper bag (not plastic) to the hospital. However, an evidence collection kit can still be completed even in the victim has showered or bathed. The victim may want to be accompanied to the hospital by a friend or a member of the Student Health Services staff.

At the hospital, a physician will briefly screen the victim, and a forensic nurse trained in evidence collection procedures will conduct the examination, collecting hair, fluid and tissue samples. When obtaining an evidence collection kit, students have the option of filing an official police report immediately or having a “Jane Doe kit” collected which allows the evidence to remain anonymous until the student chooses to make an official police report. The cost of the evidence collection kit can often be paid for confidentially through funds provided by the state of North Carolina.

### D. Emergency Counseling

It is important that the victims receive support and information, and resources are available to students by the University. Members of the UNCSA Campus Police or Wellness Center are available to all students on a 24-hour basis to consult with a victim on the phone, to accompany them to Student Health or to the hospital and to
provide information about legal and judicial options. University Counseling Center staff members are also available on a 24-hour basis, and can help victims begin the recovery process. After hours, the Counseling Center number will be forwarded to a live person through ProtoCall so anytime a student is in need there will be someone available.

XI. On Campus and Off Campus Resources

A. Important Contact Information
On campus emergency from cell phone: (336) 770-3362
On campus emergency from campus phone: Dial 55
Non-emergency: (336) 770-3321

Employee Disciplinary Procedures

Grievance (SAAO-II and other EHRA) Policy 614

I. Purpose
The University of North Carolina School of the Arts (“UNCSA”) encourages employees to bring forward concerns about work related issues in a constructive and orderly way. Employees should actively seek resolution of grievances within their work units by initiating discussions of their concerns with their immediate supervisors within reasonable time frames. Should direct communication between an employee and the supervisor not produce a resolution of an employee’s concerns, the employee has available a formal grievance procedure designed to provide a fair review of the matter and to stimulate recommendations for the resolution of the grievance.

II. Scope
This policy covers all UNCSA employees designated as Senior Academic and Administrative Officers – Tier II (“SAAO-II”) and other EHRA employees not otherwise categorized. This Policy does not apply to SHRA employees, faculty members, SAAO-I employees, and UNCSA students who are employed incident to their status as students, as in graduate teaching assistantships or work-study positions.

III. Definitions
A. “Covered Employee” means either an individual employed by UNCSA as an SAAO-II or as an Other EHRA Employee as defined by this policy.

B. “Covered Position” means the employment position held by a covered employee.

C. “Day” means any day except Saturday, Sunday, or an institutional holiday. The day in which a notice is received is not counted, but the last day of the period is to be counted.

D. “Other EHRA Employees” means employees not subject to the State Personnel Act and are not otherwise categorized (e.g. SAAO-I or SAAO-II).

E. “Senior Academic and Administrative Officer – Tier II” or “SAAO-II” means an employee subject to the provisions of Section III of the Board of Governors policy on Senior Academic and Administrative Officers (i.e. UNC Policy Manual § 300.1.1). These positions include associate and assistant vice chancellors; associate and assistant deans; and other administrative positions at UNCSA.

IV. Policy

A. Generally

1. Any covered employee may obtain review of a discharge for cause or other disciplinary action by filing a grievance (also known as a petition for review) with the EHRA Non-Faculty Appeals Committee in writing.

2. Before filing the grievance, the employee must attempt, to resolve the matter with his supervisor.

3. The employee may only file a grievance on the basis of a prior written statement.

4. The employee, by filing a grievance or petition for review, represents that he or she can support the contention and agrees that UNCSA may offer in rebuttal of the contention any relevant data.

B. Grounds for Review. A covered employee may seek review of personnel actions based on allegations that:

1. the covered employee was not provided appropriate notice when advance notice of discontinuation of employment is required;

2. the personnel action violated the Equal Employment Opportunity and Protected Activity provisions of UNCSA’s SAAO-II & Other EHRA Administrative Employees Policy;

3. the discharge for cause or other disciplinary action was illegal or violated Board of Governors policy; OR

4. the interpretation and application of a policy provision was illegal or violated Board of Governors policy.

C. Time Limits & Procedural Requirements. For information concerning time limitations and procedural requirements, the employee should consult this policy’s procedures.

