HOUSING POLICIES & REGULATIONS

Residence Hall Rooms

- **Furniture:** Residents are provided with a bed, dresser, desk, chair and closet. Students are responsible for the furniture in their rooms and must keep the furniture assigned to their room in the room at all times.
- **Air Conditioning:** All of the residence hall rooms are equipped with air conditioning. When this is turned on, windows should be closed. Open windows will not allow the air conditioner to operate efficiently. Students should close exterior doors when leaving an air-conditioned building and should close doors they find standing open.
- **Personal Property:** UNCSA assumes no liability for damage or loss of personal property. Students are encouraged to purchase property/renter's insurance. Remember that the easiest way to avoid loss of belongings is to keep your room locked whenever you are not there!

Refrigerators, Microwaves and other appliances

Artist Village suites include a Micro Fridge (microwave/mini refrigerator) combo unit in each suite.

The only appliances permitted in the rooms are coffeemakers, as suites in Artist Village have microfridges for use. Toaster ovens, hot plates or any other appliance with open heating elements are not permitted. The number of appliances may not exceed the number of outlets in the room. Televisions are permitted, which the residents must supply their own television set. Standard channels are provided via IPTV on the campus network including in the residence halls and Center Stage Apartments.

Room Assignments

Residents may not trade rooms. Any time conflicts occur between roommates, both residents should consult with their Residence Counselor, who can help resolve the conflict. Successful roommates communicate, compromise, and consider each other's feelings. For information regarding Summer Intensives room assignments, please contact the Assistant Director for Occupancy Management (reslife@uncsa.edu or 336.770.3280).

Room Decorations

The residence hall room will be the student's home for the next several weeks. Decorations can add immensely to the comfort of the room and can make it more attractive and homelike. Students are asked to keep in mind that they are responsible for maintaining the condition of their rooms.

The following policies must be observed in decorating the room:

- **Nothing should be attached to residence hall doors or walls. Should any damage occur to UNCSA residential property charges will be assessed. For example, each bag of trash left behind at resident's departure will be charged \$150 per bag, and costs for any additional damage to UNCSA property a student's will be charged cost of repair or replacement.** Students will be charged for the cost of replacing any missing furniture or damage to furniture.
- All furniture must remain in the student's assigned room. Unauthorized removal of furniture will result in a citation.
- Furniture may not be stacked. Bed frames may not be placed on top of other furniture. A fee will be charged for damage to furniture and/or un-stacking furniture.
- Under no conditions will a student be allowed to place a mattress on the floor. This is a health and fire hazard.
- Furniture may not be disassembled or placed in the halls or stairwells.

- No materials may be suspended from ceilings or attached to furniture. Any conditions resulting in more than 10% of the wall surface being covered or regarded by the staff as fire hazards must be corrected immediately.
- Open flames, candles, incense and heating coils are not allowed.
- Existing lighting fixtures/wiring must not be changed or modified.
- No halogen lamps are allowed in the residence halls or the apartments.

Check In/Check Out

- **Check-in:** All students must be checked into their rooms by a Residence Life Summer Staff member. Rooms are to be occupied only by the person(s) properly assigned to them by the Housing Office. During check-in, students will clear all holds and will be issued a room key, check-in packet, and a Conference One Card. The staff will be available to welcome students to their new home and answer their questions.
- **Check-out:** To check out of a room, students may schedule a time with their RC or another RC in the building or area. The student and the RC will note any changes to the room. Students will be held responsible for any damages and discrepancies. Students will be asked to turn in their room key. Students may also visit the Artist Village front desk in order to check out in case their RC is unable to perform the check-out. **Students failing to vacate by the posted closing time will be billed an additional \$50 for every 30 minutes after the scheduled closing time that they remain in campus housing.**

