What is UNCSA ALERT?

UNCSA ALERT is our new emergency notification system that is web-based and powered by Blackboard Connect. UNCSA ALERT will be used for timely campus-wide emergency notifications over a wide range of communication channels including:

- Phone
- Emails
- Text messages
- Messages to UNCSA's Facebook and Twitter page

UNCSA ALERT also offers multiple languages and TTY (Teletypewriter) for those who are hearing and speech impaired. All text messages will come from **23177** or **63079**. Please save these numbers as UNCSA ALERT in your cellphone so you can quickly recognize these numbers as the official sources of UNCSA ALERT messages.

How do I sign-up for UNCSA ALERT?

Faculty, staff and students can sign-up for UNCSA ALERT at <https://unca.bbcportal.com> and create an account. You will need your Banner ID/EZ Arts ID number and UNCSA email or phone number to create an account. Faculty, staff and students can add up to 10 phone numbers and 4 email addresses for parents and family members.

Parents and family members of students can only add their contact information **only** after your student has created an account. Once your student has created an account, parents and family members can add their contact information one of the following ways:

1. Login using your student's username/password and add your own contact information
2. Have your student add your contact information
3. Contact the Site Administrator to update your student's account with your contact information

NOTE: When you add additional phone numbers in UNCSA ALERT you will receive a confirmation text message.