D. EHRA Non-Faculty Appeals Committee

1. The Chancellor will appoint a five-member EHRA Non-Faculty Appeals Committee (the “committee”), the majority of who will be covered employees, and will name the chair of the committee. The committee will also include at least one SAAO-I.

2. If the membership of the committee is for any reason inappropriate in a particular case in the judgment of the chair, the chair may recommend some change in membership to ensure objective and timely review in that case. The Chancellor may add or subtract members in response to this recommendation on a temporary basis.

3. A committee member may not participate in the review of an appeal he or she brings on his or her own behalf or in any case in which he or she has been involved.
4. The committee may submit suggestions to the Chancellor regarding revisions to this policy and its associated procedures. Any revisions must be formalized according to UNCSA’s Statement on Policies.

5. It is the responsibility of the committee to evaluate petitions, consider the evidence, and where warranted, conduct hearings and advise the Chancellor on appeals of the kind mentioned herein.

6. The Chancellor may, at his or her discretion, ask the EHRA Non-Faculty Appeals Committee to serve as a general grievance committee in instances when covered employees seek the review of possible grievances that are not covered in these Policies.

E. Hearing Requirements

1. The Committee shall consider only the evidence presented at the hearing and such written or oral arguments as it may allow at its discretion.

2. The employee or former employee has the burden of proof.

3. In evaluating the evidence, the committee shall use the standard of preponderance of the evidence (which is the same as the “greater weight of the evidence.”).

F. Appeal to the Board of Trustees.

1. The employee may appeal the Chancellor’s decision to the Board of Trustees if the Chancellor either declines to accept the committee’s recommendation that is favorable to the employee or concurs in a committee recommendation that is unfavorable to the employee.

2. The decision of the Board of Trustees will be final.

V. Revision History

A. February 17, 2011 – Adopted by Board of Trustees as part of UNCSA Policy Manual

UNIVERSITY OF NORTH CAROLINA SCHOOL OF THE ARTS

Grievance (SAAO-II & Other EHRA) Procedures

Procedure #614

I. Procedures for Grievances Concerning Interpretation and Application of Any Provision of the SAAO-II & Other EHRA Employees Policy Other than for Discharge for Cause

A. The covered employee must file a notice of appeal with the chair of the EHRA Non-Faculty Appeals Committee (the “committee”) within 30 days of the incident giving rise to the incident and the employee has been unable to seek redress through informal means.

B. The notice of appeal shall explain the circumstance that led to and justify the grievance, but may not exceed four pages in length except under exceptional circumstance.

C. The committee shall decide whether the facts merit a detailed investigation.

1. If the committee determines that the alleged violations, if true, constitute violations of UNC or UNCSA policy within the jurisdiction of the committee, then a hearing must be held to give the petitioner an opportunity to prove his or her allegations.
2. If the committee determines that the allegations, even if proven true, would not constitute a violation of applicable notice requirements or a violation of UNC or UNCSA policy within the jurisdiction of the committee, there would be no basis for proceeding with a formal hearing.

D. The hearing will be conducted as directed by the chair of the committee, guided by the sole purpose of providing a fair, balanced and dispassionate hearing.

E. Prior to conducting the hearing, the chair of the committee is empowered to review the appeal in the manner that seems most expedient, including the delegation of responsibilities to one or more members or subcommittees of the Committee. These delegated responsibilities may include hearing representations by the persons directly involved in the grievances, by encouraging voluntary adjustment by the employee and the department head or administrative official directly involved. Once a hearing begins, the Committee’s role in encouraging voluntary adjustments normally will conclude, thus giving way to the formal review process.

F. After a hearing, the committee’s findings, opinions, and recommendations will be written and delivered to the Chancellor with a copy to the grievant normally within 30 days after receipt of the petition for review. Additional time may be requested by the Chair from the Chancellor as needed.

G. The Chancellor’s decision upon receipt of the committee’s recommendations is final, except in the event of appeal to the Board of Trustees.

II. Procedures for Grievance Concerning Discharge for Cause

A. The employee will have ten (10) days in which to make a brief written statement explaining the grievance and requesting a review.