Room Keys/Lockouts

- **Room Keys:** Each student is given a room key at check-in and is responsible for always keeping their key with them. The key is the property of the state of North Carolina and is not to be duplicated under any circumstances. A student found to have duplicated any UNCSA key will be billed \$50 for a change of the lock.
- **Lost Keys:** A student who loses his or her key should check with UNCSA Police, Artist Village and the Connector Desks to see if the key has been turned in. If the key is not located, the student should immediately report the lost key to a member of the Residence Life Summer Staff. The fee for a lost room key is \$50. Once the locksmith changes the lock, the student can pick up the new key in the office of their residential area. The Residence Life Programs Office may be able to issue you a loaner key to secure your room until the lock is changed.
- **Lockouts:** Students who find themselves locked out of their rooms should find an RC for assistance. Only the residents assigned to the room will be let into the room. The Residence Life Summer Staff will unlock a student's room door one time at no charge. For additional times, there will be a charge to the student of \$10, which will be billed to the student.

Health and Safety Inspections

An announced room inspection is held at least once during the Summer Intensive. A student may be directed at any time to correct a condition judged unsanitary. Criteria for room inspection are as follows:

- no dust or cobwebs
- beds made
- clean floors
- clean sink
- clothes in appropriate location
- all food kept in closed containers

In addition, overloaded circuits, trip hazards, or other safety concerns must be corrected. The Residence Life Summer Staff has the authority to make judgment on any condition deemed unusual.

Room Entry and Search Policy

All UNCSA students have the right to privacy secured by a lock system. The only keys in circulation are issued to the students assigned to the room during the period of the housing contract.

- **Room Entry:** Under normal, non-emergency conditions, UNCSA staff use a passkey at the following times:
 1. For preventive or corrective maintenance in a residence hall room by authorized UNCSA maintenance employees.
 2. For the announced and scheduled room inspection by a Summer Area Coordinator or Residence Counselor.
 3. For preventive or corrective measures (e.g. alarms, stereo, plumbing emergencies, etc.).
 4. For nightly curfew checks in Artist Village.
- **Room Search:** In cases involving an emergency, a hazard, the immediate danger to persons, or where there is sufficient reason to suspect a violation of campus regulations or civil law, searches will be conducted according to the following guidelines:
 1. In cases of extreme emergency, such as, but not limited to, broken plumbing, an imminent fire hazard, or a problem involving the immediate safety of the occupant(s)
 2. In the event that student residents are alleged to possess missing property, illegally acquired articles, illegal drugs or paraphernalia, weapons, or explosives in their residence hall space, a campus room search may be exercised, and subsequent search made by at least two members of the Summer Session staff with assistance from the UNCSA Police, if needed.
 3. For investigation of a suspected violation of state or federal law, searches may be made through procedures consistent with ordinary legal requirements for lawful search. Authorized law enforcement officials will execute search warrants.

Damage: Common Areas & Student Rooms

- **Common Areas:** Furnishings and equipment in common areas may not be removed from those areas or exchanged from one room to another. Students who take these items to their room or elsewhere, on or off campus, are subject to possible arrest for theft of state property, in addition to disciplinary action. Students identified as responsible for damages will be charged for the damage. However, when individual responsibility cannot be determined, the residents of a floor or the entire hall/apartment will be collectively responsible for the damage.
- **Student Rooms:** Damages occurring in student rooms will be charged to the current occupants of the room unless it can be proved that a person other than the occupants caused the damages.

Fire Hazards/Trip Hazards

- **Fire Hazards:** Candles, incense, oil lamps and halogen lamps are not permitted in the residence areas. These items produce an open flame or hotspot that produces smoke. They may inadvertently start a fire or set off the smoke alarm system causing a false alarm. Students are encouraged to bring irons that have an automatic turn-off feature. No grills of any type may be used during the Summer Session.
- **Trip Hazards:** Wires for telephones, television cables and power cords may not cross the normal walking paths through the room or apartment. Students with questions about trip hazards should contact their Resident Counselor.