B. The request for review will be submitted to the chair with a copy to the Chancellor.

C. If within ten (10) days after the employee receives the notice of intent to discharge, the employee makes no written statement explaining the grievance and request for review, he or she may be discharged without recourse to any further institutional procedure by a written letter of discharge from the senior administrative officer responsible to the Chancellor in the functional area.

D. If the employee makes a written request within ten days for a hearing, the chair shall schedule a hearing before the Committee.

E. The Committee shall give the employee ten (10) days from the time it receives the written request for a hearing to prepare his or her defense. The Committee may, upon the employee’s written request and for good cause, extend this time by written notice to the employee.

F. Hearing Procedures

1. The hearing shall be based upon the employee’s written statement explaining the grievance.

2. The hearing shall be closed to the public unless the employee and the Committee agree that it may be open.

3. The employee shall have the right to have an advisor who is not an attorney, to present the testimony of witnesses and other evidence, to confront and question witnesses, and to examine all documents and other demonstrative evidence.

4. The Chancellor will designate someone to serve as the University’s representative who is not the General Counsel, to present the testimony of witnesses and other evidence, to confront and question witnesses, and to examine all documents and other demonstrative evidence.

G. A court reporter will record the proceedings, and UNCSA will furnish a copy to the grievant at UNCSA’s expense.
H. In reaching decisions on which its written recommendations to the Chancellor shall be based, the Committee shall consider only the written and oral testimony it permits to be presented at the hearing.

I. The Committee shall make its written recommendations to the Chancellor within (10) days after its hearing concludes.

J. The Chancellor’s decision upon receipt of the committee’s recommendations is final, except in the event of appeal to the Board of Trustees.

III. Appeals to the Board of Trustees pursuant to the UNC Code

A. If the chancellor concurs in a recommendation of the committee that is favorable to the employee, the chancellor’s decision shall be final.

B. If the Chancellor either declines to accept a committee recommendation that is favorable to the employee or concurs in a committee recommendation that is unfavorable to the employee, the employee may appeal within 14 calendar days after receiving the chancellor’s written decision.

C. An appeal is commenced by filing with the Chancellor (for transmission to the Board of Trustees) a written notice of appeal, which must include a brief statement of the basis for the appeal, including the actual grounds established by the related policy.

D. The notice of appeal must be transmitted to the Chancellor by certified mail, return receipt requested, or by another means that provides proof of delivery.

E. The decision of the Board of Trustees is final with no further appeal.

Grievance (SHRA) Policy #615

I. Purpose

The University of North Carolina School of the Arts (“UNCSA”) encourages employees to bring forward concerns about work related issues in a constructive and orderly way. Employees should actively seek resolution of grievances within their work units by initiating discussions of their concerns with their immediate supervisors within reasonable time frames. Should direct communication between an employee and the supervisor not produce a resolution of an employee’s concerns, the employee has available a formal grievance procedure designed to provide a fair review of the matter and to stimulate recommendations for the resolution of the grievance.

II. Scope

This policy covers all “Career State Employees” employed by UNCSA. This policy also covers former employees in this category who bring forward a grievance based on an event which occurred during employment if it is brought within a reasonable time after that event, normally no longer than thirty days after the incident(s) leading to the grievance. Furthermore, this policy covers non-career State employees and applicants for SHRA positions.

III. Policy

UNCSA Faculty Handbook
7.5 Faculty Grievance Policy

Section 607 of The Code of the Board of Governors of the University of North Carolina (UNC Policy Manual, Chapter 100.1 – The Code of the Board of Governors of the University of North Carolina, Section 607) provides a process for Faculty members to seek redress concerning employment related grievances. UNCSA’s Faculty Grievance Policy described herein adheres to those guidelines.

The purpose of the grievance procedure is to attempt to reach a consensual resolution of the dispute and, if that fails, to determine whether the contested decision was materially flawed or in violation of applicable policies, standards or procedures. The grievance process is not intended to second-guess the professional judgment of officers and colleagues responsible for making administrative decisions.

“Grievances” covered by this policy include matters directly related to a Faculty member’s employment status and institutional relationships within UNCSA, including mid-year review issues. However, no grievance that grows out of or involves matters related to a formal proceeding for the suspension, discharge, termination or non-reappointment of a Faculty member, or that is within the jurisdiction of another standing Faculty committee, may be considered by the grievance committee. In addition, challenges to non-reappointment decisions will proceed pursuant to the procedures set forth in the Regulations on Faculty Employment (see Section 8 of this Faculty Manual) and not the grievance procedures set forth herein.

7.5.2 Faculty Grievance Committee

Composition
The Faculty Grievance Committee shall consist of seven (7) members (one from each of the Schools of Dance, Design & Production, Drama, Filmmaking, Music, and one each from the Division of Liberal Arts and the High School Academic Program) and seven alternates (one from each of the schools and programs listed above). The Committee members shall be elected by their respective faculties from among those persons holding at least a four-year contract. No officer of administration, including Assistant Deans, Associate Deans, or Deans may serve on the Committee.

The Committee Chairman shall be elected by the members of the Grievance Committee at the first convened meeting of the academic year.

Terms of Office
Committee members and alternates shall serve two-year terms, and may serve more than one consecutive term. The term of office shall begin and end on the last day of classes in the spring term.

Elections
The Faculty of each School or Division listed above shall elect its representative from among the eligible candidates no later than the last day of classes each spring semester, or as appropriate to fill a vacancy.

Conflicts of Interest, Incapacity or Temporary Vacancy
A Committee member who holds an appointment in the School or Division of a person directly involved in a grievance, who is named as a witness at the hearing, or who has any other conflict of interest is disqualified and shall not participate as a Committee member of the grievance proceedings described in this document.

A committee chair shall not serve when any matter in which s/he has a conflict of interest is being considered; the Committee shall elect one of its members to fill the vacancy until s/he returns. The Committee shall also select one of its members to replace the chairman if s/he is incapacitated or absent.
If the Committee should have fewer than four qualified members because of conflicts of interest, incapacity, or temporary vacancy, elections shall be held promptly in accordance with the provisions of Section 7.5.2 above to staff the Committee while these conditions exist. If a permanent vacancy occurs, elections shall be held promptly to fill the vacancy for the unexpired term.

Scope of Powers
The Committee shall be authorized to hear, mediate, and advise with respect to the adjustment of grievances of members of the Faculty. The power of the Committee shall be solely to hear representations by the persons directly involved in a grievance, to mediate voluntary adjustment by the parties, to hold hearings for the purposes of advising adjustments in favor of an aggrieved Faculty member by the administration when appropriate. Advice for adjustment in favor of an aggrieved Faculty member may be given to the Chancellor only after the Dean or other administrative official most directly empowered to adjust it has been given similar advice and has not acted upon it within a reasonable time. In the event the Chancellor is a party to a grievance, the Chair of the Board of Trustees or his/her designee shall be given the Committee’s advice for adjustment.

7.5.3 Initiation of the Grievance Process

Any Faculty member who has a grievance, as defined in Section 607(3) of The Code of the Board of Governors of the University of North Carolina, may file a petition for redress with the Faculty Grievance Committee. The petition of the Faculty member shall be in writing and shall set forth in detail the nature of the grievance and against whom the grievance is directed. The petitioner shall set forth any information that he or she considers pertinent to the grievance. The Faculty member shall deliver a copy of the petition to the respondent administrator by certified mail or by another means that provides proof of delivery.

Unless the parties to the grievance have participated in mediation prior to the Faculty member's filing the petition, before taking any action on the petition, the Faculty Grievance Committee shall refer the matter for mediation in accordance with the policies describes in Section 7.5.4 below.

7.5.4 Mediation of Grievances

Mediation is a procedure in which disputing parties enlist the assistance of a neutral party to help them in achieving a voluntary, bilateral agreement that finally and definitively resolves all or portions of their dispute, without resorting to adversarial procedures such as grievance hearings, administrative hearings or litigation. Any such mediated agreement that the parties are able to negotiate will be recorded in a written agreement signed by the Faculty member and a university official with the authority to bind the university, concerning the particular agreement. A copy of this agreement will be filed with the Provost and a copy will be placed in relevant personnel files, as appropriate.