Maintenance/Housekeeping

- **Reporting Problems:** Maintenance requests may be submitted by contacting the Residence Counselor for the hall. During the DAY, students may visit the Artist Village Desk, or call the Residence Life Programs Office at (336) 770.3280 or come by Student Affairs Office located on first floor of Hanes Student Commons reslife@uncsa.edu. On EVENINGS and on WEEKENDS, students may contact staff on duty in their residence hall area. These requests

and/or reports may include any deficiencies in rooms, bathing areas, lounges, laundry rooms, or any other area in the hall that is in need of repair. Students are asked to report needed repairs immediately so that the matter can be taken care of as soon as possible.

- **Student Responsibility:** Students are expected to take reasonable care of the facilities and furnishings in their residence hall room. Unwarranted damage and abuse will result in assessment of cost for damages. Students are asked to take their individual room trash and recycling out to the dumpsters or recycling areas and to clean up after themselves. Housekeeping does not clean or remove trash from individual rooms.
- **Housekeeping:** The Residence Life Programs Office is responsible for the proper maintenance and appearance of residence hall public areas such as lounges, halls, bathrooms, laundry rooms and stairwells. Staff members sweep, mop and wax floors, empty the trashcans, clean the bathrooms, and stock supplies such as toilet paper. The housekeeping staff works Monday- Friday, 7 AM to 2:03 PM. Cleaning services are not provided for residents' rooms or suites. Students are responsible for cleaning their own spaces.

Pest Control

The living areas are sprayed upon a reported sighting to control pests. Residents can help this effort by adhering to sanitation guidelines. Students should keep all food in closed airtight containers. Anyone who encounters pests should contact their RC or the Residence Life Programs Office.

Kitchen

Central kitchen facilities are located on the first and fifth floors of Artist Village. The standard equipment in the kitchens includes a full-size range, microwave and sink. Kitchens are not open for summer use.

Laundry Facilities

Coin/One Card-operated laundry machines are located on both the East and West wings of Artist Village. Malfunctioning machines should be reported to a Residence Life Summer Staff member. The machines accept quarters and Conference One Card debits. The cost is \$1.50 to wash or dry. The washers are high efficiency washers. PLEASE USE HIGH EFFICIENCY DETERGENT ONLY!

Telephones

Due to the increase in cellular phone usage, our residence hall rooms are not equipped with landlines.

Bulletin Boards

Every floor has at least one bulletin board where important information is posted. It is a good habit to check the board regularly to be informed of campus activities.

ATM

A North Carolina State Employees Credit Union ATM is located inside the Mail Center. While the ATM does not charge a fee, please check with your banking institution for any fees associated with a withdrawal.

P.O.D. Market and Vending Machines

A self-service P.O.D. (Provisions On Demand) mini convenience store may be found on the first floor of Artist Village. Vending machines are located in the Connector laundry room. Students should take care of the machines and report any vandalism or break-ins immediately to the Residence Life Summer Staff.

Curfew and Quiet Hours

- **Curfew:** Curfew regulations are considered binding for every student without exception. The official timepiece to determine closing hours will be the office clock in the residential area. At curfew times, each student should

be in their room until checked by the Residence Counselor. Students may then visit on the hall in another student's room on the same hall. Students must remain in their suite or in their apartment until 7:00 a.m. A student may not leave the building after curfew for any purpose other than a fire or tornado warning. Violation of this regulation may result in immediate dismissal.

Sunday – Saturday	In-Building Curfew	In-Room Curfew
All Students	10:00 PM	11:00PM

One hour after in-building curfew, **ALL STUDENTS** have an in-room curfew, which means they must be in their room and stay there for the remainder of the night. A first violation of this policy will result in two days of 1-hour early in-room curfew. A second violation of this policy will result in 2 days of 2 hour early in-room curfew. A third violation will result in 3 days of 2-hour early in-room curfew and 1 hour of campus service. Continued noncompliance of the curfew will result with the student being dismissed from the summer program.