The appropriate functions of a mediator are to assist the parties in defining, clarifying, communicating about, and ascertaining the substantiality and relevance of the issues that appear to divide the parties and to aid the parties in generating, considering, and communicating with each other about possible bases for resolving the dispute.

UNCSA’s mediation policy complies with the UNC Policy Manual, Chapter 101.3.2. UNCSA will strive to offer a mediation process which:

1. Has a sufficient number of campus mediators (members of the Faculty or staff, outside mediators from the community, or mediators from other campuses within the University) who have successfully completed formal mediation training.
2. Mediators may not be members of the Faculty hearing committee that hears Section 607 grievances. Requires every mediator to have successfully completed formal mediation training substantially equivalent to that required for certification by the North Carolina Administrative Office of the Courts or to have been formally trained in mediation specifically designed for use in a university setting.

3. Neither party may have representation of counsel in the mediation process. Each party may have an advisor (who shall not be a member of the committee which hears Section 607 grievances).

4. A decision by either party not to pursue mediation beyond the campus required minimum will not be held against that party in any way and no blame will attach to either party if mediation does not produce a settlement.

5. The mediator will produce a written statement including only those details necessary to invoke the next step in the grievance process, i.e., that mediation was attempted but settlement was not reached. No other written record will be produced.

6. The mediator may not be called as a witness in any subsequent Section 607 grievance hearing or other proceeding arising out of the circumstances that were the subject of the mediation.

7. Anything done or said by either party during the mediation process may not be referred to or used against a party in any subsequent proceeding.

If the mediator determines that the parties are not amenable to a settlement, then the mediator may end the mediation, and the formal grievance hearing process will then begin.

Any time limit adopted by a UNCSA or by Board of Governors Policy concerning the formal resolution of Section 607 grievances will be suspended for the duration of a mediation process being held pursuant to this policy.

7.5.5 Administrative Decision
If the grievance is not resolved through the mediation process, then the matter will be reviewed by the Faculty Grievance Committee established pursuant to Section 607(1) of The Code of the Board of Governors of the University of North Carolina.

7.5.6 Standard for Contested Grievances
In order to prevail in the grievance process, a Faculty member must establish by a preponderance of the evidence that s/he experienced a remediable injury attributable to the alleged violation of a right or privilege based on federal or state law, university policies or regulations, or commonly shared understandings within the academic community about the rights, privileges and responsibilities attending university employment. Examples would be if the decision-maker disregarded an established standard for evaluation, relied on impermissible considerations such as race or sex, or failed or refused to consult with or receive information from mandated advisory bodies.

If mediation fails to produce a voluntary resolution, the Faculty Grievance Committee must decide whether a hearing should be held in response to the petition. The submission of a petition shall not result automatically in an investigation of or hearing on the petition. The Committee shall determine whether the alleged facts merit a detailed investigation. The Committee is to consider the content of the grievant’s petition. Assuming the truth of the information contained in the petition, the Committee is to determine whether the contentions advanced by the grievant justify a hearing. A properly submitted petition is dismissed if the grievant fails to allege an injury
that would entitle the Faculty member to relief in accordance with the standard set out in Section 7.5.6 above. Dismissal is also required if the petition addresses a problem that is not within the Committee's jurisdiction.

If the petitioner has presented an apparently substantial issue within the purview of the Committee's responsibility, the Committee will hold an evidentiary hearing. At the hearing, which is to be attended by the grievant and the respondent, the Faculty member is to present evidence in support of the Faculty member's contentions and the person charged with wrongdoing is to be given an opportunity to respond. The Committee is to maintain a complete transcript of all evidence received. Only the evidence so compiled is to form the basis for Committee conclusions about the case and any resulting advice to the responsible administrator and the Chancellor. The burden is on the grievant to establish by a preponderance of the evidence that s/he has experienced an injury that would entitle him/her to relief in accordance with the standard set out here.

If, after hearing the matter, the Faculty Grievance Committee determines that an adjustment in favor of the aggrieved Faculty member is appropriate, the Faculty Grievance Committee shall so advise the Faculty member and the Dean or other respondent administrator. If the relevant administrator does not make the recommended adjustment, or a different adjustment satisfactory to the Faculty member, within a reasonable period of time, the Faculty Grievance Committee shall advise the Chancellor of its recommendation that an adjustment is appropriate.

If, after reviewing the petition or hearing the matter, the Faculty Grievance Committee determines that no adjustment in favor of the grievant is appropriate, it shall so advise the Faculty member and the Chancellor.

The Chancellor shall base his or her decision on the recommendation of the Faculty committee and the record from the Faculty Grievance Committee hearing. The Chancellor may, in his or her discretion, consult with the Faculty Grievance Committee before making a decision. The decision of the Chancellor is the final administrative decision.

The Chancellor shall notify the Faculty member and the respondent administrator in writing of the Chancellor's decision. The notification shall include a notice of appeal rights, if any, and, if the decision is appealable, it shall contain the information specified in Section 7.5.7.

The Faculty grievance process is a process available to current members of the UNCSA Faculty. A Faculty member whose employment is terminated while a grievance procedure is pending is not entitled to continue to pursue the grievance. If the employment of a Faculty member is terminated after the grievance is filed, the Chancellor may, however, in his/her discretion, determine that it is in the best interest of the institution to continue the grievance process.

In the event that the Chancellor is a party to a grievance, the Chair of the Board of Trustees or his/her designee shall assume the responsibilities as delineated in this section. It is understood that this does not abrogate the Faculty member’s right of appeal. Should the Chair of the Board of Trustees not make the adjustment, the aggrieved Faculty may appeal to the Board of Trustees Personnel Committee or other committee as decided by the Board of Trustees.

7.5.7 Appeal to the Board of Trustees

Conditions for Appeal
If the Faculty Grievance Committee did not advise that an adjustment in favor of the grievant was appropriate, then the decision of the Chancellor is final and may not be appealed.
If neither the relevant administrative official nor the Chancellor makes an adjustment that is advised by the Faculty Grievance Committee in favor of the aggrieved Faculty member, then the Faculty member may appeal to the Board of Trustees of UNCSA. The decision of the Board of Trustees is final.

The Board of Trustees may delegate to a designated committee the authority to make procedural decisions and to make final decisions on behalf of the board concerning appeals of Faculty grievances submitted pursuant to Section 607 of The Code of the Board of Governors of the University of North Carolina.

### Sex Offender Registration

The North Carolina General Assembly created the North Carolina Sex Offender and Public Protection Registry in January 1996. This law outlines registration requirements for persons living in North Carolina, non-resident students and non-resident workers. The registry serves as a resource to help protect and inform the public.

A list of registered sex offenders is made available by the state authorities to the local law enforcement agency that has jurisdiction where the institution of higher education is located. For information about registered sex offenders in the State of North Carolina, you may visit the website for the North Carolina Offender Registry and the U.S. Department of Justice National Sex Offender website.

### Annual Disclosure of Crime Statistics

The Clery Act requires colleges and universities across the United States to disclose information about crime on and around their campuses. The UNCSA Police maintains a close relationship with all police departments where UNCSA owns or controls property to ensure that crimes reported directly to these police departments that involve the University are brought to the attention of the UNCSA Police.

The UNCSA Police collects the crime statistics disclosed in the charts through a number of methods. Police dispatchers and officers enter all reports of crime incidents made directly to the department through an integrated computer-aided dispatch system and records management system. After an officer enters the report in the system, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the FBI Uniform Crime Reporting Handbook and the FBI National Incident-Based Reporting System Handbook (sex offenses only).

In addition to the crime data that the UNCSA Police maintains, the statistics below also include crimes that are reported to various Campus Security Authorities, as defined in this report. The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub categories on liquor laws, drug laws and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

### Clery Act Qualifying Crime Definitions

These definitions are taken from the FBI Uniform Crime Reporting (UCR) handbook and are required to be used for the classification of Clery Crimes and Incidents.
**Aggravated Assault:** An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Arson:** Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**Burglary:** The unlawful entry of a structure (four walls, a roof, and a door) to commit a felony or theft (includes forced and non-forced entry).

**Dating Violence:** Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition:
- Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
- Dating violence does not include acts covered under the definition of domestic violence.