- **Extensions:** There will be times during the summer session when students will need to be away from campus or out of town past curfew. These incidents generally occur only because of attendance or participation in school-sponsored or school-organized arts or social events. For an arts activity, the director of that program should send a curfew extension request, via email, 24 hours in advance of the needed curfew, to the Director of Residence Life Summer Programs or a Summer Area Coordinator. If a student not participating in a school-sponsored activity finds that he/she will be unable to return to the residence hall in time to meet his/her curfew, he/she should immediately telephone the Residence Life Summer Staff member on duty giving the cause of delay and estimated time of return. This call is for information only and is not considered an excuse for a late return. It is the policy of the school to inform parents when a student is more than one hour late for curfew. This is not a punitive measure but is done for the information of the parents in case of an emergency
- **Quiet Hours:** A quiet environment is essential to create living conditions beneficial to all. Therefore, Courtesy Hours are in effect 24 hours a day, 7 days a week. Excessively loud or disturbing noise is not acceptable at any time. Quiet Hours for the entire campus are as follows:

Sunday – Thursday 10 PM to 10 AM
Friday & Saturday 11 PM to 11 AM

Pizza/Food Delivery

Several delivery services serve the UNCSCA campus. All deliveries during summer session **MUST BE MADE** to the Artist Village Desk. Students placing orders must do so at least one full hour before their curfew and should never give vendors their actual room or apartment number. The only information required shall be the student's name, residence hall name and corresponding office telephone number. It is the student's responsibility to be present with sufficient funds at the time of the delivery.

Sign-Out/Sign-in Policy

- **Sign-Out:** UNCSCA uses REACH software to assist with student departures and returns to campus. All Summer Intensive students need to have a smartphone to communicate with home and to use this software for trips off campus. All students residing in Artist Village are required to create a pass request in REACH software and have it approved and signed off by the Residence Life Summer Session Staff every time they leave campus (including official school trips). The pass request should be completed, and a Summer Intensives Staff member must approve each trip. Students must personally come to the front desk and see the staff member on duty. Students departing campus before the

Artist Village desk opens are expected to call the staff-on-call number to sign out. Any students who fail to sign out or to get their pass approved will receive two days of one hour early in-room curfew and loss of sign out privileges for 2 days. The second violation will result in two days of 2-hour early in-room curfew and loss of sign out privileges for 3 days. The third violation will result in 3 days of 2-hour early in-room curfew, loss of sign out privileges for 5 days and 1 hour of campus service. For their safety, middle and high school students are not allowed to leave campus on foot.

- **Updates:** Students who change destination or time of return are responsible for telephoning the staff member on duty and reporting this change and time of return to campus. If at any time, a member of the Residence Life Summer Session Staff has concerns about the validity of the permission or feels that the place the student is going is inappropriate he/she can deny permission.
- **Sign-In:** All students must immediately sign in at the Artist Village Front Desk each time they return to campus. Students are expected to sign in prior to going to their residence hall room or apartment. Failure to sign in will result in one day of early in-room curfew.

Overnight Sign-Out Permission

A completed Leave Request in REACH must be submitted when leaving campus. For any leave request that is identified as “overnight” or “day-trip other”, a parent will receive an email to “approve” or “deny” anytime a pass is made, regardless of who will pick up the student(s). A completed pass request should be submitted at least 48 hours in advance to ensure parent/guardian is contacted and secondary authentication through phone calls can occur. This form can be filled out by the student and/or the parent within the REACH app or online using the REACH webpage link. Parent permissions forms can also be completed through the following [LINK](#).

Visitation in Off-Campus Residences

No middle school or high school student who submits a pass request will be allowed to visit an off-campus residence without permission from his/her parent/guardian. Permission must also be given by a Residence Life Summer Staff member when the student signs out. Middle school and high school students are never allowed to visit a residence without a parent/guardian present. **Summer Intensive students may not visit off-campus college students’ apartment, even with parent/guardian permission.**

Visitation On-Campus

No middle school or high school student will be allowed to visit on the hall or in the room/apartment of a student of the opposite sex at any time, including stairwells. No middle school or high school student will be allowed to visit college students. This is strictly enforced. Any student who knowingly encourages or supports a fellow student in violating any regulation or policy will be held equally responsible for this violation. All those present in a room at the time of a violation are held responsible. A violation of this rule will result in dismissal.