**Domestic Violence:** A felony or misdemeanor crime of violence committed:
- by a current or former spouse or intimate partner of the victim;
- by a person with whom the victim shares a child in common;
- by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner;
- by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
- by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

**Motor Vehicle Theft:** The theft or attempted theft of a motor vehicle (does not include air or water craft).

**Murder/Manslaughter:** The willful (non-negligent) killing of one human being by another.

**Negligent Manslaughter:** The killing of another person through gross negligence.

**Robbery:** The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Sex Offenses:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.
- **Rape:** Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
- **Incest:** Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Non-forcible sexual intercourse with a person who is under the statutory age of consent.

**Stalking:** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
- Fear for the person’s safety or the safety of others; or
- Suffer substantial emotional distress.

*For the purposes of this definition:*
• Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.
• Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.
• Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

**Hate Crime:** includes all of the crimes listed that manifest evidence that the victim was chosen based on one of the categories of bias listed below, plus the following crimes:

a. **Larceny/Theft:** includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.
b. **Simple Assault:** an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.
c. **Intimidation:** to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.
d. **Destruction/Damage/Vandalism or Property (except Arson):** to willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

**Categories of Prejudice:**

- **Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind.
- **Gender:** A preformed negative opinion or attitude toward a group of persons because those persons are male or female.
- **Gender Identity:** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender nonconforming individuals. Gender non-conforming describes a person who does not conform to the gender-based expectations of society, e.g., a woman dressed in traditionally male clothing or a man wearing makeup. A gender nonconforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.
- **Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.
- **Sexual Orientation:** A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex.
- **Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry.
- **National Origin:** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
• **Disability**: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

**Drug/Narcotic Violations**: The unlawful possession, distribution, sale, purchase, use, transportation, importation, cultivation, and/or manufacturing of any controlled drug or narcotic substance and the equipment or devices utilized in their preparation and/or use.

**Liquor Law Violations**: The unlawful possession, sale, transportation, manufacturing, furnishing alcohol to a minor (under 21 years), or maintaining an unlawful drinking place. The Clery Act does not require reporting “public drunkenness” or “DUI/DWI offenses”

**Illegal Weapon Violations**: The unlawful possession or control of any firearm, deadly weapon, illegal knife, or explosive device while on property of UNCSA except as required in the lawful course of business (i.e. sworn law enforcement personnel).

**Hate Crime Statistics**

UNCSA strives to foster a safe and healthy learning environment that embodies diversity and inclusion of all members of the community. The hate crime statistics are separated by category of prejudice.

The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are the addition of Simple Assault, Intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories. If a Hate Crime occurs where there is an incident involving Intimidation, Vandalism, Larceny, Simple Assault or other bodily injury, the law requires that the statistics be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document. Note: a hate and bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his/her bias against the victim’s race, sexual orientation, gender, religion, ethnicity, national origin, gender identity or disability, the assault is then also classified as a hate/bias crime.

2020: No Hate Crimes Reported.
2019: No Hate Crimes Reported.
2018: No Hate Crimes Reported

*Residence Hall Crime Statistics are a subset of the On-Campus Category

**This number represents crimes investigated by Sworn Law Enforcement and determined to be 'Unfounded'; meaning there was evidence the reported crime did not occur.
Clery Geography Map
Annual Fire Safety Report

The Higher Education Opportunity Act enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for UNCSA.

Definitions

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

- **On-Campus Student Housing**: A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.
- **Fire**: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

### Description of On-Campus Student Housing Fire Safety Systems - Residence Halls

**Fire Safety Policies**

*Fire Safety policies for UNCSA Office of Housing and Residence Life (Residence Halls).*

**Smoking**: Smoking is prohibited in all campus buildings and university owned vehicles and smoking is further limited to 50 feet from the perimeter of any university building’s entrance or air intake. [UNCSA Smoking Regulation #703](#).

**Electrical Appliances**: Electrical appliances brought to residence halls are governed by university policy which restricts the use of certain items. Space Heater use is prohibited in residence halls. In general appliances must be UL Listed to be used in residence halls.

Most appliances for cooking are not permitted in student rooms for health and safety reasons. The only appliances permitted are coffee makers, microwave ovens (no larger than 1100 watts) and small refrigerators (no larger than 4.6 cubic feet). Toaster ovens, hot plates or any other appliances with an open heating element are not permitted. The number of appliances plugged in may not exceed the number of outlets in the room.

**Open Flame**: Possessing open flames, candles, incense, heating coils, halogen lamps, any combustible materials or any open flame devices are not permitted.

Here is additional information on [specific items prohibited and allowed in residence halls](#).

**Decorations**: [Decorations that may obstruct traffic or present a fire hazard](#) (e.g. live Christmas trees) are not permitted in rooms, hallways, or suite corridors. Decorations may not be placed within two feet of a fire protection system component (e.g., manual pull station, smoke detector, bell/horn/strobe, sprinkler, fire extinguisher, exit sign, emergency lighting, and egress doorway).

**Fire Evacuation and Residence Hall Fire Drills**

Fire drills are conducted in all on-campus residence halls, once per semester, during the school year to allow occupants to become familiar with and practice their evacuation skills. The drills are conducted by the Resident Hall Coordinators, Resident Assistants, Housing Management and UNCSA Police. The University requires a complete evacuation of buildings during a fire drill. Individuals who ignore fire alarms and required evacuations may face disciplinary action.

Each test/drill of emergency response will be documented to include a description of the exercise, the date and time, and whether it was announced or unannounced. This documentation is kept by the Sr. Associate Director of Residence Life Programs.

In the event of a fire, UNCSA expects that all university community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the UNCSA Police by dialing 336-770-3362 or using one of the emergency call boxes. Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, UNCSA policy requires that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member’s only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

**Fire Safety Education and Training Programs**

UNCSA takes fire safety very seriously and continues to enhance its programs to the university community through education, engineering and enforcement. All on-campus students are required to attend a mandatory hall meeting at the beginning of the semester. A topic of the meeting is fire safety education and evacuation training. Educational programs are presented throughout the year to faculty, staff and students so they are aware of the rules and safe practices. These programs, which are available at all campus locations, include identification and prevention of fire hazards, actual building evacuation procedures and drills, specific occupant response to fire emergencies and hands-on use of fire extinguishers.

**Topics addressed during this training include:**

- Fire prevention in the residence hall
- What to do in the event of a fire
- How to report a fire or other emergency
- How residence hall fire safety systems operate

Resident Assistants coordinate additional fire safety training and education programs for residence hall students. All university residence halls have emergency evacuation plans and conduct fire drills once a semester during the school year to allow occupants to become familiar with and practice their evacuation skills.

UNCSA has been a leader in ensuring the safety of students, faculty, staff and visitors who live and work in university operated residences. Automatic sprinkler systems and fire alarm systems are recognized engineered building features that help to provide for a fire safe living environment. All university operated residence halls and apartments are provided with automatic sprinkler systems, smoke detectors and building fire alarm systems to provide early detection and warning of a possible fire emergency. Additionally, staff members are trained on the use of fire extinguishers and emergency procedures in the event of a fire.

The university maintains and tests all fire alarms and automatic fire suppression systems in accordance with the appropriate National Fire Protection Association Standard to insure system readiness and proper operation in the event of a fire emergency.

Additional protection is provided by UNCSA police officers who are trained for initial response to fire incidents occurring at university facilities. Officers provide assistance in building evacuation and extinguishment / confinement of small fires.

Laboratory safety and evacuation plans are also part of the Environmental Health and Safety (EHS) mission.
Fire Incident Reporting

Students, faculty and staff are instructed to call 911 or 336-770-3362 to report a fire emergency. Non-emergency notifications (e.g. evidence that something burned) are made to the UNCSA Police at 336-770-3321.

Plans for Future Improvements in Fire Safety

UNCSA continues to monitor trends related to residence hall fire incidents and alarms to provide a fire safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty and staff.

Inspections and Prohibited Items

The Office of Housing Residence Life performs Residence Hall Health and Safety Inspections four to five times a year in the Fall, Spring, and Summer semesters. Inspections may be at random or announced. Residence Life inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the all Housing and Residence Life Housing Policies, which include inspection and other rules and regulations for residential buildings. The inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems.

In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.). Also prohibited is the use or storage of any potential fire hazard such as propane, charcoal, or electric grills on apartment balconies or inside rooms.