Off Limits Areas

The following areas of campus are off limits to all middle school and high school students:

- Kudzu Valley behind the A-D residence halls; cannot cross access bridge to the gazebo.
- After dark, the visitors' parking lots, except to go directly to a car or to leave a car.
- All areas on campus under construction or renovation.
- The tunnel leading to Center Stage Apartments and Center Stage Apartments (cannot enter gate).

Alcohol and Illegal Drugs Policy

No student under 21 years of age may drink or possess alcohol or illegal drugs. Violation of this policy will result in immediate dismissal for the remainder of the Summer Intensive. Students found in violation of the alcohol and illegal drug policy will be dismissed from the UNCSCA Summer Intensives and, depending upon the exact nature of the offense, could be denied future enrollment at the University of North Carolina School of the Arts.

Community Health Standards

UNCSA SUMMER INTENSIVES CODE OF CONDUCT

All UNCSA Summer Programs students represent the University of North Carolina School of the Arts, and as such are expected to act maturely and to behave responsibly. UNCSA has established the Summer Intensives Code of Conduct which directs the Summer Programs program and residential setting. Summer Program staff and faculty direct and support students in living within this code. Individual students are responsible for the choices they make while at UNCSA.

The following policy violations are considered dismissible and may result in removal from the UNCSA Summer Intensives Program:

1. Engaging in theft and/or destruction of property, including vandalism and shoplifting. Costs for any damage by a student to facilities/equipment will be assessed to the student or their parents/guardians.

Summer Intensives Code of Conduct Resolution Procedure

Code of Conduct Review Board: The review board is made up of three UNCSA employees, (1) the Summer Intensives Director/Representative, (2) Arts Program Director/Representative, and (3) Director or Student Conduct/Representative. The review board investigates and determines the consequences of when a Code of Conduct policy is violated.

If the Code of Conduct Review Board determines that a student violated the Summer Intensives Code of Conduct, or presents a safety, behavioral or other concern that is detrimental to the student, other student, or to the overall Summer Intensives Experience, UNCSA reserves the right to enforce consequences, in its sole discretion, designed to correct the behavior or concern. Consequences may include, but are not limited to limitation of privileges, parental notification, and/or dismissal from UNCSA Summer Intensives without refund. In the event of dismissal, parents/guardians must pick up their student within 24 hours of being contacted by UNCSA.

Should a student violate any part of the code, they will be dismissed promptly from their program and their actions may have more serious consequences, as outlined below:

- Any student (college, high school, or middle school) dismissed from the Summer Intensives for this level of violation who attends or plans on enrolling for the upcoming fall term can result in the revocation of fall acceptance or continuance and, at the minimum, will carry over in the Fall Term in the form of probationary status.
- Any student dismissed from the Summer Intensives due to trafficking drugs or using Schedule I or Schedule II controlled substances (per the current UNCSA High School Life Handbook have his/her acceptance to the regular year revoked. Should a college student be dismissed, he/she will not be able to enroll at any University of North Carolina system school by order of the University of North Carolina Board of Governors.
- Any student found in violation of a regulation may be turned over to civil authorities or local law enforcement agencies if deemed necessary by the UNCSA Police.
- Where school property has been vandalized, maliciously destroyed, or misused, replacement, maintenance or repair charges will be paid by the student(s) responsible.
- If evidence indicates that a student poses a pressing and imminent danger to themselves or the UNCSA community, staff may immediately remove the student, may order that student be escorted from campus, and may direct UNCSA Police to issue and enforce an order banning the student from campus.

Agreement to the *UNCSA Code of Conduct for Summer Intensives* is a required step as part of your Summer Intensives application.
